Classes Verso Classics:

Class Nick Stevenson, 2023-05-31 This accessible introductory text offers an engaging and thought provoking discussion of class in relation to several cultural sociological and political schools of thought and draws upon the works of a broad range of key theorists as well as contemporary thinkers to restate the ongoing importance of class as a sociological concept Class has long been a key focus of sociological and political studies This book explores what it might mean today in a twenty first century context Is class really disappearing Is class morally justifiable What impact has globalisation and neoliberalism had on the restructuring of class based social relationships These questions and others are explored in this short but lively book Stevenson reviews a number of normative traditions including anarchist Marxist social democratic and citizenship based forms of understanding of class in order to shed light on the themes of class based experiences health and inequality work class struggle social movements and the possibility of developing more egalitarian and just societies in the future This short book will be invaluable to general readers and students in the humanities and social sciences seeking an accessible introduction to the central problems raised by discussions of class in the twenty first century **Classic and**

Contemporary Readings in Sociology Ian Marsh, Rosie Campbell, Mike Keating, 2014-05-12 Classic and Contemporary Readings in Sociology introduces the reader to sociological issues theories and debates providing extracts of primary source material from both classical and contemporary theorists Theorists are examined within their historical and sociological framework and the text provides an analysis of developments in sociological thought and research The text is divided into four main sections Part One Origins and Concepts surveys the history of the discipline of sociology and examines key themes which have influenced sociological theorising and investigation in particular social control culture and socialisation Parts Two and Four Sociological Theories and Sociological Research include a number of readings from the founding theorists and investigators including Auguste Comte Emile Durkheim Karl Marx Max Weber and Charles Booth and also include more recent theoretical writing and research approaches The focus on theory and research is extended by a selection of readings centred around the theme of Differences and Inequalities Part Three these readings provide students with examples of work from an area where sociological theorising and research has been widely applied *Gender and Food* Marcia Texler

Segal, Vasilikie (Vicky) Demos, 2016-09-02 Volume 22 explores the complex relationships between gender and food in a variety of locations and time periods using a range of research methods Gender inequality as it affects the struggle for access to land the affordability of food and its nutritional value is identified as a major social policy issue **International Trade**

Policy and Class Dynamics in South Africa Simone Claar, 2017-12-07 This book provides an innovative perspective on class dynamics in South Africa focusing specifically on how different interests have shaped economic and trade policy As an emerging market South African political and economic actions are subject to the attention of international trade policy Claar provides an in depth class analysis of the contradictory negotiation processes that occurred between South Africa and the

European Union on Economic Partnership Agreements EPA examining the divergent roles played by the political and economic elite and the working class The author considers their relationships with the new global trade agenda as well as their differing standpoints on the EPA

The Criminal Classes Barry Godfrey,Alexandra Godfrey,2024-04-18 We explore why the idea of the criminal class came into being Starting with garroters lurking in dark Victorian alleyways the fiend Jack the Ripper stalking London s streets to the menace of violent gangs the Scuttlers Peaky Blinders and Liverpool s High Rip all the way through to 1970s joyriders 1990s ravers and the modern drug trade that brings guns and knives to our streets It describes the actions taken to control the hard core group increasingly harsh punishments executions floggings long prison sentences and the ways that society learns about crime dangerous areas and the people who habitually offend against society How do we know what dangers apparently lurk in the inner cities What part did the newspapers authors and social investigators play in sensationalising some crimes and were they right to do so The book compares real life criminals and their lives with fictional accounts such as the Artful Dodger Pinkie in Brighton Rock and the scenes that social investigators such as Henry Mayhew dragged back from the criminal rookeries to entertain and frighten respectable people Perhaps most importantly the book shows which groups have been targeted as the criminal classes particularly the young as well as ethnic and racial minorities and concludes by asking Who are the new criminal classes likely to be

Working-Class Writing Ben Clarke,Nick Hubble,2018-11-19 This book updates our understanding of working class fiction by focusing on its continued relevance to the social and intellectual contexts of the age of Trump and Brexit The volume draws together new and established scholars in the field whose intersectional analyses use postcolonial and feminist ideas amongst others to explore key theoretical approaches to working class writing and discuss works by a range of authors including Ethel Carnie Holdsworth Jack Hilton Mulk Raj Anand Simon Blumenfeld Pat Barker Gordon Burn and Zadie Smith A key informing argument is not only that working class writing shows working class to be a diverse and dynamic rather than monolithic category but also that a greater critical attention to class and the working class in particular extends both the methods and objects of literary studies This collection will appeal to students scholars and academics interested in working class writing and the need to diversify the curriculum

The Political Economy of Social Inequalities Vincente Navarro,2020-11-25 In the last two decades of the 20th century we witnessed a dramatic growth in social inequalities within and among countries This has had a most negative impact on the health and quality of life of large sectors of the populations in the developed and underdeveloped world This volume analyzes the reasons for this increase in inequalities and its consequences for the well being of populations Scholars from a variety of disciplines and countries analyze the different dimensions of this topic

Research Handbook on Democracy and Development Gordon Crawford,Abdul-Gafaru Abdulai,2021-03-26 Exploring and updating the controversial debates about the relationship between democracy and development this Research Handbook provides clarification on the complex and nuanced interlinkages between political regime type and socio economic

development Distinguished scholars examine a broad range of issues from multidisciplinary perspectives across Africa Asia Europe Latin America and the Middle East **Political And Economic Determinants of Population Health and**

Well-Being: Vincente Navarro, Caries Muntaner, 2020-11-26 The field of social inequalities in health continues its vigorous growth in the early years of the 21st century This volume following in the footsteps of Vicente Navarro's edited collection *The Political Economy of Social Inequalities* is a compilation of recent contributions to the areas of social epidemiology health disparities health economics and health services research The overarching theme is to describe and explain the evergrowing health inequalities across social class race and gender as well as neighborhood city region country and continent The approach of this book is distinctly multi trans and interdisciplinary the fields of public health population health epidemiology economics sociology political science philosophy medicine and history are all represented here *Class Struggles* Dennis L.

Dworkin, 2014-05-22 In the 1960s and 1970s the study of history and sociology was heavily influenced by Marxism and theories of class But the collapse of Communism and significant changes in culture and society threw the study of class into crisis Its most basic premises were called into question More recently accelerating globalisation proliferating multinational corporations and unbridled free market capitalism have given the study of class a new significance and caused historians and sociologists to revisit the debate This book looks at the changes that caused the crisis in the study of class and shows how new vibrant theories have appeared that will drive forward our understanding of history and sociology Classics Pamphlet Collection ,1883 **Classic Hollywood, Classic Whiteness** Daniel Bernardi, 2001 *Unravelling the Social Formation*

Akif Avcı, 2022-03-28 In *Unravelling the Social Formation* Free Trade the State and Business Associations in Turkey Akif Avcı examines the role of business associations and the state in Turkey in analysing the dialectical relationship between global free trade and Turkish social formation since 2002 The manuscript constructs a three levels analysis based on the social relations of production forms of state and world order It explores the class characteristics of the business associations the role of the Turkish state in the process of integration into global capitalism and at the same time internalisation of the global class relations inside Turkish social formation It offers a fresh evaluation of imperialism theories and the uneven and combined development U CD approach from a neo Gramscian perspective **The Debate on Classes** Erik Olin

Wright, 1998-09-17 Erik Olin Wright's *Classes* was hailed on publication by the *American Journal of Sociology* as almost certain to be the most important book on social classes of the decade *The Debate on Classes* brings together major critics of Wright's work to assess the adequacy of his theory Also included are Wright's own spirited responses and reformulations in the light of these criticisms thereby presenting the reader with an open scholarly discussion in which intellectual collaboration develops an understanding of the impact of class on the wider terrain of culture and politics **Invisible**

Seasides Tony Blackshaw, 2025-08-01 *Invisible Seaside* positions the seaside as a lens for understanding lived utopia pinned in a certain place an immovable feature in a landscape where our hopes and fears continue to unfold Wide ranging in theme

it brings a double perspective past and present to bear on how we understand contemporary seaside experience Presenting a magical paradox of the modern seaside this book traces the development of a cultural phenomenon from the mid 1800s to the present day In the process it modifies the accepted narrative about its rise and fall reappraising our understanding of the end of a Mass Utopia and shining new light on the diversity of post utopias that have emerged in its afterlife Fusing social theory social history and leisure studies its thesis adroitly envisions the diverse density of the seaside through a critical lens making the unfamiliar familiar and vice versa providing us with an exemplar for a different way of thinking sociologically which will be used by scholars from a range of different subject fields to encourage fresh reflection on social continuity and change

Deji, 2011 Gender equality is gaining global recognition as a catalyst for sustainable development and a proven stratagem for alleviating poverty and enhancing food security in developing countries of Africa where agriculture is the main economic stay The book Gender and Rural Development Volume 1 introduces gender discussions into key topics in the curriculum for Nigerian university agricultural undergraduate studies with the purpose of enhancing gender responsive agricultural and rural development programs projects policies and budgets required for sustainable development Series Spektrum Berliner Reihe zu Gesellschaft Wirtschaft und Politik in Entwicklungsländern Berlin Series on Society Economy and Politics in Developing Countries Vol 106

Class and Inequality in the United States Berch Berberoglu, 2024-09-18 Highlighting the need to find solutions for current problems in American society moving forward Berch Berberoglu provides a captivating read for anyone interested in understanding how working people today can have a lasting impact on a better and more equitable society in the future

The Right to Sex Amia Srinivasan, 2021-09-21 Laser cut writing and a stunning intellect If only every writer made this much beautiful sense Lisa Taddeo author of Three Women Amia Srinivasan is an unparalleled and extraordinary writer no one X rays an argument a desire a contradiction a defense mechanism quite like her In stripping the new politics of sex and power down to its fundamental and sometimes clashing principles The Right to Sex is a bracing revivification of a crucial lineage in feminist writing Srinivasan is daring compassionate and in relentless search of a new frame Jia Tolentino author of Trick Mirror Reflections on Self Delusion Thrilling sharp and deeply humane philosopher Amia Srinivasan's The Right to Sex Feminism in the Twenty First Century upends the way we discuss or avoid discussing the problems and politics of sex How should we think about sex It is a thing we have and also a thing we do a supposedly private act laden with public meaning a personal preference shaped by outside forces a place where pleasure and ethics can pull wildly apart How should we talk about sex Since MeToo many have fixed on consent as the key framework for achieving sexual justice Yet consent is a blunt tool To grasp sex in all its complexity its deep ambivalences its relationship to gender class race and power we need to move beyond yes and no wanted and unwanted We do not know the future of sex but perhaps we could imagine it Amia Srinivasan's stunning debut helps us do just that She traces the meaning of sex in our world animated by the hope of a different world

She reaches back into an older feminist tradition that was unafraid to think of sex as a political phenomenon She discusses a range of fraught relationships between discrimination and preference pornography and freedom rape and racial injustice punishment and accountability students and teachers pleasure and power capitalism and liberation The Right to Sex Feminism in the Twenty First Century is a provocation and a promise transforming many of our most urgent political debates and asking what it might mean to be free *Class Struggle* Domenico Losurdo, 2016-10-06 Available for the first time in English this book examines and reinterprets class struggle within Marx and Engels thought As Losurdo argues class struggle is often misunderstood as exclusively the struggle of the poor against the rich of the humble against the powerful It is an interpretation that is dear to populism one that supposes a binary logic that closes its eyes to complexity and inclines towards the celebration of poverty as a place of moral excellence This book however shows the theory of class struggle is a general theory of social conflict Each time the most adverse social conflicts are intertwined in different ways A historical situation always emerges with specific and unique characteristics that necessitate serious examination free of schematic and biased analysis Only if it breaks away from populism can Marxism develop the ability to interpret and change the world

Rethinking the Color Line Charles A. Gallagher, 2021-12-16 Rethinking the Color Line is a collection of theoretically informed and empirically grounded readings on race and race relations that illustrate how race and ethnicity influence aspects of social life in ways that are often made invisible by culture politics and economics
