**The Purge of Dutch Quislings** Henry L.

Mason, 2012-12-06 This study is based on research which I conducted in the Netherlands in 1948 and 1949 In addition I was able to rely on experiences and impressions of the 1944 1946 period when I was stationed in the Low Countries as a United States Army Military Intelligence Officer In my description of Dutch purge measures I have attempted to be as unbiased a judge as possible whenever I was unable to arrive at a definite conclusion I contented myself with describing the opposing points of view I am quite aware that this attitude of neutrality may be criticized not only by many ex Resistance men who have become disgusted with the alleged softness of the purge but also by many others who appear equally dismayed about its severity For purposes of comparison readers who are familiar with action against collaborators in other countries such as France Italy or the Balkans may note that the Dutch purge was not dominated by considerations of party politics All Dutchme employers and workers Protestants and Catholics Conservatives and Socialists had been united in their resistance against the enemy Consequently disagreements about purge measures did not follow class religious or party lines The few Dutch Communists had never been able to dominate the Resistance neither were they able to exploit the purge for their purposes Thus in Holland problems of collaboration and purge could be studied in their purest form without consideration of other factors
