Pushing Past the Human in Latin American Cinema Carolyn Fornoff, Gisela Heffes, 2021-06-01 Pushing Past the Human in Latin American Cinema brings together fourteen scholars to analyze Latin American cinema in dialogue with recent theories of posthumanism and ecocriticism Together they grapple with how Latin American filmmakers have attempted to push past the human and destabilize the myth of anthropocentric exceptionalism that has historically been privileged by cinema and has led to the current climate crisis While some chapters question the very nature of this enterprise whether cinema should or even could actualize such a maneuver beyond the human others signal the ways in which the category of the human itself is interrogated by Latin American cinema revealed to be a fiction that excludes more than it unifies This volume explores how the moving image reinforces or contests the division between human and nonhuman and troubles the settler epistemic

partition of culture and nature that is at the core of the climate crisis As the first volume to specifically address how such questions are staged by Latin American cinema this book brings together analysis of films that respond to environmental degradation as well as those that articulate a posthumanist ethos that blurs the line between species **Motion Picture Almanac** ,2003 **American Blockbuster** Charles R. Acland,2020-07-24 Ben Hur 1959 Jaws 1975 Avatar 2009 Wonder Woman 2017 the blockbuster movie has held a dominant position in American popular culture for decades In American Blockbuster Charles R Acland charts the origins impact and dynamics of this most visible entertaining and disparaged cultural form Acland narrates how blockbusters emerged from Hollywood s turn to a hit driven focus during the industry s business crisis in the 1950s Movies became bigger louder and more spectacular They also became prototypes for ideas and commodities associated with the future of technology and culture accelerating the prominence of technological innovation in modern American life Acland shows that blockbusters continue to be more than just movies they are industrial strategies and complex cultural machines designed to normalize the ideologies of our technological age **Australian Books in Print** 1995 Thorpe, D. W., Staff,1995-04 This unique reference provides detailed bibliographic information on over 60 000 in print books published in or about Australia or written by Australian authors There are also details on over 3 000 publishers distributors whose titles are represented as well as information on all trade associations literary awards more **The New York Times Index** ,1992 **Renewing the Balance** Dirk Dunbar,2017-03-31 In *Renewing the Balance* Dirk Dunbar shows how the balance worshipped in ancient Earth wisdom traditions is being integrated into Western culture s dominantly masculine rational value system Filled with hope revelations regarding cultural evolution and scholarship of the highest order Dunbar s book passionately challenges all of us to recover the archaic reverence for the natural world to reconsider the limits of growth progress and mechanistic thinking and to join in the newly reclaimed celebration of life that fosters peace and the potential for a sustainable future Dirk Dunbar s *Renewing the Balance* is a crucial and comprehensive account of how traditional cultures maintained a healthy balance that preserved our natural world and how our modern technocratic economic ideology has produced a culture that is dangerously out of balance It is at once a diagnosis of our dis ease and a prescription for healing our collective psyche polis and environment A truly fascinating philosophical adventure Sam Keen Author of 12 books including *The Passionate Life* and *Hymns to an Unknown God* *Renewing the Balance* brings depth and breadth to our efforts to understand how Western culture evolved as it did and to appreciate the many streams that now flow into our efforts to manifest ecological wisdom in a hypermodern world Charlene Spretnak Author of 9 books including *States of Grace* and *The Resurgence of the Real*
