Digital Bank Chris Skinner, Head of Department for Public Relations Chris Skinner, 2013-08-28 Becoming a Digital Bank is the challenge for all banks as customers demand new services focused upon 21st century technologies. It makes it hard for traditional banks to compete in this new space and allows many new and nimble firms to enter the banking markets and steal market share by exploiting new technologies specifically the mobile internet. In this new age of the mobile internet where cloud computing allows anyone to scale from small to big data and back again we are all wondering how to evolve our businesses to this new model of servicing and processing. In fact many of us are wondering what the new model of banking will be. What does it all mean how do shape the vision who are the
