There is a consistent gospel that Dan Brown preaches throughout all of his stories and it profoundly contrasts the Bible's Gospel. You can't have both; a choice must be made. Stories are more than entertainment; they form our worldview. This book will lift up Brown's gospel against Christianity's biblical Gospel and help fans of Brown's books discern messages that are truly fiction and examine the new world view preached in his novels *Digital Fortress* Dan Brown, 2018-01-17

Bien trahie par tous, c'est sa propre vie qu'elle devra défendre ainsi que celle de l'homme qu'elle aime The Dan Brown Craze Aiping Zhang, Zhenwu Zhu, 2016-05-11

Since the Chinese translation of *The Da Vinci Code* was released in China in 2004, the Dan Brown Craze has swept across the country. All of Brown's novels have subsequently been translated into Chinese and sold millions of copies. No living foreign writer has generated so much media coverage and scholarship in China within such a short period of time not even Toni Morrison or J. K. Rowling. Brown's rendering of dichotomies such as science and religion, humanity and divinity, good and evil, and liberty and privacy resonates well with his Chinese readers because they feel that these issues are no longer irrelevant to them. They see an urgent need for a revision if not an entire redefinition of their existing beliefs and values. This book examines the plot, characterization, themes, setting, codes, knowledge, institutions, and techniques in his novels and delivers a careful textual analysis, a selective dissemination of relevant information on different subjects, and a perceptive comparison between Brown and other Chinese and Western writers. As such, it shows how his thrillers have been appreciated.

and studied in China and what kinds of discoveries challenges controversies and insights have surfaced in the Chinese appreciation of Brown s novels Furthermore the book explores why the Dan Brown Craze has lasted this long and exerted a broad and far reaching impact upon the reading writing studying translating publishing and marketing of fiction in China

Enigma Graham Thomas, 2011-04-04 The Dan Brown Enigma is an insightful look into the world of Dan Brown that will not only enthrall and entertain but will unlock the secrets of one of the world's most exciting and enigmatic writers. Dan Brown is already one of the bestselling authors that the world has ever seen. Due to the success of his gripping novels *Digital Fortress*, *Deception Point*, *Angels and Demons*, *The Da Vinci Code*, and *The Lost Symbol*, he has become a household name. But how did he achieve this? What's his secret? This in-depth biography reveals how, with a heady mix of science, religion, fact, and fiction, he has captured the public's imagination and secured his place in the history of the popular thriller. Despite his enormous success, Dan Brown is an unassuming man. This book includes a look at his early years long before the fame and fortune that came with the success of *The Da Vinci Code*, when he was a musician, teacher, and writer of humour titles. It also examines the crucial role that his wife Blythe Brown plays in his life and work. His skilful storytelling with its intricate twisting plotlines is certainly something that sets him apart from other thriller writers. *The Dan Brown Enigma* also looks at his extraordinary attention to detail and reveals how important research is to each of his books. Through hours and hours of careful study, he brings to light ancient rites and rituals that are buried deep within our collective subconscious. This combination of Brown's imagination with the secret truths, myths, and legends from a variety of ancient institutions, including the Freemasons and the Catholic Church, are perhaps why his novels are so successful and at times controversial.
