Digital Methodologies Sociology Religion Cheruvallil Contractor:

Digital Methodologies in the Sociology of Religion Sariya Cheruvallil-Contractor, Suha Shakkour, 2015-12-17 This volume considers the implementation difficulties of researching religion online and reflects on the ethical dilemmas faced by sociologists of religion when using digital research methods Bringing together established and emerging scholars global case studies draw on the use of social media as a method for researching religious oppression religion and identity in virtual worlds digital communication within religious organisations and young people's diverse expressions of faith online Additionally boxed tips are provided throughout the text to serve as reminders of tools that readers may use in their own research projects

The Digital Social Alpha Possamai-Inesedy, Alan Nixon, 2019-12-02 The edited volume aims to present a critical analysis of the current state of research on religion and belief systems in the realm of the Digital Social The rapid expansion and democratization of digital technologies in conjunction with the significant shifts taking place within the practices of religion and belief through digital technology demand a critical examination across the social sciences and humanities These changes call for an overview of not only our current methodological tool box but also the epistemological and ethical considerations that researchers must contend with The proposed volume provides a critical framework that recognizes that the social and therefore the religious cannot be fully understood without recognizing how the digital world actively constitutes notions such as identity social networks embodiment and social institutions While some specific methods will be discussed the volume's emphasis remains on the critical epistemological and logistical considerations that are needed when undertaking this form of research

Islamic Education in Britain Alison Scott-Baumann, Sariya Cheruvallil-Contractor, 2015-08-27 The Western world often fears many aspects of Islam without the knowledge to move forward On the other hand there are sustained and complex debates within Islam about how to live in the modern world with faith Alison Scott Baumann and Sariya Contractor Cheruvallil here propose solutions to both dilemmas with a particular emphasis on the role of women Challenging existing beliefs about Islam in Britain this book offers a paradigm shift based on research conducted over 15 years The educational needs within several groups of British Muslims were explored resulting in the need to offer critical analysis of the provision for the study of classical Islamic Theology in Britain *Islamic Education in Britain* responds to the dissatisfaction among many young Muslim men and women with the theological secular split and their desire for courses that provide combinations of these two strands of their lived experience as Muslim British citizens Grounded in empirical research the authors reach beyond the meta narratives of secularization and orientalism to demonstrate the importance of the teaching and learning of classical Islamic studies for the promotion of reasoned dialogue interfaith and intercultural understanding in pluralist British society

The i-zation of Society, Religion, and Neoliberal Post-Secularism Adam Possamai, 2017-10-30 This book explores the elective affinity of religion and post secularism with neoliberalism With the help of digital capitalism neoliberalism dominates more and more all aspects of life and religion is not

left unaffected While some faith groups are embracing this hegemony and others are simply following the signs of the times changes have been so significant that religion is no longer what it used to be Linking theories from Fredric Jameson and George Ritzer this book presents the argument that our present society is going through a process of i zation in which 1 capitalism dominates not only our outer social lives through for example global capitalism but also our inner personal lives through its expansion in the digital world facilitated by various i technology applications 2 the McDonaldisation process has now been normalized and 3 religiosity has been standardized Reviewing the new inequalities present in this i society the book considers their impact on Jurgen Habermas s project of post secularism and appraises the roles that various religions may have in supporting and or countering this process It concludes by arguing that Habermas s post secular project will occur but that paradoxically the religious message s will be instrumentalized for capitalist purposes Digital Humanities and Christianity Tim Hutchings, Claire Clivaz, 2021-09-20 This volume provides the first comprehensive introduction to the intersections between Christianity and the digital humanities DH is a well established fast growing multidisciplinary field producing computational applications and analytical models to enable new kinds of research Scholars of Christianity were among the first pioneers to explore these possibilities using digital approaches to transform the study of Christian texts history and ideas and innovative work is taking place today all over the world This volume aims to celebrate and continue that legacy by bringing together 15 of the most exciting contemporary projects grouped into four categories Canon corpus and manuscript examines physical texts and collections Words and meanings explores digital approaches to language and linguistics Digital history uses digital techniques to explore the Christian past and Theology and pedagogy engages with digital approaches to teaching formation and Christian ideas This volume introduces key debates shares exciting initiatives and aims to encourage new innovations in analysis and communication Christianity and the Digital Humanities is ideally suited as a starting point for students and researchers interested in this vast and complex field The Routledge Handbook of Global and Digital Governance Crossroads Preeti Shroff-Mehta, Jagdish. N Sheth, John Garrison, Shailendra Raj Mehta, 2024-08-26 This handbook maps and analyzes cross sector public corporate social community faith governance theories models and practices as they are evolving in a digital world It studies human cultural societal institutional interactions and challenges in a digitally enabled world especially in the context of post crisis resilience and agility Every global crisis forces societies and nations to realign while addressing deeper structural and cultural issues in governance The Covid 19 pandemic has necessitated swift local to global governance responses for timely digital innovations for health crisis interventions economic recovery and societal equity While every nation state is developing global pandemic responses in a digitally enabled world the deeper crisis of human institutional and societal governance deficit is also evident This handbook documents digital governance innovations that enhance stakeholder engagement and inclusion for resilient accountable and effective governance across sectors This volume reflects on a range of theoretical frameworks adapted for understanding

global and digital governance It looks at international governance collaborations corporate governance reform education governance innovations public sector and urban governance health system governance sustainability and environmental governance community and faith based governance and digital cultural and creativity governance This book is unique as it presents important work on post Covid 19 digital and democratic governance and brings together holistic interdisciplinary and intersectoral perspectives from the Global North and Global South engaging the leading scholars practitioners businesses and civil society It will be of interest to multi sector institutions and global audiences governments corporates social sector institutions digital entrepreneurs students and researchers academic professionals policy makers public and private sector institutional leaders and organizational and entrepreneurial innovators interested in the field of governance

People of the Screen John Dyer, 2023 People of the Screen traces the history of Bible software development showing the unique and powerful role evangelical entrepreneurs and coders have played in shaping its functionality and how their choices in turn shape the reading habits of millions of people around the world Examining advancements in Bible software from the first desktop applications to pioneering Bible websites and later to mobile apps and virtual experiences this book argues that evangelical creators have a distinct orientation toward societal change and technology called Hopeful Entrepreneurial Pragmatism that uniquely positions them to lead the digital Bible market imbuing their creations with evangelical ways of understanding the nature and purpose of Scripture This book offers a blend of historical research interviews with developers and field work among digital and print Bible readers offering a nuanced look at the interconnected ecosystem of publishers developers pastors institutions and software companies Digital Bibles aren't replacing print Bibles author John Dyer shows Rather the future of Bible engagement involves readers using a mix of print audio and screens to suit their needs He shows that sometimes the God of the page seems to say different things than the God of the screen suggesting that we are still in the early stages of a multimedia approach to scripture **The Oxford**

Handbook of Caribbean Religions Michelle A. Gonzalez, Michelle Gonzalez Maldonado, 2024 The Oxford Handbook of Caribbean Religions offers a comprehensive overview of Caribbean religions The Caribbean is a microcosm of the world's religions but the small geographic space resulted in the encounter of global religions and indigenous religious practices The racial ethnic and cultural diversity of this region makes brief introductions to Caribbean religions incapable of truly addressing its complex and diverse religious landscape The Handbook also elaborates on the diversity of the religious traditions and the national particularity of the region while also considering multiple geographic settings It mentions how often Caribbean religion is studied through the perspective of a discrete religious tradition or geographic setting **The Sacred & the Digital** F.G. (Frank) Bosman, 2019-04-18 Video game studies are a relative young but flourishing academic discipline But within game studies however the perspective of religion and spirituality is rather neglected both by game scholars and religion scholars While religion can take different shapes in digital games ranging from material and referential

to reflexive and ritual it is not necessarily true that game developers depict their in game religions in a positive confirming way but ever so often games approach the topic critically and disavowingly The religion criticisms found in video games can be categorized as follows religion as 1 fraud aimed to manipulate the uneducated as 2 blind obedience towards an invisible but ultimately non existing deity ies as 3 violence against those who do not share the same set of religious rules as 4 madness a deranged alternative for logical reasoning and as 5 suppression in the hands of the powerful elite to dominate and subdue the masses into submission and obedience The critical depictions of religion in video games by their developers is the focus of this special issue

The Routledge Handbook of Megachurches Afe Adogame,Chad M. Bauman,Damaris Parsitau,Jeaney Yip,2024-05-07 The Routledge Handbook of Megachurches provides a survey of global megachurch phenomena with an international slate of authors introducing existing and emerging research on a wide variety of relevant topics Over the past decade the field of megachurch studies has matured and become global in its scope and orientation The Handbook offers 33 chapters by top scholars in the field focusing in particular on The location demographic nature and transnational connections of megachurches Megachurch worship hermeneutics and theology in theory and practice Megachurch institutional dynamics The various ways that megachurches have both influenced and been influenced by their social contexts in terms of class age gender sexuality and pop culture The Handbook s interdisciplinary orientation makes it essential reading for sociologists political scientists anthropologists media specialists pop culture observers business strategists leadership consultants marketing analysts scholars of religion and Christian historians theologians and missiologists Experienced scholars of megachurches will gain valuable insight into aspects of megachurch research beyond their own specializations Scholars new to the field will find the chapters useful as signposts for where to begin their own academic exploration Christian pastors and laypeople will learn more about this increasingly prominent and influential form of their faith

The Oxford History of Hinduism: Modern Hinduism Torkel Brekke,2019-06-27 The Oxford History of Hinduism Modern Hinduism focuses on developments resulting from movements within the tradition as well as contact between India and the outside world through both colonialism and globalization Divided into three parts part one considers the historical background to modern conceptualizations of Hinduism Moving away from the reforms of the 19th and early 20th century part two includes five chapters each presenting key developments and changes in religious practice in modern Hinduism Part three moves to issues of politics ethics and law This section maps and explains the powerful legal and political contexts created by the modern state first the colonial government and then the Indian Republic which have shaped Hinduism in new ways The last two chapters look at Hinduism outside India focusing on Hinduism in Nepal and the modern Hindu diaspora

Digital Hinduism Xenia Zeiler,2019-10-24 Digital Religion does not simply refer to religion as it is carried out online but more broadly studies how digital media interrelate with religious practice and belief This collection explores Digital Hinduism and consequentially studies how Hinduism is expressed in the digital sphere and how Hindus utilise digital media Highlighting

digital Hinduism and including case studies with foci on India Asia and the global Hindu diaspora this book features contributions from an interdisciplinary and international panel of academics The chapters focus on specific case studies which in summary exemplify the wide variety and diversity of what constitutes Digital Hinduism today Applying methods and research questions from various disciplinary backgrounds appropriate to the study of religion and digital culture such as Religious Studies South Asian Studies Anthropology and Media and Communication Studies this book is vital reading for any scholar interested in the relationship between religion and the digital world

Religion and Higher Education in Europe and North America Kristin Aune, Jacqueline Stevenson, 2016-12-01 Religion and Higher Education in Europe and North America illuminates the experiences of staff and students in higher education as they negotiate the university environment Religious extremism has been rising across Europe whilst recent attacks have thrown public debate around the place of religion on campus the role of universities in recognising and managing religious fundamentalism and freedom of speech on campus into sharper focus Despite these debates research exploring religion on campus has been largely absent from discourse on higher education outside of America with policy and practices designed to deal with religion on campus largely founded on supposition rather than evidence This book speaks into that void including results from recent studies in the field which form an empirically grounded base from a broad variety of perspectives on religion at universities Aiming to offer a deeper perspective more dialogue and engagement on the experiences of students Religion and Higher Education in Europe and North America presents us not only with an opportunity to counter growing trends of intolerance but for people to connect with the humanity of others Focusing on what research reveals about staff and students experiences it incorporates research from different academic disciplines including sociology education social policy theology and religious studies and across different faith and belief groups This thought provoking and challenging volume features chapters written by researchers involved in informing policy and practice relating to religion and belief in higher education in the UK US Canada France and the Netherlands Spanning the academic practitioner divide students and academics interested in the sociology of religion and of higher education as well as those responsible for the practical management of campus life will find this text of particular importance

Anthropological Perspectives on the Religious Uses of Mobile Apps Jacqueline H. Fewkes, 2019-10-10 This edited volume deploys digital ethnography in varied contexts to explore the cultural roles of mobile apps that focus on religious practice and communities as well as those used for religious purposes whether or not they were originally developed for that purpose Combining analyses of local contexts with insights and methods from the global subfield of digital anthropology the contributors here recognize the complex ways that in app and on ground worlds interact in a wide range of communities and traditions While some of the case studies emphasize the cultural significance of use in local contexts and relationships to pre existing knowledge networks and or non digital relationships of power others explore the globalizing and democratizing influences of mobile apps as communication technologies From Catholic confession apps to

Jewish Kaddish assistance apps and Muslim halal food apps readers will see how religious themed mobile apps create complex sites for potential new forms of religious expression worship discussion and practices **Liquid Scripture** Jeffrey S. Siker, 2017-09-01 The electronic Bible is here to stay packaged in software on personal computers available as apps on tablets and cell phones Increasingly students look at glowing screens to consult the Bible in class and congregants do the same in Bible study and worship Jeffrey S Siker asks what difference does it make to our experience of Scripture if we no longer hold a book in our hands if we again scroll through Scripture How does the flow of electronic Scripture change our perception of the Bible's authority and significance Siker discusses the difference made when early Christians adopted the codex rather than the scroll and Gutenberg began the mass production of printed Bibles He also reviews the latest research on how the reading brain processes digital texts and how churches use digital Bibles including American Bible Society research and his own surveys of church leaders Siker asks does the proliferation of electronic translations reduce the perceived seriousness of Scripture Does it promote an individualistic response to the Bible How does the change from a physical Bible affect liturgical practice His synthesis of the advantages and risks of the digitized Bible merit serious reflection in classrooms and churches alike The SAGE Handbook of Web History Niels Brügger, Ian Milligan, 2018-12-10 The Web has been with us now for almost 25 years An integral part of our social cultural and political lives new media is simply not that new anymore Despite the rapidly expanding archives of information at our disposal and the recent growth of interest in web history as a field of research the information available to us still far outstrips our understanding of how to interpret it The SAGE Handbook of Web History marks the first comprehensive review of this subject to date Its editors emphasise two main different forms of study the use of the web as an historical resource and the web as an object of study in its own right Bringing together all the existing knowledge of the field with an interdisciplinary focus and an international scope this is an incomparable resource for researchers and students alike Part One The Web and Historiography Part Two Theoretical and Methodological Reflections Part Three Technical and Structural Dimensions of Web History Part Four Platforms on the Web Part Five Web History and Users some Case Studies Part Six The Roads Ahead **Religious Talk Online** Stephen Pihlaja, 2018-03-01 In the online world people argue about anything and everything religion is no exception Stephen Pihlaja investigates how several prominent social media figures present views about religion in an environment where their positions are challenged The analysis shows how conflict creates a space for users to share explain and develop their opinions and beliefs by making appeals to both a core audience of like minded viewers and a broader audience of viewers who are potentially interested in the claims ambivalent or openly hostile The book argues that in the back and forth of these arguments the positions that users take in response to the arguments of others have consequences for how religious talk develops and potentially for how people understand and practice their beliefs in the twenty first century Based on original empirical research it addresses long debated questions in sociolinguistics and discourse analysis regarding the role of

language in building solidarity defining identity and establishing genres and registers of interaction **XV International Scientific Conference "INTERAGROMASH 2022"** Alexey Beskopylny, Mark Shamtsyan, Viktor Artiukh, 2023-02-24 The book contains proceedings of the XV International Scientific Conference INTERAGROMASH 2022 Rostov on Don Russia This conference is dedicated to the innovations in the field of precision agriculture robotics and machines as well as agriculture biotechnologies and soil management It is a collection of original and fundamental research in such areas as follows unmanned aerial systems satellite based applications proximal and remote sensing of soil and crop positioning systems geostatistics mapping and spatial data analysis robotics and automation Potential and prospects for the use of hydrogen in agriculture for example in high performance tractors with hybrid electric transmission are disclosed in the research works of scientists from all over the world It also includes such topics as precision horticulture precision crop protection differential harvest precision livestock farming controlling environment in animal husbandry and other topics One of the important issues raised in the book is to ensure the autonomy of local farms The topic of the impact of the agro industrial sector on the environment also received wide coverage Ways to reduce the burden on the environment are proposed and the use of alternative fuels and fertilizers is suggested The research results presented in this book cover the experience and the latest studies on the sustainable functioning of agribusiness in several climatic zones The tundra and taiga forest steppe the steppe and semi desert all this is a unique and incredibly demanded bank of information the main value of which is the real experience of the functioning of agribusiness in difficult climatic and geographic conditions These materials are of interest for professionals and practitioners for researchers scholars and producers They are used in the educational process at specific agricultural universities or during vocational training at enterprises and also become an indispensable helper to farm managers in making the best agronomic decisions **The Bloomsbury Handbook to Studying Christians** George D. Chryssides, Stephen E. Gregg, 2019-11-14 Drawing on a range of methodologies editors George D Chryssides and Stephen E Gregg shift attention from normative textual and doctrinal matters to issues of materiality and everyday life in Christianity This handbook is structured in four parts which include coverage of the following aspects of Christianity sacred space and objects cyber Christianity food prayer education family life fundamentalism and sexuality In addition issues of gender race and ethnicity are treated throughout The international team of contributors provide in depth analysis that highlight the current state of academic study in the field and explores areas in which future research might develop Clearly organised to help users quickly locate key information and analysis the book includes an A to Z of key terms extensive guides to further resources a comprehensive bibliography and a chronology of landmark events making it a unique resource to upper level students and researchers *The Social Science of QAnon* Monica K. Miller, 2023-09-28 QAnon has emerged as the defining conspiracy group of our times and its far right conspiracies are extraordinary for their breadth and extremity Bringing together scholars from psychology sociology communications and political science this cutting edge volume uses social

science theory to investigate aspects of QAnon Following an introduction to the who what and why of QAnon Part I focuses on the psychological characteristics of QAnon followers and the group s methods for recruiting and maintaining these followers Part II includes chapters at the intersection of QAnon and society arguing that society has constructed QAnon as a threat and the social need to belong motivates its followers Part III discusses the role of communication in promoting and limiting QAnon support while Part IV concludes by considering the future of QAnon The Social Science of QAnon is vital reading for scholars and students across the social sciences and for legal and policy professionals
