Chambers Large Print Thesaurus:

Chambers Large Print Thesaurus Martin H. Manser, 2005 Compiled with the advice of the RNIB and the British Dyslexic Association this large print thesaurus is a companion volume to the Chambers Large Print Dictionary It features over 220 000 synonyms and antonyms and is based upon Chambers authoritative language databases

A History of the Chambers Dictionary Mariusz Kaminski, 2013-08-01 In the literature on English lexicography there have been few attempts at a systematic study of the history of popular dictionaries that have been around for many years in English speaking countries A dictionary like Chambers deserves special attention because of its long tradition that goes back to the nineteenth century Although it has gone through numerous editions its history has received little attention from scholars The book traces the development of the Chambers Dictionary from its origins to the present time by comparing corresponding parts of successive editions of the dictionary This comparative approach aims to determine major trends in the evolution of the dictionary It will provide scholars and interested students with insights into the Chambers lexicographers work the goals they aimed to achieve and the problems they had to face when revising the dictionary
