Difference and Democracy Kolja Raube, Annika Sattler, 2011-11-14 Differenz ist eine noch häufig vernachlässigte Dimension sozialer Interaktion die jedoch als Forschungsfeld an Bedeutung gewinnt Der Band untersucht das positive Potenzial von Differenz der Ideen Interessen oder Institutionen und zeigt unter welchen Bedingungen sie einen Gewinn für effektives und legitimes Handeln in demokratischen Systemen darstellt Die Beiträger sind Politikwissenschaftler Soziologen Kommunikationswissenschaftler Rechtswissenschaftler und Kunsthistoriker

Difference and Democracy Kolja Raube, Annika Sattler, 2011-11 As Europe becomes increasingly diverse understanding the effects of differences among citizens within European democracy crucial The contributors to Difference and Democracy take a novel interdisciplinary approach to this important dimension of social interaction drawing on political science sociology communications studies legal studies and art history Contrary to alarmist accounts of difference in Europe these essays explore its potentially positive impact outlining the conditions under which differences could lead to effective and legitimate political action

The Diplomatic System of the European Union Michael Smith, Stephan Keukeleire, Sophie Vanhoonacker, 2015-06-12 Over the past five years the EU has established a new system of diplomacy centred on the European External Action Service EEAS and the High Representative for Foreign Affairs and Security Policy This new system reflects a process of evolution in a changing context and has been faced by major challenges since its inception This book examines the diplomatic system of the EU locating it within the broader study of diplomacy and the European integration project The volume is structured around the interrelated themes of institutional change and the evolving practices of EU diplomacy It tracks the development of the EU's system of diplomacy with particular reference to the implementation of the Lisbon Treaty the establishment of the EEAS and the emerging practices of EU strategic and structural diplomacy Bringing together contributions from leading experts in the field this book provides an original approach to the development and operation of the EU's diplomatic system This book will be of interest to students and scholars of European Union international relations European Union politics and diplomacy

From the Far Right to the Mainstream Humayun Ansari, Farid Hafez, 2012-04-19 Der Einfluss islamfeindlicher Strömungen und Parteien ist unübersehbar Er zeigte sich bereits vor 9/11 und der Affäre um die Mohammed Karikaturen Doch wo hat diese Entwicklung ihren Ursprung und mit welcher Dynamik hat sie sich verbreitet Anhand von Fallbeispielen aus Großbritannien Österreich Deutschland Frankreich Dänemark und den USA zeichnen die Beiträger nach wie islamophobe Diskurse von den politisch rechten Rändern Eingang in die Mitte der Gesellschaft fanden Deutlich wird Medien und Politiker spielen eine entscheidende Rolle in diesem Prozess

The Max Planck Handbooks in European Public Law Armin von Bogdandy, Peter M. Huber, Christoph Grabenwarter, 2023 The fourth volume of the Max Planck Handbooks in European Public Law series compares European constitutional jurisdiction in the perspective of the European legal space It examines the structures of the organization the appointment of judges the procedures and the methods of argumentation and

interpretation their impact on state and society their legitimacy or their role in the division of powers and thus completes the picture following the country reports in Volume III This comparative perspective is supplemented by an examination that illustrates the relationship to the ECJ the ECtHR and the Venice Commission as well as their constitutional function Finally the volume is devoted to the challenges currently facing constitutional jurisdiction in the European Legal Space The historical political and theoretical foundations as well as the basic doctrinal features of constitutional jurisdiction are presented in such a way that the discussion about its role and further development in this legal space is sustainably stimulated

Rule of Law vs Majoritarian Democracy Giuliano Amato, Benedetta Barbisan, Cesare Pinelli, 2021-08-26 What is more paradoxically democratic than a people exercising their vote against the harbingers of the rule of law and democracy What happens when the will of the people and the rule of law are at odds Some commentators note that the presence of illiberal political movements in the public arena of many Western countries demonstrates that their democracy is so inclusive and alive that it comprehends and countenances even undemocratic forces and political agendas But what if on the contrary these were the signs of the deconsolidation of democracy instead of its good health What if democratically elected regimes were to ignore constitutional principles representing the rule of law and the limits of their power With contributions from judges and scholars from different backgrounds and nationalities this book explores the framework in which this tension currently takes place in several Western countries by focusing on four key themes The Rule of Law presenting a historical and theoretical reconstruction of the evolution of the Rule of Law The People dealing with a set of problems around the notion of people and the forces claiming to represent their voice Democracy and its enemies tackling a variety of phenomena impacting on the traditional democratic balance of powers and institutional order Elected and Non Elected focusing on the juxtaposition between judges and more generally non representative bodies and the people's representation

Environmental Journalism Henrik Bodker, Irene Neverla, 2014-10-29 Environmental journalism is an increasingly significant area for study within the broader field of journalism studies It connects the concerns of politics science business culture and the natural world whilst also exploring the boundaries between the local regional and global A central and typical focus for its concerns are the global summits convened to share scientific knowledge about global warming and to formulate policies to mitigate its consequences in particular locales But reporting environmental change creates difficulties for journalists who are often ill equipped to resolve the uncertainties in the disputed scientific accounts of climate change This research based collection focuses on aspects of environmental journalism in Australia France Norway Sweden the UK and the USA Contributors present case studies of media reporting of the environment and explore considerations of objectivity and advocacy in journalistic coverage of the environment and climate change This book was originally published as a special

issue of Journalism Studies *Imagining European Unity since 1000 AD* Patrick Pasture, 2015-05-28 European unity is a dream that has appealed to the imagination since the Middle Ages Its motives have varied from a longing for peace to a deep rooted abhorrence of diversity as well as a yearning to maintain Europe s colonial dominance This book offers a multifaceted history that takes in account the European imagination in a global context **Judicial Power** Christine Landfried, 2019-02-07 The power of national and transnational constitutional courts to issue binding rulings in interpreting the constitution or an international treaty has been endlessly discussed What does it mean for democratic governance that non elected judges influence politics and policies The authors of *Judicial Power* legal scholars political scientists and judges take a fresh look at this problem To date research has concentrated on the legitimacy or the effectiveness or specific decision making methods of constitutional courts By contrast the authors here explore the relationship among these three factors This book presents the hypothesis that judicial review allows for a method of reflecting on social integration that differs from political methods and precisely because of the difference between judicial and political decision making strengthens democratic governance This hypothesis is tested in case studies on the role of constitutional courts in political transformations on the methods of these courts and on transnational judicial interactions *The Limits of Choice* Sahra Wagenknecht, 2013-10-02 In *The Limits of Choice* Sahra Wagenknecht examines household saving decisions and basic needs in Germany and the United States based on official data from both countries from the 1950s to present day Arguing against the hypothesis that assumes consumers optimize their consumption intertemporally based exclusively on their permanent or lifetime income Wagenknecht proposes a rule of thumb according to which consumers will save if their current income exceeds basic expenditure while they will demand credit when income can no longer meet basic needs *Islam and Secularity* Nilüfer Göle, 2015-10-23 In *Islam and Secularity* Nil fer G le takes on two pressing issues the transforming relationship between Islam and Western secular modernity and the impact of the Muslim presence in Europe G le shows how the visibility of Islamic practice in the European public sphere unsettles narratives of Western secularism As mutually constitutive Islam and secularism permeate each other the effects of which play out in embodied and aesthetic practices and are accompanied by fear anxiety and violence In this timely book G le illuminates the recent rethinking of secularism and religion of modernity and resistance to it of the public significance of sexuality and of the shifting terrain of identity in contemporary Europe *Imperfect Democracies* Yves Mény, Jan Kermer, 2021-05-20 This book re examines what democracy is in the context of democratic disenchantment and surge of support for populist parties in most if not all democratic systems It argues that these popular protests and claims are not by themselves anti democratic but they are manifestations of a fundamental misunderstanding about what democracy is and can be The starting point is to underline that all democracies are the result of an historical bricolage where many heterogeneous components have been included over time and space becoming part and parcel of what constitutes a democratic system even when these foreign elements are literally anti

democratic in the proper sense of the term Liberalism is at stake Many political systems are deemed un democratic as they tend to become illiberal forgetting that reforms inspired by liberalism were often directed at limiting repressing and forbidding the full expression of the will of the people Today democracies are for the most part characterized not only by periodic crises and the fall of representative institutions i e political parties but also by the growing expropriation of the political by non political institutions Governance has replaced governments elections do not matter or at least it seems that a growing number of citizens feel apathetic and resent the political process Populism is a radical by product of a popular rage which has not found the appropriate channels to convey its messages and aspirations for change

Systemic Risk Helmut Willke,Eva Becker,Carla Rostásy,2013-09 Five years have past since the outbreak of one of the worst financial crises the world has ever witnessed Yet despite an exceedingly diverse range of publications available to date central questions have remained unanswered Indeed systemic risk has become both a buzzword and has developed into an acute threat But what exactly constitutes the very essence of the concept And might it be considered an economic or rather a political phenomenon

Book jacket **Mechanisms of Trust** Jan Müller,2013-04 This study examines the relationship between the media and the government in authoritarian regimes and Western democracies focusing on how political structures affect the level of trust between the public and the news media Surprisingly Jan M ller finds that there is a higher level of trust among citizens of authoritarian regimes To help reassert trust in the media M ller argues that in democratic societies a differentiated media system with interventions of the state to ensure plurality in the form of public service media for example leads to trust in the news media

The Normality of Civil War Teresa Koloma Beck,2012-10-08 Krieg gilt gemeinhin als Ausnahmezustand den es zu berwinden gilt Anhand der j ngeren Geschichte Angolas zeigt Teresa Koloma Beck wie die Pr senz von Gewalt und Gewaltakteuren zur Herausbildung einer eigenen Normalit t des B rgerkriegs f hren kann Das Buch wirft nicht nur ein neues Licht auf soziale Dynamiken in B rgerkriegen sondern auch auf typische Probleme in Nachkriegsgesellschaften

Order, Crisis, and Redemption Peter Langford,Saul Newman,2023-07-01 Recent events such as the COVID 19 pandemic the invasion of Ukraine the rise of right wing populism the growing economic inequality and political instability and the climate emergency are indicative of the decomposition of the global liberal democratic order Order Crisis and Redemption is a critical reflection on the limitations of Carl Schmitt s political theology an attempt to think with and beyond Schmitt about the parameters of this crisis Through a sustained critical engagement ranging over Schmittian texts including the lesser known from the 1920s to the 1970s the book elaborates three main themes that preoccupied Schmitt order crisis and redemption In times of crisis as with the one we are currently experiencing we are faced with the dilemma of either shoring up the current political and legal order through ever more authoritarian measures or radically transforming it Redemption in the full theological sense of the word thus implies the possibility of a new understanding of ethics and politics aimed at creating a more just world

Writing Political History Today Willibald Steinmetz,Ingrid Gilcher-Holtey,Heinz-Gerhard

Haupt,2013-05 In recent years political history has been rediscovered by historians In this volume the contributors approach the new political history in a constructivist way conceiving the political as a communicative space whose boundaries are constantly reconfigured through acts of verbal visual and sometimes violent communication Writing Political History Today is organized into four sections focusing on politics and the political as contested concepts boundary disputes between the political and other spheres the question whether violence is a means an object or the end of political communication and on a future agenda for writing political history **Varieties of Innovation Systems** Michael Ortiz,2013-05 Investigates the governance structures and mechanisms of knowledge and technology transfer in the context of innovation and production systems in six regions of Europe With analyses of strengths and weaknesses barriers and shortcomings this book identifies best practice models and policy recommendations for the investigated regions Reproductive Technologies as Global Form Michi Knecht,2012-07 In the thirty five years since the first test tube baby in vitro fertilization and other methods of reproductive assistance have become a common aspect of family life and medicine in affluent nations and increasingly throughout the world How do persons seeking treatment donors and medical experts make use of these reproductive technologies How in crossing borders between nations do they manage to evade legal and bioethical regulations And how do they make sense of these new modes of making kinship against the backdrop of diverse world views and social settings
