Dignity And Destiny Humanity In The Image Of God:

Dignity and Destiny John F. Kilner, 2015-01-08 Misunderstandings about what it means for humans to be created in God's image have wreaked devastation throughout history for example slavery in the U S genocide in Nazi Germany and the demeaning of women everywhere In Dignity and Destiny John Kilner explores what the Bible itself teaches about humanity being in God's image He discusses in detail all of the biblical references to the image of God interacts extensively with other work on the topic and documents how misunderstandings of it have been so problematic People made according to God's image Kilner says have a special connection with God and are intended to be a meaningful reflection of him Because of sin they don't actually reflect him very well but Kilner shows why the popular idea that sin has damaged the image of God is mistaken He also clarifies the biblical difference between being God's image which Christ is and being in God's image which humans are He explains how humanity's creation and renewal in God's image are central respectively to human dignity and destiny Locating Christ at the center of what God's image means Kilner charts a constructive way forward and reflects on the tremendously liberating impact that a sound understanding of the image of God can have in the world today **Dignity and**

Destiny John Frederic Kilner, 2015 **The Body God Gives** Robert S. Smith, 2025-02-19 What is the relationship between sex and gender Understand society's shifts in thinking and talking about sex and gender Discover how biological sex guides gender Recognize how the Bible speaks to gender and transgender Respond to affirming interpretations of Scripture Answer gender confusion with clarity and compassion In The Body God Gives A Biblical Response to Transgender Theory Robert S. Smith argues that God intends a person's gender to be grounded in the reality of his or her biological sex the body God has given In making his case Smith critiques the central claim of transgender theory that the sexed body does not determine the gendered self He also evaluates contemporary changes in thought and speech about sex and gender responding to modern confusion with biblical conviction and compassion God speaks clearly both in his word and in his world Themelios,

When Did Sin Begin? Loren Haarsma, 2021-08-17 The question of the historical Adam is a flashpoint for many evangelical readers and churches Science and theology scholar Loren Haarsma who has studied written and spoken on science and faith for decades shows it is possible both to affirm what science tells us about human evolution and to maintain belief in the doctrine of original sin Haarsma argues that there are several possible ways of harmonizing evolution and original sin taking seriously both Scripture and science He presents a range of approaches without privileging one over the others examining the strengths and challenges of each

One Another's Equals Jeremy Waldron, 2017-06-19 This enlightening inquiry into the nature of human equality reveals the vital importance of this basic Western principle an important new book Robert B Reich New York Times Book Review An enduring theme of Western philosophy is that we are all one another s equals Yet the principle of basic equality is woefully under explored in modern moral and political philosophy In a major new work Jeremy Waldron attempts to remedy that shortfall with a subtle and multifaceted account of the basis for the West s commitment to human equality Waldron argues that there is no single characteristic that serves as the basis of equality Instead the case for moral equality rests on four capacities that all humans have the potential to possess in some degree reason autonomy moral agency and the ability to love But how should we regard the differences that people display on these various dimensions Waldron who has specialized in the nature of equality for many years confronts these questions and others fully and unflinchingly Based on the Gifford Lectures that he delivered at the University of Edinburgh in 2015 One Another s Equals takes Waldron s thinking further and deeper than ever before

The Real Royal Family James E. Schultz, 2021-03-26 God made human

beings in his image and that is what makes us so valuable Yet there are vastly different ideas of what the image means and how sin affects the image and each of those ideas impacts the claim that the image grounds human value People have treated one another in either horrible or wonderful ways based on their theologies of the image This book examines the logical implications of various image doctrines in the real world Also in Genesis 1 26 27 the image of God is closely tied to the first stated purposes of human life in Genesis 1 28 Yet such practical purposes seem remote from the private spirituality of the gospel story often heard in churches To live out our part in God s creation project we need to understand the image of God within the unfolding story Scripture narrates from creation to new creation This book builds a theology of the image of God by situating it firmly in the biblical narrative harnessing the insights of biblical theology and conversing with theologians past and present to form a coherent story of God his children and his creation in this age and the age to come

The Oxford Handbook of Mystical Theology Edward Howells, Mark Allen McIntosh, 2020 This collection provides a guide to the mystical element of Christianity as a theological phenomenon Part I offers a historical overview Part II considers sources and practices of mystical theology Part III examines conceptualities of mystical thought Part IV explores contributions of mystical teaching to theology and metaphysics

The Charge of God's Royal Children Timothy Howe, 2024-05-14 The Charge of God s Royal Children uses the tools of literary criticism e g structure plot repetition rhetorical aims etc to analyze the explicit references to the imago Dei in Gen 1 26 28 5 1 3 and 9 6 and how these references relate to one another and the developing narrative The work proposes that the imago Dei e g humanity as God s Royal Children functions as a governing evaluative concept throughout Genesis 1 11 providing a standard by which the reader should evaluate the decisions and actions of the characters

Christianity and the Laws of Conscience Jeffrey B. Hammond, Helen M. Alvare, 2021-06-24 Conscience has long been a foundational theme in Christian ethics but it is a notoriously slippery and contested term This volume works to define conscience and reveal the similarities and differences between different Christian traditions thinking on the subject In a thorough and scholarly manner the authors explore Christian theological legal constitutional historical and philosophical meanings of conscience Covering a range of historical periods major figures in the development of conscience and contemporary applications this book is a vital source for scholars from a wide variety of disciplines seeking to understand conscience from a range of perspectives

An Introduction to Theological Anthropology Joshua R. Farris, 2020-04-21 In this thorough introduction to theological anthropology Joshua Farris offers an evangelical perspective on the topic Farris walks the reader through some of the most important issues in traditional approaches to anthropology such as sexuality posthumanism and the image of God He addresses fundamental questions like Who am I and Why do I exist He also considers the creaturely and divine nature of humans the body soul relationship and the beatific vision

Exploring Personhood in Contemporary Times Lemuel W. Watson, 2023-03-01 With the dawn of research into leader behaviors scholars differentiated between being task oriented which is important and also being people oriented People matter And we tend to guard against

leader attitudes that treat persons as objects as passive or inert as instruments as so much clay to be shaped and molded Hannah Arendt 1958 rejected the idea that leadership is like work in which a craftsman picks up the raw materials and the requisite tools in order to create a product according to an image in his head No she said leadership is social action in which we all participate each with his or her unique and creative spontaneity collaborating in an erratic cascade toward the future Leadership is something people do together And to achieve that vision we must acknowledge each other as persons and not as figures in a ledger or pieces on a chessboard This volume is intended as a call to be curious about what we take for granted as individuals educators and leaders In essence to ask ourselves the more difficult questions about who we are as we recognize our need for others within a community What does it mean to be a person and to recognize another s personhood Nathan Harter 2021 draws us into a space to dialogue with ourselves about the notion of personhood as leaders So what does it mean to be a person And what does it mean to treat someone as a person What does anyone owe another person p 4 In what way then do leaders contend with such questions as they are becoming becoming better leaders becoming better individuals becoming their sacred selves A person centered ethic would be universal in scope yet adapted to local conditions that many leaders must deal with on a daily basis Nearly every religion already addresses both what it means to become a person and what one owes a person ethically regardless of race ethnicity nationality or other affiliation Regardless if organizations deal directly with the notion of personhood leaders deal with the workplace challenges of which the human bring him or her entire self to the unit Hence a comprehensive and integrate context forces us to revisit our assumptions about who exactly is a person and what they might deserve This volume would bring those voices into conversation In addition we intend to complicate the question by extending similar questions into emerging areas of increasing relevance in a technological age that crosses geographic boundaries such as online presences corporate entities and the prospects of Artificial Intelligence If anything an expanded interdisciplinary and global context makes this volume relevant and timely for leaders and leadership studies across multiple fields of study and professions *Transforming Work* ,2024-07-15

Transforming Work offers a radical re orientation of the nature and future of work and implications for mission In conversation with David Bosch s Transforming Mission and other global and ecumenical voices 21 leaders offer their vision for transforming the world of work and revisioning work to offer a transforming gift to the world Writing from biblical and historical perspectives with case studies and cultural exegesis they explore work and leisure ethics and economics technologies and Artificial Intelligence It is time to discern where God is transforming work in our cities and farms shops and classrooms politics and agencies [Evangelical Theology, Second Edition](#) Michael F. Bird,2020-10-20 Gospel Centered Theology for Today Evangelical Theology Second Edition helps today s readers understand and practice the doctrines of the Christian faith by presenting a gospel centered theology that is accessible rigorous and balanced According author Michael Bird the gospel is the fulcrum of Christian doctrine the gospel is where God meets us and where we introduce the world to

God And as such an authentically evangelical theology is the working out of the gospel in the various doctrines of Christian theology The text helps readers learn the essentials of Christian theology through several key features including A What to Take Home section at end of every part that gives readers a run down on all the important things they need to know Tables sidebars and questions for discussion to help reinforce key ideas and concepts A Comic Belief section since reading theology can often be dry and cerebral so that readers enjoy their learning experience through some theological humor added for good measure Now in its second edition Evangelical Theology has proven itself in classrooms around the world as a resource that helps readers not only understand the vital doctrines of Christian theology but one that shows them how the gospel should shape how they think pray preach teach and minister in the world **Christian Theology** Adam

Harwood,2022-10-19 The church has been entrusted with God s revelation and to steward the word of truth we must confess the Bible s teaching with clarity and conviction Adam Harwood s Christian Theology is both biblically faithful and historically informed providing a fresh synthesis of the essential doctrines of the faith Writing from a Baptist perspective Harwood brings fresh insights that many systematic theologies lack With readable prose suggestions for further study and discussion questions Christian Theology will equip students and pastors to clarify and articulate what they believe and why

Conformed to the Image of Christ Bryan Shuler,2025-07-08 How do we know that our spiritual experiences are authentic Christian theologians from the early church until today have consistently acknowledged the possibility of spiritual deception and a rich heritage exists on the study of spiritual discernment Throughout history scholars studying spiritual discernment have identified specific criteria by which believers can measure the authenticity of their spiritual experiences One possible criterion that has gone mostly unnoticed is the image of God In this book Bryan Shuler brings together an examination of the nature of spiritual experiences with the history of spiritual discernment criteria and recent developments on the theology of the image of God in order to show that authentic spiritual experiences will always conform to or lead believers to grow in conformity with the image of God in structural functional and relational aspects This book balances the particularities of Christ and Christian doctrine with the plurality of authentic expressions of Christian spirituality showing the variety of ways in which conformity to the image of God can manifest **Spirituality, Community, and Race**

Consciousness in Adult Higher Education Timothy Westbrook,2016-12-08 Drawing on the lived experiences of Black students in adult degree completion programs at predominantly White Christian institutions in the southern United States this book presents a model for reimagining adult higher education Westbrook explores the reasons students enrolled in degree programs how they experience their predominantly white institutions and how their experiences affect their lives Employing Critical Race Theory and Christian theology as frameworks for evaluating the students experiences the author sheds light on the ways African American experiences to inform critique and shape Christian adult learning in higher education **Why People Matter** John F. Kilner,2017-01-03 Amid current arguments related to human life and dignity

Christians must be clear about how their faith speaks to such concerns and what other outlooks have to say This book brings together noted ethicists Russell DiSilvestro David P Gushee Amy Laura Hall John F Kilner Gilbert C Meilaender Scott B Rae and Patrick T Smith to make a Christian case for human dignity It offers a robust critique of five influential alternative positions including the emerging outlook of transhumanism showing how a Christian view supports the crucial idea that people matter in a way other views cannot
