Digital Disaster! Rachel Wise,2013-03-05 The launch of the Cherry Valley Voice online edition is interrupted by a power surge that causes the entire issue to be deleted and no one has made any back up files **Digital Disaster!** Rachel Wise,2013-03-05 When the newspaper staff goes digital they learn the hard way that backup files are anything but optional Cherry Valley Middle School has all new computers which means the school newspaper can produce its first ever online edition of The Cherry Valley Voice Sam loves desktop publishing and enjoys cutting and editing stories online and getting instant visual feedback And it s amazing that the paper can go live at the press of a button But when it s time for that button to be pressed a terrible thunderstorm prompts a power surge that wipes out the entire issue And no one has created backup copies of their work The next day is the class trip to the amusement park which Sam and the rest of the newspaper staff have been looking forward to for ages But will the trip be everything Sam hopes for or will that too turn into a big disaster

Black and White and Gray All Over Rachel Wise,2013-05-21 Sam needs some serious advice when a new staff member competes for newspaper bylines and for her crush s attention Cherry Valley is abuzz when a new girl comes to town from the UK Kate Bigley has dark hair bright blue eyes and an English accent and she has dreams of being a reporter Mr Trigg is thrilled when Kate joins the Cherry Valley Voice staff but Sam is less excited to have some competition Especially when Kate is paired up with Michael Lawrence for the next big cover story What if Sam s crush gets a crush on someone else

Kane, 2022-12-15 Not long ago it seemed flood control experts were close to mastering the unruly flows funnelling toward Hudson Bay and the Prairie city of Winnipeg But as more intense and out of synch flood events occur wary cities like Winnipeg continue to depend on systems and specifications that will soon be out of date Rivers have impulses that defy many of the basic human assumptions underpinning otherwise sophisticated technologies This is the river city expression of climate change In *Just One Rain Away* Stephanie Kane shows how geoscience engineering and law converge to affect flood control in Winnipeg She questions technicalities produced and maintained in tandem with settler folkways at the expense of the plural legal cultures of Indigenous nations The dynamics of this experimental ethnography feel familiar yet strange here many of the starring actors are not human Ice and water
