**Genesis and Nemesis of the First Dutch Colonial Empire in Asia and South Africa, 1596-1811** Gerrit Knaap, 2022-12-28 Based upon a sweeping command of Dutch East India Company VOC primary sources Knaap s manuscript offers a thought provoking thematic examination and chronological survey of the Dutch Republic s overseas and colonial expansion in Asia and South Africa mainly through the VOC and its successors the Batavian Republic the Kingdom of Holland and Franco Dutch Java over a period of more than two centuries 1596 1811 It elucidates and deals with several conceptual and theoretical issues that are intrinsically important and germane to a polity s definition of and how it chooses to execute

the process of expansion overseas in the early modern period One of this work s major arguments and contributions is its advocacy that the Dutch VOC s expansion in Asia was an imperial project and must be seen as an act of empire or at the very minimum the attempt to construct one via the innovative utilization of a highly organized and dynamic commercial institution with significant political and diplomatic power and naval and military resources *The British Library General Catalogue of Printed Books to 1975* British Library,1984 Catalogue of a very important collection of books and periodical sets on the Indian Archipelago Martinus Nijhoff,2013-11-21 *To the Shores of Chile* Mark Meuwese,2019-07-15 To the Shores of Chile presents the remarkable story of an expedition that took place in Latin America during the height of the Dutch Empire Skillfully translated by Mark Meuwese this captivating work sheds light on Dutch imperialism and the complicated relationships between Native peoples and European colonizers In 1643 the Dutch West India Company launched an expedition to the coast of southern Chile With plans to set up a permanent outpost that they hoped would generate enormous revenues in gold and weaken the position of their Spanish rivals a naval squadron of five vessels and six hundred and fifty soldiers sailors and craftsmen set sail under the direction of Hendrick Brouwer In the end lack of cooperation from the native Mapuche stymied the expedition However an account of the enterprise based on the journals and logbooks was published in Amsterdam in 1646 to capitalize on the public fascination with dangerous adventures of Europeans in exotic places and to serve as a political pamphlet in support of the renewal of the West India Company s charter To the Shores of Chile makes this account available for the first time in English and sheds light on both Dutch expansionism and the military and diplomatic power of indigenous people in South America It will be particularly valuable to ethnohistorians scholars of failed colonies and those interested in maritime and Dutch colonial history **Journal, Memorials and Letters of Cornelis Matelieff de Jonge** Peter Borschberg,2015-07-31 Admiral Cornelis Matelieff de Jonge was a Director in the Rotterdam chamber of the Dutch East Indies Company VOC for three decades in the early 17th century In May 1605 he set sail from the Dutch Republic with a fleet of 11 ships and in the following year launched an unsuccessful attack on Portuguese Melaka After visiting various locations in the region and signing landmark treaties with the rulers of Johor 1606 and Ternate 1607 he returned to the Netherlands in 1608 There he wrote a series of epistolary reports and memoranda that were carefully studied by leading policy makers in the Republic among them the renowned jurist Hugo Grotius and the politician and diplomat Johan van Oldenbarnevelt Early VOC policy for south eastern Asia drew heavily on Matelieff s submissions and the materials reproduced in this volume provide candid insights into key elements of VOC strategy trade security and regional diplomacy as well as Dutch relations with Spain and Portugal Here translated into English for the first time this collection of Matelieff s writings is an invaluable resource for students of business history early colonial history and the history of international law *Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971* New York Public Library. monumental series acclaimed as a masterpiece of comprehensive scholarship in the New York Times Book Review reveals the impact of Asia's high civilizations on the development of modern Western society. The authors examine the ways in which European encounters with Asia have altered the development of Western society in art, literature, science, and religion since the Renaissance. In Volume III, *A Century of Advance*, the authors have researched seventeenth-century European writings on Asia in an effort to understand how contemporaries saw Asian societies and peoples. Ghosts of the Past in Southern Thailand

Anthony Reid, Barbara Watson Andaya, Geoff Wade, Azyumardi Azra, Numan Hayimasae, Christopher Joll, Francis R.

Bradley, Philip King, Dennis Walker, Kobkua Suwannathat-Pian, Iik A. Mansurnoor, Duncan McCargo, 2013-01-01. At the heart of the on-going armed conflict in southern Thailand is a fundamental disagreement about the history of relations between the Patani Malays and the Thai kingdom. While the Thai royalist nationalist version of history regards Patani as part of that kingdom since time immemorial, Patani Malay nationalists look back to a golden age when the Sultanate of Patani was an independent prosperous trading state and a renowned center for Islamic education and scholarship in Southeast Asia, a time before it was defeated, broken up, and brought under the control of the Thai state. While still influential in recent years, these diametrically opposed views of the past have begun to make way for more nuanced and varied interpretations. Patani scholars, intellectuals, and students now explore their history more freely and confidently than in the past, while the once rigid Thai nationalist narrative is open to more pluralistic interpretations. There is growing interaction and dialogue between historians writing in Thai, Malay, and English, and engagement with sources and scholarship in other languages, including Chinese and Arabic. In *The Ghosts of the Past in Southern Thailand*, 13 scholars who have worked on this sensitive region evaluate the current state of current historical writing about the Patani Malays of southern Thailand. The essays in this book demonstrate that an understanding of the conflict must take into account the historical dimensions of relations between Patani and the Thai kingdom and the ongoing influence of these perceptions on Thai state officials, militants, and the local population.

*Nicolaes Witsen and Shipbuilding in the Dutch Golden Age*. A. J. Hoving, Diederick Wildeman, 2012-03-29. In 1671, Dutch diplomat and scientist Nicolaes Witsen published a book that served among other things as an encyclopedia for the shell-first method of ship construction. In the centuries since, Witsen's rather convoluted text has also become a valuable source for insights into historical shipbuilding methods and philosophies during the Golden Age of Dutch maritime trade. However, as Andr Wegener Sleeswyk's foreword notes, Witsen's work is difficult to access, not only for its seventeenth-century Dutch language but also for the vagaries of its author's presentation. Fortunately for scholars and students of nautical archaeology and shipbuilding, this important but chaotic work has now been reorganized and elucidated by A. J. Hoving and translated into English by Alan Lemmers. In *Nicolaes Witsen and Shipbuilding in the Dutch Golden Age*, Hoving, master model builder for the Rijksmuseum in Amsterdam, sorts out the steps in Witsen's method for building a seventeenth-century pinas by following them and building a model of the vessel. Experimenting with techniques and materials, conducting research in other

publications of the time and rewriting as needed to clarify and correct some vital omissions in the sequence Hoving makes Witsen s work easier to use and understand Nicolaes Witsen and Shipbuilding in the Dutch Golden Age is an indispensable guide to Witsen s work and the world of his topic the almost forgotten basics of a craftsmanship that has been credited with the flourishing of the Dutch Republic in the seventeenth century To view a sample of Ab Hoving s ship model drawings please visit <http://nautarch.tamu.edu/shiplab/AbHoving.htm>
