Philip Pullman's His Dark Materials Trilogy Claire Squires, 2003 The aim of this series is to provide accessible and informative introductions to some of the most popular most acclaimed and most influential novels of recent years This

volume covers Philip Pullman's His Dark Materials Trilogy **Ethical English** Mark A. Pike, 2014-12-18 Ethical English addresses the ethos of English teaching and draws attention to its spirit and fundamental character identifying the features that English teaching must exhibit if it is to continue to sustain us morally as a liberal art and to provide the learners of increasingly plural societies with a broad ethical education Mark A Pike provides practical examples from the classroom including assessment and teaching knitting these with an ethical critique of practice stimulating readers to engage in critical reflection concerning the teaching of English This book not only shows readers how to teach English but also helps them to critically evaluate the ethics of the practice of English teaching **Children's Literature and Learner Empowerment** Janice Bland, 2013-07-22 Children's literature can be a powerful way to encourage and empower EFL students but is less commonly used in the classroom than adult literature This text provides a comprehensive introduction to children's and young adult literature in EFL teaching It demonstrates the complexity of children's literature and how it can encourage an active community of second language readers with multilayered picturebooks fairy tales graphic novels and radical young adult fiction It examines the opportunities of children's literature in EFL teacher education including the intertextuality of children's literature as a gate opener for canonised adult literature the rich patterning of children's literature supporting Creative Writing the potential of interactive drama projects Close readings of texts at the centre of contemporary literary scholarship yet largely unknown in the EFL world provide an invaluable guide for teacher educators and student teachers including works by David Almond Anthony Browne Philip Pullman and J K Rowling Introducing a range of genres and their significance for EFL teaching this study makes an important new approach accessible for EFL teachers student teachers and teacher educators The Shape of Things Unseen Adam Zeman, 2025-01-16 Fascinating absorbing and educative A C Grayling Highly original and beautifully written Dominic Lawson A compelling insight into how our imagination works based on the latest scientific research People often think of imagination as something used only in creative endeavours In fact we use imagination constantly as we reminisce anticipate plan daydream read create imagined worlds The truth is we live in the here and now much less than we tend to think Imagination isn't the exception in our daily lives it's our default setting Yet only now are we beginning to understand exactly how it works From hallucination to sleepwalking from REM sleep to delusions neurologist Adam Zeman brilliantly guides us through the latest scientific studies in the world of the imagination He draws on research in neuroscience the study of human origins and child development to show how the human brain is above all else a creative imaginative organ and that we have evolved to share what we imagine Our brains behave in strikingly similar ways when we observe remember imagine or act Imagine looking at a cube and your eye will trace the contours of the cube as if you were actually seeing it Yet it turns out that people differ hugely in their imaginative experience Some people lack sensory imagery altogether they would be unable to picture their family if asked to but still lead fulfilling even highly creative lives From how we visualise to how we understand the minds of others from the benefits of play to
