The Aesthetics of Discipleship Adrian Coates, 2021-09-30 Discipleship is embodied Formation in the Christian life is not an otherworldly exercise but one that plays out in this world interwoven with everyday sensory experience in ordinary life The Aesthetics of Discipleship explores this dynamic through Kierkegaard's framing of aesthetic existence the sensory experience of being in the moment further developed by Bonhoeffer as operating within a realm of freedom encompassing not only art but play friendship and cultural formation In addition to Kierkegaard and Bonhoeffer the work of Iain McGilchrist Graham Ward and Nicholas Wolterstorff is employed to offer a fresh perspective on discipleship from below Everyday sensory experiences are integral not only to being human but to the practice of discipleship such that discipleship integrates aesthetic ethical and religious existence Aesthetic existence unhinged from a life of faith or fueled by distorted Christendom creates and sustains aestheticized pseudorealities centered on the self Mature aesthetic existence however anchored in love

for God plays a fundamental role in the Christian life both as the incarnational celebration of being fully human and also through the preconscious formation of imaginaries by which we live

T&T Clark Companion to Methodism Charles Yrigoyen Jr, 2014-09-25 The first volume in the T T Clark Companions series this volume is a handbook on Methodism containing an introduction dictionary of key terms and concentrates on key themes methodology and research problems for those interested in studying the origins and development of the history and theology of world Methodism The literature describing the history and development of Methodism has been growing as scholars and general readers have become aware of its importance as a world church with approximately 40 million members in 300 Methodist denominations in 140 nations The tercentenary celebrations of the births of its founders John and Charles Wesley in 2003 and 2007 provided an additional focus on the evolution of the movement which became a church This book researches questions problems and resources for further study

@ Worship Teresa Berger, 2017-07-14 A host of both very old and entirely new liturgical practices have arisen in digital mediation from the live streaming of worship services and pray as you go apps to digital prayer chapels virtual choirs and online pilgrimages Cyberspace now even hosts communities of faith that exist entirely online These digitally mediated liturgical practices raise challenging questions Are worshippers in an online chapel really a community at prayer Do avatars that receive digital bread and wine receive communion Worship proposes a nuanced response to these sometimes contentious issues rooted in familiarity with and sustained attention to actual online practices Four major thematic lines of inquiry form the structure of the book After an introductory chapter the following chapters look at digital presence virtual bodies and online participation ecclesial communities in cyberspace digital materiality visibility and soundscapes and finally the issues of sacramental mediation online A concluding chapter brings together the insights from the previous chapters and maps a way forward for reflections on digitally mediated liturgical practices Worship is the first monograph dedicated to exploring online liturgical practices that have emerged since the introduction of Web 2.0 Bringing together the scholarly tools and insights of liturgical studies constructive theology and digital media theories it is vital reading for scholars of Theology and Religion with as well as Sociology and Digital Culture more generally

Liturgy, Theurgy, and Active Participation Kjetil Kringlebotten, 2023-09-08 Providing a metaphysical grounding for liturgical participation this book argues that active participation in the liturgy must be understood principally as our participation in God's act particularly in the act of Christ and only secondarily as our ritual involvement Utilizing Neoplatonist philosophy Kjetil Kringlebotten proposes that this should be understood in terms of theurgy which is the human participation in divine action which finds its consummation in the incarnation of Christ Without the incarnation all acts will remain extrinsic and imposed but acts can become real and intrinsic precisely because the incarnation makes possible true union with the divine a metaphysical union in distinction without confusion because this union is not extrinsic Through union with Christ as the one common focus of the divine human relation we can have true union with God and may offer true worship In order to make

sense of active participation then we need to understand theology in theurgic terms where theurgy is understood not as a mechanical coercion of God but as a participation in His act in creation and through Christ as the true theurgist the master theurgist Whose work transforms our act and the liturgy

A Companion to Public Theology, 2017-01-23 Winner of the 2017 Choice Outstanding Academic Title Award Public theology has emerged in the twentieth and twenty first centuries as theologians have increasingly entered the public square to engage complex issues This Companion to Public Theology brings a much needed resource to this relatively new field The essays contained here bring a robust and relevant faith perspective to a wide range of issues as well as foundational biblical and theological perspectives which equip theologians to enter into public dialogue Public theology has never been more needed in public discourse whether local or global In conversation across disciplines its contribution to the construction of just policies is apparent in this volume as scholars examine the areas of political social and economic spheres as well as issues of ethics and civil societies and draw on contexts from six continents Contributors are Chris Baker Andrew Bradstock Luke Bretherton Lisa Sowle Cahill Letitia M Campbell Cludio Carvalhaes Katie Day Frits de Lange Jolyon Mitchell Elaine Graham Paul Hanson Nico Koopman Sebastian Kim Esther McIntosh Clive Pearson Scott Paeth Larry L Rasmussen Hilary Russell Nicholas Sagovsky Dirk J Smit William Storrar David Tombs Rudolf von Sinner Jenny Anne Wright and Yvonne Zimmerman

T&T Clark Companion to Reformation Theology David M Whitford, 2014-09-25 This volume introduces the main theological topics of Reformation theology in a language that is clear and concise Theology in the Reformation era can be complicated and contentious This volume aims to cut through the theological jargon and explain what people believed and why The book begins with an essay that explains to students how one can approach the study of sixteenth century theology It includes a guide to major events persons doctrines and movements

T&T Clark Companion to Henri de Lubac Jordan Hillebert, 2017-06-29 The T T Clark Companion to Henri de Lubac introduces the life and writings of one of the most influential theologians of the 20th century A highly controversial figure throughout the 1940s and 50s Henri de Lubac 1896 1991 played a prominent role during the Second Vatican Council and was appointed cardinal by Pope John Paul II in 1983 His work which covers an impressive range of theological philosophical and historical inquiries has left an indelible mark on modern Christian thought This volume including contributions from leading Catholic Protestant and Anglican scholars of de Lubac s work introduces readers to the key features of his theology By placing de Lubac s writings in both their immediate context and in conversation with contemporary theological debates these essays shed light on the theological ingenuity and continuing relevance of this important thinker

T&T Clark Companion to the Theology of Kierkegaard, 2019-09-19 This companion explores S ren Kierkegaard s theological importance offering a comprehensive reading of his work through a distinctly theological lens including interpretative concerns his approach to specific doctrines and theological trajectories for thinking beyond his work Beginning with essays on key interpretative factors involved in approaching Kierkegaard s complex corpus there are also

historical accounts of his theological development followed by for the first time in a single volume focused expositions of Kierkegaard's approach to particular doctrinal themes from those oft discussed in his work e.g. Christology to those more understated e.g. Pneumatology. The book concludes with theological trajectories for Kierkegaard's thought in the twenty-first century. This volume helps not only to situate Kierkegaard's theology more firmly on the map but to situate Kierkegaard more firmly on the theological map as one who has much to offer both the form and content of the theological task. Of Thine Own Have We Given Thee Shawn O. Strout, 2023-04-13 Every Sunday around the world Christians offer money and in kind gifts to the church traditionally known as alms. For communities that celebrate the Eucharist regularly bread and wine traditionally known as oblations often accompany these gifts. What does it mean theologically for Christians to offer gifts to God who first offered the greatest gift of Jesus Christ? This question regarding the role of alms and oblations in the liturgy was among the most controversial questions of the English Reformation in the sixteenth century. While the eucharistic prayer proper has often been the site of this theological controversy the offertory rite has also received great attention. The 1552 English Book of Common Prayer excised all references to oblation in the offertory rite but oblationary language and actions such as the offertory procession returned in full force by the twentieth century. The movement from the near elimination of oblation in the offertory rite to its widespread usage in the churches of the Anglican Communion is a remarkable liturgical and theological development. Using liturgical theology's tools of historical textual and contextual analyses this book explores how this development occurred and why it is important for the church today. *Why We Sing: Music, Word, and Liturgy in Early Christianity*, 2022-11-14 Open Access for this publication was made possible by a generous donation from Segelbergsska stiftelsen för liturgivetenskaplig forskning. The Segelbergsska Foundation for Research in Liturgical Studies. In a seminal study *Cur cantatur* Anders Ekenberg examined Carolingian sources for explanations of why the liturgy was sung rather than spoken. This multidisciplinary volume takes up Ekenberg's question anew investigating the interplay of New Testament writings, sacred spaces, biblical interpretation and reception history of liturgical practices and traditions. Analyses of Greek, Latin, Coptic, Arabic and Georgian sources as well as of archaeological and epigraphic evidence illuminate an array of topics including recent trends in liturgical studies, manuscript variants and liturgical praxis. Ignatius of Antioch's choral metaphor, baptism in ancient Christian apocrypha and the significance of late ancient altar veils. The T&T Clark History of Monasticism John Binns, 2019-11-14 Despite its rich history in the Latin tradition Christian monasticism began in the east; the wellsprings of monastic culture and spirituality can be directly sourced from the third-century Egyptian wilderness. In this volume John Binns creates a vivid authoritative account that traces the four main branches of eastern Christianity up to and beyond the Great Schism of 1054 and the break between the Catholic and Orthodox churches. Binns begins by exploring asceticism in the early church and the establishment of monastic life in Egypt led by St. Anthony and Pachomius. He chronicles the expansion, influence and later separation of the various Orthodox branches examining monastic

traditions and histories ranging from Syria to Russia and Ethiopia to Asia Minor Culminating with both the persecution and the revival of monastic life Binns concludes with an argument for both the diversity and the shared set of practices and ideals between the Orthodox churches creating a resource for both cross disciplinary specialist and students of religion history and spirituality

Priesthood and Temple in John's Apocalypse Timothy B. Tse, 2024-12-12 Timothy B Tse argues that while John uses language drawn from the Hebrew Bible s descriptions of YHWH s dwelling place scholarship has overlooked the importance of his spatial transformation of that language Tse thus uses theories relating to Relevance Resistance Theory Critical Space Theory and Conceptual Metaphor to demonstrate that a significant part of John s apocalyptic strategy of resistance is to re present his vision to his audience spatially so that they can experience a divinely ordained alternative to the world in which they live Tse first demonstrates John s attempts to relegate his audience s experience of space to his own revelation John s description of the visionary world creates the metaphors the earth is a Sanctuary and the Saints are its priests Tse argues that under this view life on earth must be evaluated according to the concerns of the Sanctuary which by definition requires the removal of everything impure and the Saints namely all Christians in both the historic and visionary worlds must take priestly responsibility for the earth John therefore portrays the Saints joining in the removal of all impurity upon the earth by fighting as priests in God and the Lamb s war against Satan Babylon and all her impurities Tse concludes that overall John means to realign the church s experience of space so that they understand themselves as priests of the Sanctuary and live according to that reality

Political Formation Jenny Leith, 2023-01-31 What might it mean us to be formed as disciples not only by the church but also by the world In *Political Formation Being Formed by the Spirit in Church and World* Jenny Leith argues that ethical and political formation of Christians takes place through the work of the Spirit both in the church and in civic life and the church too has something to learn from wider political practices and movements This account of formation places centre stage a reckoning with the forms of exclusion and marginalisation that mar the church and yields an understanding of the church as not only ethically formative but also in constant need of being formed itself Offering a fresh vision for ecclesiology which grapples with the ethical failings of the church and takes seriously the need for the church to keep on recognising and repenting of its sins the book offers a major new contribution to discussions around Christian formation and the relationship between discipleship and ethics

Bird of Many Plumes: Conceptions and Applications of Authority in the Thought of William of Saint-Thierry Delphine N. Conzelmann, 2025-07-03

Delphine Conzelmann unpacks the rich interplay of authority tradition and innovation in the works of William of Saint Thierry Benedictine abbot and Cistercian monk whose contributions to Christian history were long overshadowed by those of his contemporaries The volume seeks to reconcile seemingly contradictory aspects of this distinctive 12th century biography revealing what intention unites his stark criticism of new dialectic methods his enthusiastic embrace of monastic reform and his quest for reclusion Discover the spiritual depth and doctrinal genius of William of Saint Thierry in this comprehensive

Encyclopedia of Christian Education George Thomas Kurian, Mark A. Lamport, 2015-05-07 Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church As a result Christian education remains one of the largest and oldest continuously functioning educational systems in the world comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries In The Encyclopedia of Christian Education contributors explore the many facets of Christian education in terms of its impact on curriculum literacy teacher training outcomes and professional standards This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy home schooling Sunday schools women s education graded schools compulsory education of the deaf and blind and kindergarten With an editorial advisory board of more than 30 distinguished scholars and five consulting editors The Encyclopedia of Christian Education contains more than 1 200 entries by 400 contributors from 75 countries These volumes covers a vast range of topics from Christian education History spanning from the church s founding through the Middle Ages to the modern day Denominational and institutional profiles Intellectual traditions in Christian education Biblical and theological frameworks curricula missions adolescent and higher education theological training and Christian pedagogy Biographies of distinguished Christian educators This work is ideal for scholars of both the history of Christianity and education as well as researchers and students of contemporary Christianity and modern religious education **"Neither the Spirit without the Flesh"** Steven W.

Tyra, 2024-02-22 This book claims that John Calvin developed Greek doctrines of the interim state of souls resurrection and beatific vision through his reading of ancient Christian sources like Irenaeus of Lyons Greek had been a technical term in Western theology since at least the 12th century to denote heterodox eschatology Thomas Aquinas had employed it in that sense and early modern Catholics like Robert Bellarmine and Pierre Coton in turn applied it to Calvin The book demonstrates that in this respect at least Calvin s opponents were correct he was a Greek However it questions whether that fact should lead modern theologians to dismiss him as a resource for contemporary reflection Calvin s deep respect for and continuity with early Christian voices may serve as a positive model for theologians today particularly in the Reformed tradition By the same token Reformed thinkers who seek inspiration from medieval scholasticism may find their relationship to Calvin complicated by the case presented here **Progressive Creation and the Struggles of Humanity in the Bible** Zoltan

Dornyei, 2018-03-22 Why does the Christian walk often feel like an ongoing struggle and why does God s creation include imperfection let alone forces that are intent on thwarting God s creative work In seeking a response to these questions this book argues that the biblical accounts describe creation in terms of a progressive transformation process whereby the initially incomplete created order will reach perfection only in the fulfillment of new creation The following discussion then

outlines a comprehensive framework for the biblical theology of humanity's struggles centered on three key themes: corporeal temptation, deficient social structures, and the much debated notion of spiritual warfare. The book presents an overarching canonical narrative that threads together a series of diverse biblical topics from Job's temptation to the Atonement. The final part surveys biblical teaching on how human conduct can be aligned with God's creative purpose and discusses three assignments from Jesus to believers: to celebrate the Eucharist, to pray the Lord's Prayer, and to fulfill the Great Commission.
