De Politionele Acties:

Gangsters and Revolutionaries Robert Cribb, 2008-10 *Gangsters and Revolutionaries* is the first in depth study of one of the people's armies which emerged from the chaos at the close of World War II in Indonesia to join the struggle for Indonesian independence in 1945. It traces the story of the People's Militia of Greater Jakarta from its origins as a loose network of petty criminals and labor bosses in the slums of urban Jakarta and the feudal estates of the surrounding countryside to its destruction at the hands of the Indonesian army in the late 1940s. This book examines the social basis of the Indonesian revolution especially the ways in which the revolutionary forces made use of existing social structures in mobilizing a popular following. It also highlights the painful process by which the new Indonesian state discarded and suppressed groups which had been instrumental in its own rise to power. Archival records, contemporary newspapers and interviews with survivors have been used to shed new light on the early history of the Indonesian army showing a tangled politics in which regular and irregular units, general staff officers and the Ministry of Defense vied for influence and struggled to formulate a strategy for guerrilla war. *Gangsters and Revolutionaries* introduces a host of unexpected but fascinating characters from the cat-eating General Mustopo and the implacable Haji Darip to the gangster unit which saw service with the Dutch as Her Majesty's Irregular Troops. Robert Cribb is Senior Fellow in Indonesian History at the Australian National University. His research focuses on Indonesian national identity, mass violence, environmental politics and historical geography. He is the author of the *Historical Atlas of Indonesia* 2000. Dutch-Indonesian War 1945-49 Marc Lohnstein, 2023-06-22. Highly detailed and colourful, this account illustrates the struggle of Indonesian forces in their War of Independence against the Netherlands following the surrender of occupying Japanese forces in 1945. Following on from MAA 521 *Royal Netherlands East Indies Army 1936-42* and completing the coverage of the post-World War II wars of decolonization, *The Dutch Indonesian War 1945-49* describes the Japanese surrender in September 1945 which left a power vacuum in the colonial Dutch East Indies, Indonesia. Using vivid colour illustrations and rare photos, this title depicts the various forces involved in the struggle for Indonesia: the British Indian Army troops sent to key areas to disarm Japanese garrisons; the Indonesian nationalists who immediately proclaimed an independent Republic; remaining Japanese troops; and the Dutch forces which arrived in 1946. The wide dispersion of populations and their ethnic, religious and political differences ensured that the struggle which followed was complex. Fragmented bands of nationalist pemuda insurgents were slowly brought together under command of a republican army: the BKR, later TKR, and finally the TNI, complete with naval and air elements. But stubborn negotiations alternated with bouts of major fighting. This book details how the nationalists were defeated by Dutch and Dutch-led local forces in urban areas, e.g. during Operations Product and Crow, 1947 and 1948, but how their guerrillas evaded Dutch troops in the jungle hills and

swamps Illustrating a wide range of uniforms insignia personal weapons and equipment this study showcases the troops and armour involved in the conflict **Indonesië in de Veiligheidsraad van de Verenigde Naties**, 1948-11 European Decolonization Martin Thomas, 2017-05-15 This collection brings together twenty one key articles that explore the nature and impact of colonial withdrawal Ranging across all the European colonial powers the articles discuss various aspects of decolonization including the role of political violence changing popular attitudes to empire and the inter actions between colonial conflict and Cold War *De politionele acties; de strijd om "Indië" 1945/1949* Pierre Heijboer, 1979 History in Cultural Studies: War Excesses in the Former Dutch Indies Rodney Westerlaken, Currently the excesses of the colonial war between The Netherlands and Indonesia in the former Dutch Indies are being re evaluated and interpreted in The Netherlands More and more reports photos and confessions appear showing a different truth than the one that is generally accepted in The Netherlands Marx said that people make history but never in conditions of their own making This essay evaluates the perspective of cultural studies in a historical context *Ending Empire* Hendrik Spruyt, 2005 At the dawn of the twentieth century imperial powers controlled most of the globe Within a few decades after World War II many of the great empires had dissolved and more recently multinational polities have similarly disbanded This process of reallocating patterns of authority from internal hierarchy to inter state relations proved far more contentious in some cases than in others While some governments exited the colonial era without becoming embroiled in lengthy conflicts others embarked on courses that drained their economies compelled huge sacrifices and caused domestic upheaval and revolution What explains these variations in territorial policy More specifically why do some governments have greater latitude to alter existing territorial arrangements whereas others are constrained in their room for maneuver In *Ending Empire* Hendrik Spruyt argues that the answer lies in the domestic institutional structures of the central governments Fragmented polities provide more opportunities for hard liners to veto concessions to nationalist and secessionist demands thus making violent conflict more likely Spruyt examines these dynamics in the democratic colonial empires of Britain France and the Netherlands He then turns to the authoritarian Portuguese empire and the break up of the Soviet Union Finally the author submits that this theory which speaks to the political dynamics of partition can be applied to other contested territories including those at the heart of the Arab Israeli conflict The West New Guinea Debacle C.L.M. Penders, 2021-10-01 This is a history which deals with the end of the Dutch colonial rule the early independent Indonesia the West New Guinea question and the emergence of Papuan nationalism The book chiefly concentrates on Dutch policies and perspectives which have so far generally been ignored in existing English language publications Netherlands Indonesian relations between 1950 and 1958 are treated in depth with a description and analysis of the struggle for power between the early more Western attuned and economic rationalist cabinets on the support of which the fate of the vast Netherlands controlled export economy was dependent and the masses driven by Sukarno and the populist parties West New Guinea and Papua nationalism began as early as the 1920s and 1930s and by the

early 1950s the Dutch had set about guiding the Papuans towards independence This policy had to be aborted however with the threat of an Indonesian invasion and the unwillingness of the US to provide armed support to Dutch forces As a result Australia too was reluctantly forced to abandon the Dutch Australia was forced to accept the inevitable It had actively encouraged the Netherlands to hold onto West New Guinea completed agreements on economic and social cooperation and conducted in depth studies about a possible Australia Dutch defence system against Indonesian aggression Without US military support however the situation became untenable This book will be required for those seeking to understand the genesis of the situation in West New Guinea today where Papuan nationalism is again in the ascendant following the recent dramatic events leading to the independence of East Timor Co published with Crawford House Publishing **De garoeda en de ooievaar** Herman Burgers, 2010-01-01 Deze nieuwe beschrijving van het wordingsproces van de Indonesische staat gaat ervan uit dat die staat zijn ontstaan niet alleen dankt aan de nationale vrijheidsbeweging maar ook aan de Nederlandse heerschappij waar die beweging zich tegen keerde Daarom gaat het boek uitdrukkelijk in op voornaamste ontwikkelingen van het door Nederland in de kolonie Nederlands Indi gevoerde beleid Hier sluiten hoofdstukken op aan over de Indonesische nationale beweging en over de Japanse bezetting van de kolonie in 1942 1945 Die bezetting maakte de weg vrij voor de proclamatie van de Indonesische onafhankelijkheid en de stichting van de Republiek Indonesi in augustus 1945 Het daarop ontbrande conflict tussen deze Republiek en Nederland kwam in 1949 tot een onvolledige oplossing waarna het geschil over West Irian nog tot een dertien jaar durende nasleep leidde Meer dan de helft van het boek is gewijd aan een kroniek van dit conflict en zijn nasleep Daarbij gaat ook ruime aandacht uit naar denkbeelden en sentimenten die het beleid hebben beïnvloed Het Vrouwenkorps-KNIL Sophia Kruyswijk-van Thiel, 2004 Handelseditie van het in 2003 verschenen proefschrift Het Vrouwenkorps KNIL was het eerste officiële militaire Vrouwenkorps een onderdeel van het voormalig Koninklijk Nederlands Indisch Leger De leden van het korps kwamen uit alle delen van de wereld die niet bezet waren door de Duitsers en de Japanners West Indi Canada de Verenigde Staten Engeland Argentini Cuba Australi en na de bevrijding van Zuid Nederland uit Nederland Als gevolg van soevereiniteitsoverdracht van Nederlands Indi werd op 26 juli 1950 het Koninklijk Nederlands Indisch Leger ontbonden Dat betekende ook dat het Vrouwenkorps KNIL op die datum werd opgeheven Het boek beschrijft het ontstaan en de geschiedenis van het Vrouwenkorps KNIL Tevens wordt een historische schets gegeven van het ontstaan van de militaire vrouwenkorpsen *De Politionele acties*, 1987 Bundeling van 7 lezingen over de diverse aspecten van de positie van het Nederlandse leger in Indonesi tijdens de dekolonisatieperiode 1945 1949

E. Elson, 2001-11-13 Suharto is synonymous with modern Indonesia He came to the leadership of Indonesia amidst extreme social upheaval and mass violence in 1966 and established an enduring regime known as the New Order He remained in command of the world's fourth most populous country until his dramatic fall from power in 1998 This book provides fascinating insights into a man who rose from humble beginnings to exert extraordinary power over a complex and volatile nation He presented himself as an infallible father of Indonesia yet he remained a mysterious and puzzling figure He sought to transform Indonesia into a strong united and economically prosperous nation but he is remembered today for human rights abuses and profound corruption The system of power he created collapsed with his decline and he left a problematic legacy for Indonesia's current leaders as they seek to create a new beginning for their country **Colonialism and the Modern World** Gregory

Confronting Memories of World War II Daniel Chiot, Gi-Wook Shin, Daniel Sneider, 2014-04-01 The legacy of the Second World War has been like the war itself an international phenomenon In both Europe and Asia common questions of criminality guilt and collaboration have intersected with history and politics on the local level to shape the way that wartime experience has been memorialized reinterpreted and used By directly comparing European and Asian legacies *Confronting Memories of World War II* provides unique insight into the way that World War II continues to influence contemporary attitudes and politics on a global scale The collection brings together experts from a variety of disciplines and perspectives to explore the often overlooked commonalities between European and Asian handling of memories and reflections about guilt These commonalities suggest new understandings of the war s legacy and the continuing impact of historical trauma

The Long Shadow of World War II Matthias Strohn, 2021-08-31 2020 marks 75 years since the end of World War II yet even as the war slips from living memory its legacies continue to influence current political and military thinking This anthology will analyze these legacies for a number of countries and regions including China Russia the United States the Near East and Germany illustrating in detail how World War II is not merely a historical event but a defining moment for current military and political thinking around the globe This book will therefore be of interest for those interested in history but also political and military decision makers and followers of current political and military affairs
