Memory and Spatiality in Post-Millennial Spanish Narrative Lorraine Ryan,2016-04-22 Focusing on literary texts produced from 2000 to 2009 Lorraine Ryan examines the imbrication between the preservation of Republican memory and the transformations of Spanish public space during the period from 1931 to 2005 Accordingly Ryan analyzes the spatial empowerment and disempowerment of Republican memory and identity in Dulce Chac n s Cielos de barro ngeles L pez s Martina la rosa n mero trece Alberto M ndez s Los girasoles ciegos Carlos Ruiz Zaf n s La sombra del viento Emili Teixidor s Pan negro Bernardo Atxaga s El hijo del acordeonista and Jos Mar a Merino s La sima The interrelationship between Republican subalternity and space is redefined by these writers as tense and constantly in flux undermined by its inexorable relationality which leads to subjects endeavoring to instill into space their own values Subjects erode the hegemonic power of the public space by articulating in an often surreptitious form their sense of belonging to a prohibited Republican memory culture In the democratic period they seek a categorical reinstatement of same on the public terrain Ryan also considers the motivation underlying this coterie of authors commitment to the issue of historical memory an analysis which serves to amplify the ambits of existing scholarship that tends to ascribe it solely to postmemory

Gender and Memory in the Postmillennial Novels of Almudena Grandes Lorraine

Ryan,2021-04-22 Almudena Grandes is one of Spain s foremost women s writers having sold over 1 1 million copies of her episodios de una guerra interminable her six volume series that ranges from the Spanish Civil War to the democratic period the myriad prizes awarded to her 18 in total confirm her pre eminence This book situates Grandes s novels within gendered philosophical and mnemonic theoretical concepts that illuminate hidden dimensions of her much studied work Lorraine Ryan considers and expands on existing critical work on Grandes s oeuvre proposing new avenues of interpretation and understanding She seeks to debunk the arguments of those who portray Grandes as the proponent of a sectarian eminently biased Republican memory by analysing the wide variety of gender and perpetrator memories that proliferate in her work The intersection of perpetrator memory with masculinity ecocriticism medical ethics and the child s perspectives confirms Grandes nuanced engagement with Spanish memory culture Departing from a philosophical basis Ryan reconfigures the Republican victim in the novels as a vulnerable subject who attempts to flourish thus refuting the current critical opinion of the victim as overly empowered The new perspectives produced in this monograph do not aim to suggest that Grandes is an advocate of perpetrator memory rather it suggests that Grandes is committed to a more pluralistic idea of memory culture whereby her novels generate understanding of multiple victim perpetrator and gender memories an analysis that produces new and meaningful engagements with these novels Thus Ryan contends that Grandes s historical novels are infinitely more complex and nuanced than heretofore conceived
