Scales have been updated to reflect current best practice and developments in the field and combine with the core decision making framework for a deeper expanded use of the model. New chapters delve into parent work and case conceptualization utilizing observational and self reflective forms. Downloadable video content brings the text to life including a new video illustrating the essentials of consultation with parents. The interface between practitioner and client also takes centre stage. New sections on self reflection and cultural sensitivity guide you through ways to foster a welcoming compassionate environment throughout your practice. Whether you're a seasoned play therapist or just starting out, this fresh take on the dimensions of play therapy will foster self reflection of the who, what, when, why, and how of play therapy.

The Spiritual Dimension of Business Ethics and Sustainability Management László Zsolnai, 2014-12-01. This book discloses the spiritual dimension in business ethics and sustainability management. Spirituality is understood as a multiform search for meaning which connects people with all living beings and God or Ultimate Reality. In this sense, spirituality is a vital source in social and economic life. The volume examines the spiritual orientations to nature and business in different cultural traditions: Christianity, Judaism, Islam, Sufism, Hinduism, Buddhism, and Taoism. It studies how spirituality and ecology can contribute to transforming contemporary management theory and praxis. It discusses new leadership roles and business models that emerge for sustainability in business and shows how entrepreneurship can be inspired by nature and spirituality in a meaningful way.
