Understanding the Global Community Suzette R. Grillot, Zach P. Messitte, 2013-02-14 Since the end of the Cold War interaction among communities across the globe has increased exponentially Globalization has changed how we live how we communicate what we eat and how we travel around the world What do such social political and economic changes mean in a twenty first century context Understanding the Global Community explores these and other key questions offering a concise overview of contemporary topics in international relations Edited by Zach P Messitte and Suzette R Grillot with contributions from prominent scholars across various disciplines this accessible survey is perfectly suited for undergraduate courses in international and area studies as well as for anyone seeking a clearer understanding of today's major global concerns Unique in its approach Understanding the Global Community examines both international issues and regional perspectives The first half of the book explores overarching global themes including American foreign policy international security humanitarian

intervention and the global economy The second half addresses nationalism and its challenge to the development of a global community with region specific chapters focusing on historic and contemporary issues in China Europe Latin America and the Middle East A glossary at the end of the book provides useful definitions of key terms and concepts

The Toronto School of Communication Theory Menahem Blondheim, Rita Watson, Rita P. M. Watson, 2007-01-01 While never formally recognized as a school of thought in its time the work of a number of University of Toronto scholars over several decades most notably Harold Adams Innis and Marshall McLuhan formulated a number of original attempts to conceptualize communication as a phenomenon and launched radical and innovative conjectures about its consequences This landmark collection of essays re assesses the existence and re evaluates the contribution of the so called Toronto School of Communication While the theories of Innis and McLuhan are notoriously resistant to neat encapsulation some general themes have emerged in scholarly attempts to situate them within the discipline of communications studies that they helped to define Three such themes focus on the effects and consequences of communications emphasis on communications as a process rather than as structure and a sharp focus on the technology of communication or the medium are the most fundamental in characterizing the unique perspective of the Toronto School This collection not only represents a crucial step in defining the Toronto School it also provides close analysis of the ideas of its individual members
