GENERAL CHEMISTRY

The Essential Concepts

A detailed illustration on a dark background showing several molecular models. In the center, a molecule with two large purple spheres connected by a thick, light-colored rod is shown. A green arrow curves upwards from this molecule towards a larger, more complex molecule in the upper right. Other smaller molecules, some with two purple spheres and others with three, are scattered around. A bright green beam of light enters from the bottom left corner, illuminating one of the molecules.
