aftermath this collection of lucid thoughts reveals the hidden histories of the people who shape our modern political and economic landscape

**The Soiling of Old Glory** Louis P. Masur, 2024-04 April 5 1976 As Boston simmered with tension over forced school busing one photo made headlines Examine the power of photography and the iconic value of the flag as it opens a dramatic window onto the turbulent issue of race in America

**America's Changing Neighborhoods** Reed Ueda, 2017-09-21 A unique panoramic survey of ethnic groups throughout the United States that explores the diverse communities in every region state and big city Race ethnicity and immigrants lives and identity these are all key topics that Americans need to study in order to fully understand U S culture society politics economics and history Learning about place through our own historical and contemporary neighborhoods is an ideal way to better grasp the important role of race and ethnicity in the United States This reference work comprehensively covers both historical and contemporary ethnic and immigrant neighborhoods through A Z entries that explore the places and people in every major U S region and neighborhood

**America's Changing Neighborhoods: An Exploration of Diversity** uniquely combines the history of ethnic groups with the history of communities offering an interdisciplinary examination of the nation's makeup It gives readers perspective and insight into ethnicity and race based on the geography of enclaves across the nation in regions and in specific cities or localized areas within a city Among the entries are nearly 200 neighborhood biographies that provide histories of local communities and their ethnic groups Images sidebars cross references at the end of each entry and cross indexing of entries serve readers conducting preliminary as well as in depth research The book's state by state entries also offer population data and an appendix of ancestry statistics from the U S Census Bureau details ethnic and racial diversity

*We are a People* Paul R. Spickard, W. Jeffrey Burroughs, 2000 As the twentieth century closes ethnicity stands out as a powerful force for binding people together in a sense of shared origins and worldview But this emphasis on a people's uniqueness can also develop into a distorted rationale for insularity inter ethnic animosity or as we have seen in this century armed conflict Ethnic identity clearly holds very real consequences for individuals and peoples yet there is not much agreement on what exactly it is or how it is formed The growing recognition that ethnicity is not fixed and inherent but elastic and constructed fuels the essays in this collection Regarding identity as a dynamic on going formative and transformative process

*We Are a People* considers narrative the creation and maintenance of a common story as the keystone in building a sense of peoplehood Myths of origin triumph over adversity migration and so forth chart a group's history while continual additions to the larger narrative stress moving into the future as a people Still there is more to our stories as individuals and groups Most of us are aware that we take on different roles and project different aspects of ourselves depending on the situation Some individuals who have inherited multiple group affiliations from their families view themselves not as this or that but all at once So too with ethnic groups The so called hyphenated Americans are not the only people in the world to recognize or embrace their plurality This relatively recent acknowledgment of multiplicity has potentially wide implications destabilizing the limited and

limiting categories inscribed in for example public policy and discourse on race relations *We Are a People* is a path breaking volume boldly illustrating how ethnic identity works in the real world Author note Paul Spickard is Professor and Chair of Asian American Studies at UC Santa Barbara and is author of *Mixed Blood* W Jeffrey Burroughs is Professor of Psychology at Brigham Young University Hawaii
