DuPree, 2013-09-13 First Published in 1996 Those of us who aspire to know about the black church in the African American experience are never satisfied We know so much more about the Christian and church life of black Americans than we did even a dozen years ago but all the recent discoveries whet our insatiable appetites to know it all That goal will never be attained of course but there do remain many conquerable worlds Sherry Sherrod DuPree set her mind to conquering one of those worlds She has persisted with the results detailed here A huge number of items are available to inform us about Holiness Pentecostal and Charismatic congregations and organizations in the African American Christian community **You Can Lead Effectively!** Mathew Philip, 2008-05 Recent years saw the publication of scores of books on leadership both in Christian circles and in the secular world of politics and business But this book fills in some gaps and will be a valuable addition to them It is written in a style and format that is very reader friendly The ideas are communicated well This book could serve as a good textbook in classes on leadership in theological institutions Back cover [African-American Experience in World Mission](#) Vaughn J. Walston, Robert J. Stevens, 2009-06-01 Venture into the world of overseas missions from an African American perspective This collection of articles takes you deep into the history of missions in the African American community You will learn of the struggles to stay connected to the world of missions in spite of great obstacles You will read of unique cultural experiences while traveling abroad You will feel the heart for fulfilling the Great Commission both in the African American community and beyond All text remains the same in this revised edition with the exception of new study guide questions at the close of each chapter The questions can be used to help facilitate discussions in Sunday School Bible study seminary classes conference workshops and other group or individual studies **In Search of Wisdom** Anne Streaty Wimberly, Evelyn L. Parker, 2002 A guide for pastors church leaders and all who help African Americans in their search for a meaningful Christian lifestyle Forming Christians leading fallen and flawed human beings into the path of discipleship to a crucified and risen Lord is one of the central if not the central tasks of all Christian churches It is a difficult enough task anywhere but for African Americans beset

by racial conflict personal crises generational separation and other concerns it is especially so African American churches must work particularly hard to counter the messages their members receive from the dominant and often unfriendly culture This book employs the biblical text and African tradition to draw on the idea of the search for wisdom as a potent way to help African Americans in their pursuit of genuine Christian discipleship Wisdom in African American tradition is not simply knowledge rather it is those insights attitudes beliefs behaviors and practices that create and sustain a life of hope and that produce an inherent sense of the worth of one's self If their members are to engage in the search for wisdom African American churches must build an intentional ministry of faith formation Wisdom can be gained the authors argue when African Americans listen to the black oral tradition with its proverbial sayings revered Bible stories songs and narratives from the lives of exemplary individuals The book offers several similar avenues for the search for wisdom including helpful models of black males mentoring younger black males as a remedy to the destructive effects that contemporary culture has on this segment of the African American community

*The Art of Connectivity* Melvin Markell McPhearson, 2011-06-24 The Art of Connectivity A Call to Unity Within a Diverse Society The Art of Connectivity is an attempt to unite the disconnected If we are connected holistically and know what we have been called or created to do then we may map out our lives and take the appropriate detours when obstacles are placed in our paths If we are living with undefined directions and focus we may become lost unstable or unable to move ahead when a detour or obstacle is placed in our paths Individually we must see and embrace positive visions We must avert negativity and recover holistically from obstacles in our paths and together we can will make a difference Connectivity is mapping your life backward and securing direction and re direction throughout your life journeys Connectivity is staying in your lane at times or crossing and eradicating negative and chaotic lines Connectivity is helping others after you have helped yourself or found help from the hands of another It is helping oneself and opening doors so others may be helped An essential focus of this writing is connecting and evangelizing the local community through Christian educational methodologies to eradicate minimize negativity and embrace unity This enlightenment will be accomplished through active participation in the learning experiences that causes one to delve within the teachings of those who have lived and died so all people can live together in unity while embracing theirs and others cultural values The positive counteractions are primarily the responsibility of the individual to accept and implement but it is also a shared responsibility This shared responsibility must be conveyed and put into action by any positive or holistic means necessary to assist the self negated to be connected and productive members of society Just as so many pull together and work together during a major disaster for the good for all concerned we must see the signs of destruction in others and we must help rescue those who desire to be rescued African Americans and all ethnicities must delve into the educational process and search for biblical and secular educational truth In finding truth we will know without a doubt who we are and whence we came according to not only stories and fables which have been handed down from generation to generation but according to

biblical and secular education as well That which leads one to disconnect ones self ones heritage and ones faith practices manifests itself amidst a psychological enslavement of ones mental factors Negative behavior is associated with a negative self identity Every dark and chaotic circumstance needs a torch bearer to give light to their dark situations if they are to make it successful in life We must move forward to unveil positive countermeasures to deter negative behaviors and actions Western psychologists are concerned with how each of us differs from the other The Ancients on the other hand looked at the essence of sameness When we realize it is in our sameness as children of God we are given a royal positioning as joint heirs with Christ We will love our Creator ourselves and others M M McPhearson June 2011    **Mprove** ,1998    **A Tale of Two Settings** Gwendolyn Michele Thompson McMillion,2001    **African-American Experience in World Mission** Vaughn J. Walston,Robert J. Stevens,2002 Collection of articles about the history of missions from an African American perspective

Nkrumah International Conference held at Kwantlen Polytechnic University on August 19 21 2014 Two premises inform this volume 1 If the history of slavery and its vestiges divided and continue to divide the continent and its Diasporas modern technology should be harnessed to bridge that divide and 2 the continent's development is a boon to the development of what the African Union has dubbed Africa's Sixth Region The book threads together papers that seek to give academic and intellectual impetus to tie the continent's development to that of the African Diaspora The goal is to end the inertia and inward looking on the part of scholars and academics in both Africa and African International or Global Africa and re engage one another in more productive ways By harnessing the enormous resources available in our internet age and riding the cresting wave of globalization the task of re engagement will be vastly enhanced and the debates and discussions in this volume will serve to facilitate this re engagement A main highlight of the conference was a special tribute to Nelson Mandela to honour his death in December 2013 and celebrate 20 years of South African independence In these papers scholars examine Mandela's role in the transition of South Africa from a racist state to a democratic nation They critically examine how the ANC's policies have impacted post Apartheid South Africa and question what alternatives remain for the future
