Reading Comprehension Assessment Peter H. Johnston, 1983 Drawing on work from a number of disciplines this volume brings together experimental and theoretical information relevant to the problems of assessing children s reading comprehension After a short introduction the first section defines reading comprehension presenting theoretical issues intended to provide an understanding of what is being measured and what that measurement means The second section covers factors that influence reading comprehension and its assessment stressing the importance of structure content and language of the text for the reader s comprehension of it

particularly in the context of his or her background knowledge The third section deals with assessment methodology including its purposes the constraints on it and the cognitive demands and information content of different assessment methods The volume s final section charts new directions in reading comprehension assessment asking what can and should be assessed and how this assessment might be carried out and also addressing question construction and the characteristics and interpretation of tests JL *Reading Assessment to Promote Equitable Learning* Laurie Elish-Piper, Mona W. Matthews, Victoria J. Risko, Victoria Risko, 2022-09-05 Many standard reading assessment approaches fail to capture the strengths and needs of students from diverse sociocultural linguistic and academic backgrounds From expert authors this book guides educators in planning and conducting meaningful equitable assessments that empower K 5 teachers and students inform responsive instruction and help to guard against bias The book s holistic view of reading encompasses areas from text comprehension and constrained skills to building trusting relationships and promoting students agency Twenty eight assessment strategies are explained in step by step detail including helpful implementation examples and 32 reproducible forms that teachers can download and print in a convenient 8 1 2 x 11 size
