Challenges to New Testament Theology Peter Balla,1997 Challenges to New Testament Theology Peter Balla,1994 **New Testament Theology** Prof James D. G. Dunn,2010-09-01 In this volume in the Library of Biblical Theology series James D G Dunn ranges widely across the literature of the New Testament to describe the essential elements of the early church's belief and practice Eschatology grace law and gospel discipleship Israel and the church faith and works and most especially incarnation atonement and resurrection Dunn places these and other themes in conversation with the contemporary church's work of understanding its faith and life in relation to God's self revelation in Jesus Christ *New Testament Theology and Its Quest for Relevance* Thomas Hatina,2013-03-14 This guide to structuring and creating a New Testament theology shows students how to examine ancient texts in the modern world **New Testament Theology I.** Howard Marshall,2010-02-23 I Howard Marshall's New Testament theology guides students with its clarity and its comprehensive vision delights teachers with its sterling summaries and perceptive panoramas and rewards expositors with a fund of insights for preaching Theology of the New Testament Frank S. Thielman,2011-03-22 Studying the theology of the New Testament can be a daunting task even to the knowledgeable Bible student or pastor Each of the twenty seven books written by various authors has its own theological emphasis and nuances How do we elicit a coherent message from such theological diversity especially given that some of the theological statements in the New Testament seem to be at odds with one another Is such an endeavor achievable or even valid Theology of the New Testament takes a balanced approach in response to these challenges Frank Thielman presents a theology of the New Testament that is careful to take into account the cultural and historical circumstances surrounding each book and the New Testament as a whole He not only examines each book's theological content individually but also in relation to the rest of the New Testament particularly within each of the three theological units that comprise the New Testament the gospels and Acts the Pauline epistles and the general epistles and Revelation This canonical and synthetic approach honors both the theological diversity of the various books and the theological connections between the books In the end Thielman finds a unified theological vision of the New Testament anchored in the centrality of Jesus Christ Frank Thielman's Theology of the New Testament is an outstanding achievement The book is marked by scholarly depth exegetical rigor and theological profundity Both students and professors will profit immensely from this lucid treatment of the theology contained in the New Testament documents Thomas R Schreiner Professor of New Testament The Southern Baptist Theological Seminary An accessible presentation of the key theological points of the New Testament books by an accomplished New Testament scholar and teacher Its clear style lucid organization and sound theological insight make it a prime resource for serious students in both the academy and the church Karen H Jobes PhD Associate Professor of New Testament Westmont College New Testament Theology Thomas R. Schreiner,2008-06-01 In this substantial volume Thomas Schreiner takes up the study of New Testament theology looking for

the themes that emerge from a detailed reading of the whole rather than considering the individual writings separately Two themes in particular emerge The first concerns redemptive history and the kingdom of God The New Testament writers adopt the Old Testament vision of God s reign and affirm that it has come in Jesus Christ although final fulfillment is yet to come Second the ultimate goal of the kingdom is God s glory Schreiner goes on to relate these themes to the life of the believer and the community of faith Pastors and students will find this a comprehensive and illuminating survey of the unifying themes found throughout the New Testament New Testament Theology Frank J. Matera,2007-01-01 In this systematic book by book exploration of the theology of each New Testament writing Frank J Matera explores theological diversity and unity in the writings of the New Testament After an introduction to the history and method of New Testament theology he explains and describes the theologies of the Synoptic Pauline and Johannine traditions as well as the rich theology of other New Testament voices Hebrews the Catholic Epistles and the book of Revelation Integrating both Protestant and Catholic approaches this work provides students pastors and scholars a comprehensive view of the New Testament that is rich in exegetical and theological insight *The Cambridge Companion to the New Testament* Patrick Gray,2021-05-13 This Companion volume offers a concise and engaging introduction to the New Testament Including twenty two especially commissioned essays written by an international team of scholars it examines a range of topics related to the historical and religious contexts in which the contents of the Christian canon emerged Providing an overview of the critical approaches and methods currently applied to the study of biblical texts it also includes chapters on each of the writings in the New Testament The volume serves as an excellent resource for students who have some familiarity with the New Testament and who wish to gain a deeper understanding of the state of academic discussion and debate Readers will also gain a sense of the new research questions that are emerging from current scholarship **Luke as Narrative Theologian** Joel B.

The New Testament and the Future of the Cosmos Ryan P. Juza,2020-11-05 The New Testament and the Future of the Cosmos is an exploration into the cosmic eschatology of the New Testament It invites the reader to grapple with two interrelated questions along with the author 1 What did the writers of the New Testament teach about the fate of the cosmos and 2 can we synthesize their teachings into a coherent New Testament theology By offering a close reading of key texts that inform the topic most notably Matt 24 29 31 Mark 13 24 27 Luke 21 25 28 Rom 8 19 22 Heb 12 25 29 2 Pet 3 4 13 and Rev 21 1 5 it is argued that one can with certain qualifications ascertain a clear and coherent New Testament message pertaining to the future of the cosmos Along the way new exegetical ground is broken in several passages by identifying a previously unnoticed theme that runs throughout the New Testament concerning the future of the cosmos God s judgment of the

heavenly powers of evil as a key component to the cosmic transition At present these hostile powers hold the cosmos captive to death but on the Day of the Lord they will be overthrown setting the stage for a materially transformed world to emerge from the hand of God

Porter, 2006-11-01 Does Paul have a theology If so what is it or rather what is it on various topics that he and the early Church confronted This volume moves beyond the traditional discussion of whether Paul had a center to his theology to raise questions regarding his perspective on a number of important theological issues These issues include his gentile mission the concepts of faith grace and the law reconciliation the temple eschatology miracles gender and Paul s trinitarian tendencies This collection of essays addresses topics of current interest in the study of Paul s theology not to arrive at the center of his thought but to understand what factors helped to center his thinking on a variety of important theological concerns

The "Man Christ Jesus" Stephen Oliver Stout, 2011-06-17 Does the Apostle Paul have any use for the person of Jesus presented in the Gospels Critical scholarship thinks not but this book argues that Paul not only mentions more than seventy specific details of the historical Jesus but he also commends the character of Jesus and echoes His teachings repeatedly in his letters and sermons in full agreement with the Gospel accounts Stout examines Paul s intriguing description of the Man Christ Jesus 1 Tim 2 5 and suggests that this title fulfills the OT expectation of God appearing in human history as a man In his incarnated humanity the Man Christ Jesus accomplished salvation in the historical events of his life and death and in his resurrected humanity he appeared to Paul on the Damascus Road rooting Paul s Christology deeply in human experience Furthermore Stout shows how Paul rests his concept of salvation on a neglected aspect of his doctrine that the entire church is associated with the historical events of the life death and resurrection of Jesus an association which also unites his church with one another in fellowship and service This book then demonstrates that Paul s gospel rests upon Jesus as a man of history who brings salvation into human history in his life death and exaltation as the Man Christ Jesus

India with the help of canonical extra canonical and traditio historical documents Thomaskutty investigates the development of the Thomas literature right from the beginning examining and questioning the approaches and methodologies that have been employed in interpreting these documents and analyzes the Thomas literature closely in order to understand the character his mission involvements and the possible implications this may have for understanding early Christianity in the east
