Endgame And Act Without Words:

Endgame Samuel Beckett,1958 Contains the text to two of Nobel Prize winning author Samuel Beckett's greatest works a single act play and a single person mime sketch *Endgame and Act Without Words* Samuel Beckett,2009-06-16 Samuel Beckett was awarded the Nobel Prize for Literature in 1969 his literary output of plays novels stories and poetry has earned him an uncontested place as one of the greatest writers of our time *Endgame* originally written in French and translated into English by Beckett himself is considered by many critics to be his greatest single work A pinnacle of Beckett's characteristic raw minimalism it is a pure and devastating distillation of the human essence in the face of approaching death *Endgame* Samuel Beckett,1965 *Endgame and Act Without Words One* Samuel Beckett,2009 Presents the dramatic text for two of Nobel Prize winning author Samuel Beckett's works featuring a single act play that illustrates the repetitiousness of life and a single person mime sketch depicting the frustration of living in a hostile environment **Endgame, a Play in 1 Act, Followed by Act Without Words, a Mime for 1 Player, [Fin de Partie, Suivi de Acte Sans Paroles,] by Samuel Beckett. Translated... by the Author** Samuel Beckett,1958 **Endgame** Samuel Beckett,1970 **Endgame** Samuel Beckett,1958 *Endgame* Samuel Beckett,1969 *Endgame* Samuel Beckett,1958 Samuel Beckett,2014-05-13 A first printed release of a lesser known short story originally excluded from the Nobel Prize winning literary master's collection *More Pricks Than Kicks* is complemented by a scholarly introduction that places it in a biographical context and discusses its Joycean influences Samuel Beckett: the Complete Short Prose, 1929-1989 Samuel Beckett,1995 Gathers the Nobel Prize winning poet and dramatist's short prose into one volume that affords the reader a view of Beckett's development as an artist Endgame Mortimer Jerome Adler,1958 **Approaching Hegel's Logic, Obliquely** Angelica Nuzzo,2018-12-01 An unprecedented reading of Hegel's *Logic* that sets this difficult work in a dialogue with literary texts In this book Angelica Nuzzo proposes a reading of Hegel's *Logic* as logic of transformation and logic of action and supports this thesis by looking to works of literature and history as exemplary of Hegel's argument and method By examining Melville's *Billy Budd* Molière's *Tartuffe* Beckett's *Endgame* Elizabeth Bishop's and Giacomo Leopardi's late poetry along with Thucydides *History* in this way Nuzzo finds an unprecedented and productive way to render Hegel's *Logic* alive and engaging She argues that Melville's *Billy Budd* is the most successful embodiment of the abstract movement of thinking presented in Hegel's *Logic* connecting *Billy Budd*'s stutter to the puzzlingly inarticulate beginning of Hegel's *Logic* Being pure Being identical with Nothing and argues that the *Logic* serves as an especially appropriate tool for understanding the sudden violent action that strikes Claggart dead Through these and other readings Nuzzo finds a fresh way to address interpretive issues that have remained unresolved for almost two centuries in Hegel scholarship and also presents well known works of literature in an entirely new light This account of Hegel's *Logic* is framed by the need for an interpretive tool able to orient our understanding of the contemporary world as mired in an unprecedented global crisis How can the story of our historical present the tragedy or the

comedy we all play parts in be told What is the inner logic of our changing world Angelica Nuzzo presents an original interpretation of Hegel s Logic by representing it as a logic of action This novel approach is supported by insightful readings of the literary texts she covers in the book Andrew Cutrofello author of All for Nothing Hamlet s Negativity **The Literature of Exclusion** Andrew C. Wenaus,2021-05-05 In the early twentieth century the Dadaists protested against art nationalism the individual subject and technologized war With their automatic anti art and cultural disruptiveness Dadaists sought to signify no thing Today data also operates autonomously However rather than dismantling tradition data organizes selects combines quantifies and simplifies the complexity of actuality Like Dada data also signifies nothing While Dadaists protest with purpose data proceeds without intention The individual in the early twentieth century agonizes over the alienation from daily life and the fear of being converted into a cog in a machine Today however the individual in twenty first century supermodernity merges not with large industrial machinery but with the processual and procedural logic of programming with innocuous ease Both exclude human agency from self narration but to differing degrees of abstraction Examining the work of B R Yeager Samuel Beckett Jeff Noon Kenji Siratori Mike Bonsall Allison Parrish and narratives written by artificial intelligence Wenaus considers the threshold of sensible narration and the effects that the shift from a culture of language to a culture of digital code has on lived experience While data offers a closed system Dadaist literature of exclusion he suggests promises a future of open hyper contingent unprescribed alternatives for self narration

On Beckett, On! Jean-Michel Rabaté,2025 This collection of essays was born from a wish to show to a wider audience how exciting and productive Samuel Beckett scholarship has become at a time when there are more essays and books written about Beckett than about any key modernist authors like Joyce and Woolf This volume contains numerous essays on Beckett that the Journal of Modern Literature has published in the last decade Their enduring quality proves that Beckett s oeuvre has maintained its appeal today because it attracts original scholars who are also interested in issues like philosophy psychoanalysis ethics contemporary history and literary theory Provided by publisher Notes to Literature Theodor W. Adorno,2019-10-01 Notes to Literature is a collection of the great social theorist Theodor W Adorno s essays on such writers as Mann Bloch H Iderlin Siegfried Kracauer Goethe Benjamin and Stefan George It also includes his reflections on a variety of subjects such as literary titles the physical qualities of books political commitment in literature the light hearted and the serious in art and the use of foreign words in writing This edition presents this classic work in full in a single volume with a new introduction by Paul Kottman Deleuze and Beckett S.E. Wilmer,Audroné Žukauskaitė,2016-01-12 Deleuze and Beckett is a collection of essays on specific aspects of the Deleuze and Beckett interface Some of the world s leading Beckett

and Deleuze specialists apply different concepts of Deleuzian philosophy to a wide range of Beckett's oeuvre including his novels short stories and stage film and television work

Mythmaking across Boundaries Züleyha Çetiner-Öktem, 2016-04-26 This volume explores the dynamics of myths throughout time and space along with the mythmaking processes in various cultures literatures and languages in a wide range of fields ranging from cultural studies to the history of art The papers brought together here are motivated by two basic questions How are myths made in diverse cultures and literatures And do all different cultures have different myths to be told in their artistic pursuits To examine these questions the book offers a wide array of articles by contributors from various cultures which focus on theory history space place philosophy literature language gender and storytelling Mythmaking across Boundaries not only brings together classical myths but also contemporary constructions and reconstructions through different cultural perspectives by transcending boundaries Using a wide spectrum of perspectives this volume instead of emphasising the different modes of the mythmaking process connects numerous perceptions of mythmaking and investigates diversities among cultures languages and literatures viewing them as a unified whole As the essays reflect on both academic and popular texts the book will be useful to scholars and students as well as the general reader

Beckett's Theaters Sidney Homan, 1984 The work focuses on the practical and philosophic sides of performance set within the context of Beckett's own aesthetic theory his fiction and poetry as well as a history of the critical and scholarly studies of his work Winner of the Bucknell University Press Award
