De Praestigiis Daemonum

Virginia Krause

De Praestigiis Daemonum:

On Witchcraft Johann Weyer (s.j.),1998 **Johann Weyer's De Praestigiis Daemonum** Karin M. Ciano,1992 *On the Demon-mania of Witches* Jean Bodin,Victoria University (Toronto, Ont.). Centre for Reformation and Renaissance Studies,1995 **Johann Weyer's De Praestigiis Daemonum** Michelle Lynn Harper,1990 **Women, Imagination and the Search for Truth in Early Modern France** Rebecca M. Wilkin,2016-12-05 Grounded in medical juridical and philosophical texts of sixteenth and seventeenth century France this innovative study tells the story of how the idea of woman contributed to the emergence of modern science Rebecca Wilkin focuses on the contradictory representations of women from roughly the middle of the sixteenth century to the middle of the seventeenth and depicts this period as one filled with epistemological anxiety and experimentation She shows how skeptics including Montaigne Marie de Gournay and Agrippa von Nettesheim subverted gender hierarchies and or blurred gender difference as a means of questioning the human capacity to find truth while positivists who strove to establish new standards of truth for example Johann Weyer Jean Bodin and Guillaume du Vair excluded women from the search for truth The book constitutes a reevaluation of the legacy of Cartesianism for women as Wilkin argues that Descartes opening of the search for truth even to women was part of his appropriation of skeptical arguments This book challenges scholars to revise deeply held notions regarding the place of women in the early modern search for truth their role in the development of rational thought and the way in which intellectuals of the period dealt with the emergence of an influential female public *Thinking with Demons* Stuart Clark,1999 This is a work of fundamental importance for our understanding of the intellectual and cultural history of early modern Europe Stuart Clark offers a new interpretation of the witchcraft beliefs of European intellectuals based on their publications in the field of demonology and shows how these beliefs fitted rationally with many other views current in Europe between the fifteenth and eighteenth centuries Professor Clark is the first to explore the appeal of demonology to early modern intellectuals by looking at the books they published on the subject during this period After examining the linguistic foundations of their writings the author shows how the writers ideas about witchcraft and about magic complemented their other intellectual commitments in particular their conceptions of nature history religion and politics The result is much more than a history of demonology It is a survey of wider intellectual and ideological purposes and underlines just how far the nature of rationality is dependent on its historical context The Routledge History of the Devil in the Western Tradition Richard Raiswell,Michelle D. Brock,David R. Winter,2025-05-29 Covering a period of 2000 years this book offers an interdisciplinary exploration of the devil s role in the Western tradition and draws from history religion art literature media studies and anthropology to provide a multifaceted view of the devil over time The Routledge History of the Devil in the Western Tradition examines topics such as the devil s scriptural origins medieval development and role in witch hunting and possession cases as well as the influence of the demonic on contemporary issues like terrorism political polarisation and

digital culture Collectively this volume demonstrates that the demonological imagination has served as part of the glue holding Western societies together While contexts misfortunes and anxieties have shifted according to time and place many of the dynamics that underlie the devil's construction and detection have important continuities This book then provides an innovative history of the anti West the West as seen through its anxieties fears and attempts to define and police itself and its boundaries With contributions from 28 leading scholars in the field this volume is of interest to all students and scholars of the devil in the Western world

A History of Madness in Sixteenth-Century Germany H. C. Erik Midelfort, 1999 This magisterial work explores how Renaissance Germans understood and experienced madness It focuses on the insanity of the world in general but also on specific disorders examines the thinking on madness of theologians jurists and physicians and analyzes the vernacular ideas that propelled sufferers to seek help in pilgrimage or newly founded hospitals for the helplessly disordered In the process the author uses the history of madness as a lens to illuminate the history of the Renaissance the Reformation and Counter Reformation the history of poverty and social welfare and the history of princely courts state building and the civilizing process Rather than try to fit historical experience into modern psychiatric categories this book reconstructs the images and metaphors through which Renaissance Germans themselves understood and experienced mental illness and deviance ranging from such bizarre conditions as St Vitus's dance and demonic possession to such medical crises as melancholy and mania By examining the records of shrines and hospitals where the mad went for relief we hear the voices of the mad themselves For many religious Germans sin was a form of madness and the sinful world was thoroughly insane This book compares the thought of Martin Luther and the medical religious reformer Paracelsus who both believed that madness was a basic category of human experience For them and others the sixteenth century was an age of increasing demonic presence the demon possessed seemed to be everywhere For Renaissance physicians however the problem was finding the correct ancient Greek concepts to describe mental illness In medical terms the late sixteenth century was the age of melancholy For jurists the customary insanity defense did not clarify whether melancholy persons were responsible for their actions and they frequently solicited the advice of physicians Sixteenth century Germany was also an age of folly with fools filling a major role in German art and literature and present at every prince and princeling's court The author analyzes what Renaissance Germans meant by folly and examines the lives and social contexts of several court fools

Occult Scientific Mentalities Brian Vickers, 1984

The Science of Demons Jan Machielsen, 2020-03-18 Witches ghosts fairies Premodern Europe was filled with strange creatures with the devil lurking behind them all But were his powers real Did his powers have limits Or were tales of the demonic all one grand illusion Physicians lawyers and theologians at different times and places answered these questions differently and disagreed bitterly The demonic took many forms in medieval and early modern Europe By examining individual authors from across the continent this book reveals the many purposes to which the devil could be put both during the late medieval fight against heresy and during the age of Reformations It explores what it

was like to live with demons and how careers and identities were constructed out of battles against them or against those who granted them too much power Together contributors chart the history of the devil from his emergence during the 1300s as a threatening figure who made pacts with human allies and appeared bodily through to the comprehensive but controversial demonologies of the turn of the seventeenth century when European witch hunting entered its deadliest phase This book is essential reading for all students and researchers of the history of the supernatural in medieval and early modern Europe

Witchcraft, Demonology, and Confession in Early Modern France Virginia Krause, 2015-01-19 Situated at the crossroads of history and literary studies this book examines confession's place at the heart of French demonology Drawing on evidence from published treatises the writings of skeptics such as Montaigne and the documents from a witchcraft trial Virginia Krause shows how demonologists erected their science of demons on the confessed experiences of would be witches

De praestigiis daemonum: Johann Wier, 2014 *Trithemius and Magical Theology* Noel L. Brann, 1998-11-05 Through an examination of the Benedictine abbot Trithemius 1462-1516 this book explores the intersection of the early modern debate over occult studies with a number of contemporaneous developments late medieval mysticism the revival of ancient letters the Catholic and Protestant reform movements the witch hunts and the scientific revolution A Benedictine living to the threshold of the Reformation period Trithemius excelled for most of his career in the fields of monastic reform mystical theology and Christian Humanism and then suddenly announced himself to the world as an advocate of magic In many ways paralleling the life of his more famous contemporary Faustus Trithemius in contrast left to posterity a body of theoretical work in support of his magical operations Formulated to justify his own specialty cryptography Trithemius's occult theory goes beyond establishing the compatibility of magic with orthodox Christian doctrine Its basic thrust on the model of mystical theology is to present magic as an appropriate vehicle to convey the soul from the finite to the infinite

The Damned Art (RLE Witchcraft) Sydney Anglo, 2012-04-27 This book approaches witchcraft and demonology through literary records The works discussed deal with the contemporary theories propounded by those who sought either to justify or to refute persecution Eight contributors of differing interests and with different approaches to their subject examine a selection of important representative witchcraft texts published in England France Germany Italy and America setting them within their intellectual context and analysing both their style and argument

The Trick of the Tale James Robert Allen, 2012 This thesis is an intellectual history of early modern European beliefs in witchcraft Most research and scholarship on this period has focused on understanding the witch hunts and the collective phenomenon known as the witchcraze Historians have focused more the social and political conditions that contributed to witch hunting These studies have tended to focus on the institutions that existed to facilitate witchcraft prosecutions Comparatively the writings of demonologists or intellectuals during the early modern period have been studied to a lesser extent 1 Early modern authors like Johann Weyer are often interpreted as either a skeptic or believer in witchcraft Most studies of Weyer have interpreted

him as an early skeptic of witchcraft and an advocate against the witch trials. One of the reasons for this interpretation is that it fits within the historical narrative of the rise of the scientific method in the early modern period. However, by looking at a demonological text through the lens of its own language, historians gain a much sharper understanding of how intellectuals shaped early modern ideas; we understand what they believed and why. Moreover, the work that has been conducted on a nuanced perspective on the phenomenon of early modern witchcraft. The significance of this thesis is that it is a window into the beliefs of Johann Weyer; we experience the intellectual process that Weyer engaged in to formulate his treatise and opinion of witches. Accordingly, Weyer's text is a snapshot of a process in flux and undergoing transformation from an older medieval period and towards early modern thought. In short, by engaging with Weyer in his text on his terms, we understand not only what conclusions he reached about witchcraft but more importantly the logic by which he arrived at those conclusions. We see more clearly the complexity of historical change and the complexity which forged the transition into the period known as the age of reason. This study reveals the cross section of religion, science, and magic and how these beliefs functioned in sixteenth-century European thought.

Art, Science, and Witchcraft in Early Modern Holland Claudia Swan, 2005-06-08 Publisher Description

Early Modern Europe Philip Benedict, Myron P. Gutmann, 2005. Fifty years after the beginning of the debate about the general crisis of the seventeenth century and thirty years after Theodore K. Rabb's reformulation of it as the European struggle for stability, this volume returns to the fundamental questions raised by the long running discussion: What continent-wide patterns of change can be discerned in European history across the centuries from the Renaissance to the French Revolution? What were the causes of the revolts that rocked so many countries between 1640 and 1660? Did fundamental changes occur in the relationship between politics and religion? Politics and military technology? Politics and the structures of intellectual authority?

Leaps in the Dark John Waller, 2004-10-28. In *Leaps in the Dark* John Waller presents another collection of revelations from the world of science. He considers experiments in which scientists' perceptions were not perhaps as keen as they might have claimed in retrospect; he investigates the jealousy and opposition that scientific ideas can provoke; he celebrates the scientists who were wrong but for very good reasons; and he demonstrates how national interest can affect scientists and their theories. The result is an entertaining and highly readable re-examination of scientific discoveries and reputations from the Renaissance to the twentieth century. In *Leaps in the Dark* John Waller presents another collection of revelations from the world of science. He considers experiments in which the scientists' awareness was not perhaps as keen as they might have claimed in retrospect; he investigates the jealousy and opposition that scientific ideas can provoke; he celebrates the scientists who were wrong but for very good reasons; and he demonstrates how national interest can affect scientists and their theories. The result is an entertaining and highly readable re-examination of scientific discoveries and reputations from the Renaissance to the twentieth century. The tales in *Leaps in the Dark* range across a wide historical field from a seventeenth-century witch finder Joseph Glanvill to Sir Robert Watson Watt, the self

proclaimed Father of radar Each story underscores the rich fascinating complexity of scientific discovery Writing in a clear and engaging style and skilfully weaving history in with the science John Waller brings these scientists to life illustrating how their work and their discoveries influenced their careers and the wider world around them Leaps in the Dark is a good read and ought to generate much healthy debate Nature

A Companion to the Devil and Demons, c.1100-1750 Kathryn A. Edwards,2025-08-28 For medieval and early modern Europeans the Devil and his demonic minions were seen as increasingly active They tempted monks tortured the unwary and conspired against humanity They were responsible for waves of heresy plague famine and religious division and they formed unholy alliances foreshadowing the approaching Apocalypse and End Times Bringing together eighteen internationally recognized specialists A Companion to the Devil and Demons explores the latest research on premodern European beliefs about the Devil and demons With chapters ranging from scholastic and necromantic perceptions of demons to the place of demons within witch trials connections between demons and non human beings and media that spread ideas about demons it argues for the centrality and durability of demon knowledge in European culture Contributors to this volume Philip C Almond Robin B Barnes Dean Phillip Bell Michelle D Brock Fabi n Alejandro Campagne David J Collins SJ Ismael del Olmo Kathryn A Edwards Lizanne Henderson David Johannes Olszynski Richard Raiswell Juanita Feros Ruys James Sharpe Julien V ron se Rita Voltmer Hans de Waardt Gary K Waite and Charles Zika

Esotericism and the Academy Wouter J. Hanegraaff,2012-01-19 The neglected history of how intellectuals since the Renaissance have approached ideas of the occult which challenged biblical religion

De Praestigiis Daemonum Introduction

De Praestigiis Daemonum Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. De Praestigiis Daemonum Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. De Praestigiis Daemonum : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for De Praestigiis Daemonum : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks De Praestigiis Daemonum Offers a diverse range of free eBooks across various genres. De Praestigiis Daemonum Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. De Praestigiis Daemonum Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific De Praestigiis Daemonum, especially related to De Praestigiis Daemonum, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to De Praestigiis Daemonum, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some De Praestigiis Daemonum books or magazines might include. Look for these in online stores or libraries. Remember that while De Praestigiis Daemonum, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow De Praestigiis Daemonum eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the De Praestigiis Daemonum full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of De Praestigiis Daemonum eBooks, including some popular titles.

FAQs About De Praestigiis Daemonum Books

What is a De Praestigiis Daemonum PDF? A PDF (Portable Document Format) is a file format developed by Adobe that

preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a De Praestigiis Daemonum PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a De Praestigiis Daemonum PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a De Praestigiis Daemonum PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a De Praestigiis Daemonum PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
