 into one volume a comprehensive collection of the key current thinking regarding the use of C West Churchman's Design of
 Inquiring Systems as a basis for computer based inquiring systems design and implementation Inquiring systems are systems
 that go beyond knowledge management to actively inquire about their environment While self adaptive is an appropriate
 adjective for inquiring systems they are critically different from self adapting systems as they have evolved in the fields of
 computer science or artificial intelligence Inquiring systems draw on epistemology to guide knowledge creation and
 organizational learning As such we can for the first time ever begin to entertain the notion of support for wise decision
 making Readers of Inquiring Organizations Moving from Knowledge Management to Wisdom will gain an appreciation for the
 role that epistemology can play in the design of the next generation of knowledge management systems systems that focus on
 supporting wise decision making processes **Critical Examinations of Distance Education Transformation across
