Change Directions Perceive It Believe It Achieve It:

Believe It Think It Achieve It! Sidney McCartney, 2012-12-21 Believe It Think It Achieve It is a practical self help guide and mini workbook that empowers and engages you to analyze your conscious and subconscious beliefs and manage your thoughts through mindfulness in order to create the life that you truly desire It also incorporates a system which enables you to gain an understanding of your own beliefs and perceptions by providing you with a framework for analyzing and managing these beliefs Unlike typical books that advocate positive thinking as a daily diet Believe It Think It Achieve It is a revelation of how merely focusing on positive thinking is simply not enough to effectively produce the desired changes in your life The book uses practical examples to highlight how the process of positive thinking is merely an attempt to obtain your desires without addressing the underlying destructive limiting beliefs whether conscious or subconscious that are driving your thoughts and thus your actions

Perceive It to Achieve It Michael Andrew Torigian MD, 2021-05-24 Perceive It to Achieve It is a profound self help book designed to guide you on a transformative journey toward self improvement and well being This insightful guide explores the concept of thought manifestation emphasizing that your thoughts play a significant role in shaping your actions life and wellness This extraordinary self help guide is not merely theoretical it provides practical insights on how to break bad habits particularly the ones that harm your mental well being With the tools and techniques imparted by Torigian you ll learn to identify and shed the damaging habits that plague your mind and replace them with healthier ones The unique feature of this book is its focus on how to control your thoughts It encourages you to take command of your mind and subsequently your life With a more practical and personal approach than similar works by renowned authors like Anthony Robbins Eckhart Tolle and Dr Wayne Dyer s Your Erroneous Zones this book is a treasure trove of wisdom that propels you towards positivity and well being Perceive It to Achieve It is not just a read it s an experience filled with quotes and affirmations and numerous passages that reflect the author s thoughts and feelings The aim is to inspire and motivate you to make positive changes in your life reinvigorating self direction and rejuvenating lost desires Moreover it s a helping hand for those who have lost their ability to self identify their destructive habits By becoming aware of your thought patterns and behaviors you can commence the journey of change and growth The book introduces the concept of a wellness zone a state of heightened well being health and happiness that you can achieve by nurturing your motivation Recognize that the source of your motivation might change with time but finding things that invigorate you will help sustain your wellness zones and maintain your health Perceive It to Achieve It is not just a book it s a self help beacon lighting up your path towards self discovery self improvement and overall well being

Conspiracy Theories and the People who Believe Them Joseph E. Uscinski, 2019 Conspiracy theories are inevitable in complex human societies And while they have always been with us their ubiquity in our political discourse is nearly unprecedented Their salience has increased for a variety of reasons including the increasing access to information among ordinary people a pervasive sense of powerlessness among those same people and a widespread distrust of elites Working in combination these factors and many other factors are now propelling conspiracy theories into our public sphere on a vast scale In recent years scholars have begun to study this genuinely important phenomenon in a concerted way In Conspiracy Theories and the People Who Believe Them Joseph E Uscinski has gathered forty top researchers on the topic to provide both the foundational tools and the evidence to better understand conspiracy theories in the United States and around the world Each chapter is informed by three core questions Why do so many people believe in conspiracy theories What are the effects of such theories when they take hold in the public What can or should be done about the phenomenon Combining systematic analysis and cutting edge empirical research this volume will help us better understand an extremely important yet relatively neglected phenomenon
