*The Military Dimension: Mark II* David Drake,1995-02-01 WELCOME TO THE WAR ZONE When they say that war changes a man they're being euphemistic War makes a man insane by civilian standards When the man comes back he may return to civilian norms again After a while I'm not proud of many of the things that happened in Nam I'm not proud of some of the things I did myself But the men I served with were for the most part doing the best job they could with the cards they'd been dealt I'm proud of them and I'm proud to have been among them Anybody's got a right to criticize the things that happened But don't criticize the men who did them unless you've been in their shoes Ever since I came back the object of my military fiction has been to put somebody as normal as you or as I was into a war zone And I hope to God neither you nor your son ever has an opportunity to compare my fiction with the real thing A shorter edition of this book was published under the title *The Military Dimension* At the publisher's request this title is sold without DRM Digital Rights Management *The Weird Indexes of Eerie Publications* Mike Howlett,2012-10-08 Meticulously detailed indexes to the Eerie Publications horror comics the dreadful bad boys of black and white horror mags THERE ARE NO STORIES REPRINTED HERE Just hard core pure information Dimensions Whit Haney,2022-04-11 Michael Townsend just wants to study the mammalian genome but incidentally becomes a pawn in an alien game of strategy During his research Michael gets sick After blood work a rheumatologist confirms that Michael's genetic code is missing molecules It's as if something spliced his DNA at the same point in every cell leaving Michael to waste away Except Michael doesn't waste away A last ditch treatment effort turns him into something else entirely He becomes the Knight Bear a man turned into a wild beast He soon learns of aliens from another dimension formed from quarks random subatomic particles also calling themselves quarks It was the quarks that tried to eliminate Michael but he is anything but dead Now Earth is under attack from an evil alien warlord These aliens scheme to use humans as laboratory rats experimenting to see if others can survive like Michael When humans are captured in the midst of this intergalactic struggle they are taken to the other dimension of quarks and for everyone it is now time to

something frighteningly different about it According to the legends of the Omaha Indians who had lived there before high in the sky above the little town lived spirits of people who were not dead Their sole purpose was to inhabit the bodies of unsuspecting people on Earth and brazenly assume their lives in the process They would stop at nothing They were the cloud monsters Twelve year old Alex Poe was just beginning his summer vacation He watched with fascination as a cloud miraculously fell from the sky and instantly turned into a tall thin man from another time Later that night a mysterious and enchanting young girl who appeared to be wearing a blue and white gingham dress from the nineteenth century met him in his dreams and bade him to join her in the clouds Her name was Annabel Lee Only the richest man in town Ebenezer Wilson knew what was truly going on However the troubling secret he carried with him along with the very unsavory pact he had agreed to eleven years before could very well keep him from helping anyone even himself What exactly is going on in Kerchawa and why are the cloud monsters so obsessed with young Alex Poe The exciting journey to the conclusion of this story is both a nightmare and a fantasy cleverly cloaked in reality Read on if you dare The answers will come Whether or not you can handle them is the real question
