Andy McNab, Unflinching and laced with wry humour, Johnny Mercer's *We Were Warriors* is an action-packed account of his journey from young commando to a captain with one of the most pressurized and skilled jobs in the army. A captain in 29 Commando, Johnny Mercer served in the army for twelve years. On his third tour of Afghanistan, he was a Joint Fires Controller with the pressurized job of bringing down artillery and air strikes in close proximity to his own troops. Based in an area of northern Helmand that was riddled with Taliban leaders, he walked into danger with every patrol, determined to protect them. Then one morning in brutal close-quarter combat, everything changed. In *We Were Warriors*, Johnny takes us from his commando training to the heat, blood and chaos of battle. With brutal honesty, he describes what it is like to risk your life every day, pushing through the fear that follows watching your friends die. He took the fight back to the enemy with a relentless efficiency that came at a high personal cost. Back in the UK, seeing the inadequate care available for veterans and their families, he was inspired to run for Parliament in the hope he could improve their plight. This is NOT the stereotypical account of war; it's without doubt the best first-hand account in a war zone I've ever read. Tom Marcus, ex-MI5 Surveillance Officer, author of *Soldier Spy*. **Crisis**, 1929. *Reflections of Maine* Greg Currier, 2008-05-20 From an image of Pemaquid Point Lighthouse mirrored in a tide pool to a lake imbued with reflected autumn color, photographer Currier finds fabulously different perspectives in Maine's scenic vistas. He also reveals marvels in less obvious places, such as tiny worlds in dewdrops clinging to a blade of grass. This book will cause Maine lovers and anyone who appreciates fine photography to reflect in new ways on the visual magic that abounds in the state.
