

- **Race:** population of people who are biologically and naturally distinct.
- **Racial logic:** links skin color with traits like intelligence, character or physical skill
- **Racial Classification System:** developed by white European colonizers -> white is "norm", dark is "not norm" and less than white
- **Evolutionary Hierarchy:** White were closer to top of hierarchy therefore more deserving of wealth, smarter, more civilized
- **Social construction of race:** not related to biological reality rather a set of certain social meanings given to differences between groups of people (e.g. skin color)
- **Ethnicity:** set of values, beliefs and behaviors we share in common with a subcultural group we most closely identify with, most commonly through same country, religion, or cultural values.
- **Ethnicity identity:** expressed through food, religious practices, language, culture, physical and cultural practices. (Paraschak and Tirone)
- **Why do immigrants/ethnic minorities turn to sports?**
 1. To foster, protect, express their own ethnic identity
 2. To learn about the dominant Canadian values & practices
- **Ethnicity and Sport:**
 1. Sport as Ethnic continuity
 2. Sport as Ethnic diversity
- 1. **Sport as Ethnic Continuity:**
- **Ethnic Sport Associations:**
 1. Help ethnic cohesion
 2. Help ethnic continuity
 3. Provide safe space (sometimes not possible in mainstream sports)
 - Fosters **social capital** -> connection people have based on trust and common values -> helps keep them united as an ethnic group.
- **Equality vs. Equity - Canadian Charter of Rights:**
 - **Equality** = sameness = treating everyone the same regardless of sex, sexual orientation, race, ethnicity
 - **Equity** = fairness = justice, each individual is given different support to succeed according taking into account any disadvantages including mental, ethnicity, national origin, religion, physical disability, mental disability, sex, age, color.
- 2. **Sport as Ethnic Diversity**
- Sport allows immigrants/minorities to gain a sense of belonging, acceptance, develop a social network and learn a new language.
- **Autonomous Social Capital:** allows people from one ethnic group to communicate/socialize with people from a different ethnic group.
- **Hybrid Identities:** most new Canadians, express both traditional culture (from original ethnicity) and new dominant Canadian culture simultaneously
- **Mainstream** = white stream (Paraschak and Tirone)
- **Claude Denis** - Canadian society as "Whitestream Society" -> Even though the Canadian society is structured on a basis of European, "white experience", far from simply demographically, socially and cultural "white".
- **Dyer:** Whiteness is norm - Race is only given to other people who are not white, white people are simply JUST human and there's nothing more powerful than that. Raced people can only speak for their race.
 - Race is something for other people:
 - Never talk about it
 - Centralized ideas (people of color, Non-white people)
 - Power unchallenged
- Being white and privileged is systemic -> invisible backpack
- Whiteness -> set of symbolic privileges
- Although folks in this classroom did not invent racist thought: "One must take responsibility for it, but that is not the same as being responsible, that is, to blame for it" (Dyer, 1997, p. 7).
- **Doing (whitestream) sport:**
 1. Structure: rules, organization and distribution of resources (facilities)
