Reading the Psalms Again for the First Time J. Clinton McCann, 2024-09-19 Why is the most important text in the Bible a psalm more specifically Psalm 82 Because this psalm portrays genuine divinity as an unwavering commitment to justice defined as attention to and provision for the most vulnerable Furthermore according to Psalm 82 the well being of the human family depends on divine justice as does peace on earth and a stable future for the planet The Psalms historically have nurtured a form of spirituality that is person centered and that invites people to identify with the range of emotions expressed in the Psalter's praises and laments This is good but the Psalms do more Beginning with Psalm 82 this volume involves a re reading of the traditional psalmic genres including the

enthronement psalms royal psalms a torah psalm the laments the songs of praise the psalms of assurance and the Songs of Zion Such a re reading reveals that the Psalms also nurture an activist spirituality that invites people to join God in God s work of establishing justice and peace on a creation encompassing scale The world depends on it Between the Psalms and the Twelve Matthew I. Ayars, Peter C. W. Ho, 2025-02-14 This book initiates dialogue between recent scholarship on the Psalms and on the Book of the Twelve While these two biblical corpora are seemingly similar the scholarship on them has not been brought into fruitful conversation until now This volume seeks to demonstrate that insights gained from reading the two sets of biblical texts even if done separately can productively inform the reading of both when brought together in conversation An international team of specialists who have worked extensively with either one or both sets of texts seeks to break fresh ground and shed new light The Seedtime, the Work, and the Harvest Jeffrey L. Littlejohn, Reginald K. Ellis, Peter B. Levy, 2019-10-07 This volume s contributors expand the chronology and geography of the black freedom struggle beyond the traditional emphasis on the Jim Crow South and the years between 1954 and 1968 Beginning as far back as the nineteenth century and analyzing case studies from southern northern and border states the essays in *The Seedtime the Work and the Harvest* incorporate communities and topics not usually linked to the African American civil rights movement The collection opens with a biographical sketch of Thomas DeSaille Tucker an educational pioneer who served as the first president of Florida State Normal and Industrial School for Colored Students It then highlights the work of black women including Bostonian publisher Josephine St Pierre Ruffin who defied local governments during the Progressive Era by disseminating medical information and providing access to medical professionals Next the collection explores the life and work of Norfolk civil rights attorney James F Gay who helped to democratize the political establishment in Virginia s largest city but became a victim of his own success The collection then moves to York Pennsylvania to examine a 1969 riot that went mostly unnoticed until the town s mayor was charged more than thirty years later with the riot related murder of Lillie Belle Allen Also featured is an essay examining the Student Nonviolent Coordinating Committee s Food for Freedom campaign that aimed to complement voter registration work in Mississippi by providing everyday sustenance to African Americans Addressing more recent issues this volume considers the politics of public memory in Baltimore Maryland a city divided by racial riots in 1968 and in 2015 It then examines the Black Lives Matter movement that gained international attention for its response to Michael Brown s death at the hands of police in Ferguson Missouri as well as the Sandra Bland Movement inspired by the arrest of Bland and her subsequent death in the Waller County jail in rural Texas These chapters connect the activism of today shaped in so many ways by social media student activism and grassroots organization to a deeply historical wide ranging fight for equality **Blessed Union** Sarah Griffith Lund, 2021-02-09 Mental illness impacts at least a quarter of all blessed unions In this new book by the author of *Blessed* are the Crazy Sarah Griffith Lund opens up about depression and post traumatic stress disorder in her own marriage and shares stories of other couples who have been impacted by

mental illnesses such as addiction anxiety autism spectrum disorder bipolar disorder eating disorders obsessive compulsive disorder postpartum depression schizophrenia suicidality and more Using traditional marriage vows as a framework for the book *Blessed Union* explores the challenges of loving in the midst of mental health challenges why it happens what we can do about it and how our faith is connected to mental illness This book reminds us that we are not alone and invites us to break the silence around marriage and mental illness Book includes a guided journal section with a dozen blank pages and prompts for deeper reflection

Preaching Prophetic Care Phillis Isabella Sheppard, Dawn Ottoni-Wilhelm, Ronald J. Allen, 2018-06-25 Preachers often think of prophetic preaching in the caricature of the prophet as the lonely outsider confronting the congregation often angrily with the congregation's complicity in social injustice and with a bracing call for repentance The twenty seven essays and sermons in this book offer a different perspective by viewing prophetic preaching specifically and ministry practical theology and theological education more broadly as pastoral care for the community in prophetic perspective Such preaching does indeed bring a critical theological analysis of justice concerns to the center of the sermon but in such a way as to invite the congregation to consider how the move toward justice is a pastoral move that is a move that seeks to build up community Rather than contributing to the polarization so rampant in today's social world the preacher seeks to help the congregation build bridges along which concern for justice can travel The contributions honor the work of the late Dale Andrews a scholar of preaching and practical theology at the Divinity School Vanderbilt University whose seminal work inspires the notions of prophetic care and building bridges to justice With contributions from Donna Allen L Susan Bond Teresa Fry Brown Gennifer Brooks Teresa Eisenlohr Anna Carter Florence Kenyatta Gilbert R Mark Giuliano David Schnasa Jacobsen John McClure Mary Elizabeth Moore Mary Alice Mulligan Debra Mumford Peter Paris Luke Powery Shelly Rambo Lee Ramsey Robert London Smith Amy Steele Frank A Thomas Lisa Thompson Scott Williamson Sunggu Yang Ted A Smith William B McClain

Introduction to Christian Ethics Ellen Ott Marshall, 2018-10-30 All Christians read the Bible differently pray differently value their traditions differently and give different weight to individual and corporate judgment These

differences are the basis of conflict The question Christian ethics must answer then is What does the good life look like in the context of conflict In this new introductory text Ellen Ott Marshall uses the inevitable reality of difference to center and organize her exploration of the system of Christian morality What can we learn from Jesus creative use of conflict in situations that were especially attuned to questions of power What does the image of God look like when we are trying to recognize the divine image within those with whom we are in conflict How can we better explore and understand the complicated work of reconciliation and justice This innovative approach to Christian ethics will benefit a new generation of students who wish to engage the perennial questions of what constitutes a faithful Christian life and a just society *The Summer of 2020* Andre E. Johnson, Amanda Nell Edgar, 2024-03-11 In the wake of George Floyd s murder in May 2020 protests broke out in Minneapolis and quickly spread across the United States National unrest led to the resurgence of the Black Lives Matter movement and added to calls for justice in other American cities including Los Angeles Atlanta Tulsa and Louisville Kentucky where only months earlier Breonna Taylor was killed by police By some estimates BLM protesters numbered between fifteen million and twenty six million in the US and abroad *The Summer of 2020* George Floyd and the Resurgence of the Black Lives Matter Movement spotlights the perspectives of individual participants who contributed to the movement s revived impact and global success throughout 2020 Authors Andre E Johnson and Amanda Nell Edgar interview the movement s activists from seasoned organizers to first time protesters to discover what Black Lives Matter meant to those who participated in one of America s largest social movements Johnson and Edgar s fieldwork reveals the complexity of taking a stand especially in the face of increasing threats from white supremacist groups continuing police aggression and a persisting global pandemic In a time with unprecedented levels of political polarization the wave of support for the Black Lives Matter movement powerfully disrupted that expectation Without a clear sense of what led to the surge in support for Black Lives Matter racial justice advocates are left ill equipped to maintain and harness the political momentum necessary to achieve lasting equity and justice In delving beyond a conventional focus on leaders and figureheads this volume bolsters social movement research by accounting for the increasing numbers of Black Lives Matter supporters and demonstrators and the lasting power of their message *When Sorrow Comes* Melissa M. Matthes, 2021-04-13 Since World War II Protestant sermons have been an influential tool for defining American citizenship in the wake of national crises In the aftermath of national tragedies Americans often turn to churches for solace Because even secular citizens attend these services they are also significant opportunities for the Protestant religious majority to define and redefine national identity and in the process to invest the nation state with divinity The sermons delivered in the wake of crises become integral to historical and communal memory it matters greatly who is mourned and who is overlooked Melissa M Matthes conceives of these sermons as theo political texts In *When Sorrow Comes* she explores the continuities and discontinuities they reveal in the balance of state power and divine authority following the bombing of Pearl Harbor the assassinations of JFK and MLK the Rodney King

verdict the Oklahoma City bombing the September 11 attacks the Newtown shootings and the Black Lives Matter movement She argues that Protestant preachers use these moments to address questions about Christianity and citizenship and about the responsibilities of the Church and the State to respond to a national crisis She also shows how post crisis sermons have codified whiteness in ritual narratives of American history excluding others from the collective account These civic liturgies therefore illustrate the evolution of modern American politics and society Despite perceptions of the decline of religious authority in the twentieth century the pulpit retains power after national tragedies Sermons preached in such intense times of mourning and reckoning serve as a form of civic education with consequences for how Americans understand who belongs to the nation and how to imagine its future

A Worship Workbook Gerald C. Liu, Khalia J. Williams, 2021-03-16 Pastors and others who lead Christian worship want to offer worship that is truthful and hopeful They yearn to create worship that involves and includes everyone in their midst To develop new approaches to planning so that their worship can reflect and respond to the realities of the community To create worship for the church that is becoming A Worship Workbook introduces crucial and under examined liturgical and social concepts for students and leaders of worship Each chapter offers a brief lesson teaching new skills and inspiring creativity for honest faithful and versatile worship leadership

Girl/Friend Theology Dori Grinenko Baker, 2023-10-15 Images of God are rooted in us for better but sometimes for worse Adolescent girls and genderqueer teenagers often pay a heavy price when those images are oppressive But the best God images serve to free us all The work can be hard but Girl Friend Theology invites us to the work with joy playfulness and shared commitment Author Dori Baker updates her original work with expanded perspective added voices and stories and an ongoing dedication to liberating faith

The #BlackLivesMatter Movement Edward Donalson, 2021-01-11 This work focuses on the implicit theological aspects of the BlackLivesMatter movement It examines in conversation with theologians the movement's early published tenets in order to determine their implicit God claims The study conducted by a Pentecostal bishop puts Black Liberation Womanist and Queer Liberation theologies in conversation with the praxis of the movement An ecumenical group of Black pastors from across the United States met in an effort to determine the viability of the God claims of the movement in the life of the Black Church As the research progressed a new theological expression emerged as the real praxis of the movement i.e. intersectional theology This study project concludes with an exposition of the main points of this intersectional theology

Notes of a Native Daughter Keri Day, 2021-06-17 Bearing witness to more liberating futures in theological education In Notes of a Native Daughter Keri Day testifies to structural inequalities and broken promises of inclusion through the eyes of a black woman who experiences herself as both stranger and friend to prevailing models of theological education Inviting the reader into her religious world a world that is African American and more specifically Afro Pentecostal she not only uncovers the colonial impulses of theological education in the United States but also proposes that the lived religious practices and commitments of progressive Afro Pentecostal communities can help the theological academy

decolonize and reenvision multiple futures Deliberately speaking in the testimonial form rather than the more conventional mode of philosophical argument Day bears witness to the truth revealed in her and others lived experience in a voice that is unapologetically visceral emotive demonstrative and ultimately communal With prophetic insight she addresses this moment when the fastest growing group of students and teachers are charismatic and neo Pentecostal people of color for whom theological education is currently a site of both hope and harm Calling for repentance she provides a redemptive narrative for moving forward into a diverse future that can be truly liberating only when it allows itself to be formed by its people and the Spirit moving in them
