to activate ancient archetypes with the mask wearer reanimating or personifying an ancestral presence or spirit a deity or power an animal or a being of the eldritch world In this illustrated study Nigel Pennick explores the magical and spiritual aspects of mask wearing from ancient times to the present He examines the many mask traditions around Europe and shows how mask rituals are similar to shamanic journeying and near death experiences and can induce ecstatic states that allow the power signified by the mask to take possession of the individual wearing it He also looks at the practice of dressing up as sacred animals and mask wearing as it relates to ostenta events that occur suddenly and without warning that are considered a token or sign from the Otherworld Unveiling the sacred power of masks the author shows how masks allow us to transport into realms unseen embody ancestors and otherworldly entities and connect with traditions that stretch back to time immemorial
