Dead Ground Infiltrating The Ira

Ken Wharton

Dead Ground Infiltrating The Ira:

Dead Ground Raymond Gilmour, 1999 DEAD GROUND defined as exposed apparently safe territory concealing hostile threats is the story of a man who spent eight years as an undercover police agent inside the IRA He exposes for the first time the reality of life in the dark claustrophobic world of the Provisionals the iron grip they hold over their own communities a grip as tight and vicious as any Mafia stranglehold and their ruthless and cynical disregard for human life He reveals the corruption and double standards that see young volunteers kneecapped for petty thieving while the high ups steal with impunity Above all DEAD GROUND is a human story the life of a man trapped in no man s land in a dirty war in which both the IRA and the security forces exploit kids trapped in dead end estates It is the most gripping revelatory and compulsive narrative of the year

The IRA James C. Dingley, 2012-10-02 Authored by an individual with 30 years of experience studying terrorism as well as access to the most senior counter terrorist army and police officers combating the IRA this book provides the first complete analysis of the world s premier terrorist group to explain them in ideological as well as operational terms The IRA The Irish Republican Army begins by examining the historical background to the development of the IRA the group s basic ideology and its aims and objectives The second part of the book concentrates on the IRA specifically the Provisional IRA as a contemporary phenomenon explaining its organization how it operates who joins the IRA and why The book explores how the IRA was formed from a Romantic reaction against modernity and is an expression of a vehement rejection of the liberal individualist and scientific values of the Enlightenment The IRA s attachment to violence almost as an end in itself its conflation of Catholicism with Irish ness its rejection of big business for peasant proprietor economics and its disregard for individual rights in pursuit of group rights is explained in terms of the groups scholastic Catholicism foundation For academic audiences in Irish studies politics sociology history and security and defense studies as well as professional security forces and interested general readers with an interest in current affairs this book supplies a wholly new perspective on both the IRA and terrorism in general

Inside the IRA Andrew Sanders, 2011-04-25 Would the real IRA please stand up Why and how the IRA splintered The Real IRA the Continuity IRA the Irish National Liberation Army the Official IRA and the Provisional IRA have all assumed responsibility for the struggle for Irish freedom over the course of the late 20th century Yet as recently as 1969 there was only one Irish Republican Army trying to unify Ireland using physical force Andrew Sanders explains how and why the transition from one IRA to several IRAs occurred analysing all the dissident factions that have emerged since the outbreak of the Northern Ireland troubles He looks at why these groups emerged what their respective purposes are and why in an era of relative peace and stability in Northern Ireland they seek to prolong the violence that cost over 3500 lives

The Intelligence War against the IRA Thomas Leahy, 2020-03-26 Thomas Leahy investigates whether informers Special Forces and other British intelligence operations forced the IRA into peace in the 1990s

The Routledge Handbook of the Northern Ireland Conflict and Peace Laura McAtackney, Máirtín Ó

Catháin,2023-11-13 The Routledge Handbook of the Northern Ireland Conflict and Peace is the first multi authored volume to specifically address the many facets of the 30 year Northern Ireland conflict colloquially known as the Troubles and its subsequent peace process This volume is rooted in opening space to address controversial subjects answer key questions and move beyond reductive analysis that reproduces a simplistic two community theses The temporal span of individual chapters can reach back to the formation of the state of Northern Ireland with many starting in the late 1960s to include a range of individuals collectives organisations understandings and events at least up to the Good Friday Belfast Agreement in 1998 This volume has forefronted creative approaches in understanding conflict and allows for analysis and reflection on conflict and peace to continue through to the present day With an extensive introduction preface and 45 individual chapters this volume represents an ambitious expansive interdisciplinary engagement with the North of Ireland through society conflict and peace from a wide range of disciplinary perspectives theoretical frameworks and methodological approaches While allowing for rich historical explorations of high level politics rooted in state documents and archives this volume also allows for the intermingling of different sources that highlight the role of personal papers memory space materials and experience in understanding the complexities of both Northern Ireland as a people place and political entity

Terrorism and Counterintelligence Blake W. Mobley,2012-08-21 Protecting information identifying undercover agents and operating clandestinely efforts known as counterintelligence are the primary objectives of terrorist groups evading detection by intelligence and law enforcement officials Some strategies work well some fail and those tasked with tracking these groups are deeply invested in the difference Discussing the challenges terrorist groups face as they multiply and plot international attacks while at the same time providing a framework for decoding the strengths and weaknesses of their counterintelligence Blake W Mobley provides an indispensable text for the intelligence military homeland security and law enforcement fields He outlines concrete steps for improving the monitoring disruption and elimination of terrorist cells primarily by exploiting their mistakes in counterintelligence A key component of Mobley s approach is to identify and keep close watch on areas that often exhibit weakness While some counterintelligence pathologies occur more frequently among certain terrorist groups destructive bureaucratic tendencies such as mistrust and paranoia pervade all organizations Through detailed case studies Mobley shows how to recognize and capitalize on these shortcomings within a group s organizational structure popular support and controlled territory and he describes the tradeoffs terrorist leaders make to maintain cohesion and power He ultimately shows that no group can achieve perfect secrecy while functioning effectively and that every adaptation or new advantage supposedly attained by these groups also produces new vulnerabilities

Liverpool Sectarianism Keith Daniel Roberts,2017 Presenting evidence from an array of archival and original resources this book chronicles the development and derailment of sectarian tensions in the city of Liverpool

Occupation and Insurgency Colin D. Heaton,2008

The Politics of Memoir and the Northern Ireland Conflict Stephen Hopkins,2013 This book examines memoir writing by

many of the key political actors in the Northern Irish Troubles 1969-1998 and argues that memoir has been a neglected dimension of the study of the legacies of the violent conflict. It investigates these sources in the context of ongoing disputes over how to interpret Northern Ireland's recent past. A careful reading of these memoirs can provide insights into the lived experience and retrospective judgments of some of the main protagonists of the conflict. The period of relative peace rests upon an uneasy calm in Northern Ireland. Many people continue to inhabit contested ideological territories and in their strategies for shaping the narrative telling of the conflict, key individuals within the Protestant Unionist and Catholic Irish Nationalist communities can appear locked into exclusive and self-justifying discourses. In such circumstances, while some memoirists have been genuinely self-critical, many others have utilised a post-conflict language of societal

A History of Counterinsurgency Gregory Fremont-Barnes, 2015-05-05 This two-volume history of counterinsurgency covers all the major and many of the lesser-known examples of this widespread and enduring form of conflict, addressing the various measures employed in the attempt to overcome the insurgency and examining the individuals and organizations responsible for everything from counterterrorism to infrastructure building. How and when should counterinsurgency be pursued as insurgency is growing in frequency and conversely while conventional warfare continues to decline as a means by which political rivals seek to impose their will upon each other? What lessons from the past should today's policymakers, strategists, military leaders and soldiers in the field keep in mind while facing off against 21st-century insurgents? This two-volume set offers a comprehensive history of modern counterinsurgency, covering the key examples of this widespread and enduring form of conflict. It identifies the political, military, social and economic measures employed in attempting to overcome insurgency, examining the work of the individuals and organizations involved, demonstrating how success and failure dictated change from established policy and carefully analyzing the results. Readers will gain valuable insight from the detailed assessments of the history of counterinsurgency that demonstrate which strategies have succeeded and which have failed and why. After an introductory essay on the subject, each chapter provides historical background to the insurgency being addressed, before focusing on the specific policies pursued and actions taken by the counterinsurgency force. Each section also provides an assessment of those operations, including in most cases an analysis of lessons learned and where appropriate their relevance to counterinsurgency operations today. The set's coverage spans modern counterinsurgencies from Europe to Asia to Africa since 1900 and includes the ongoing counterinsurgency operations in Afghanistan today. Its wide international approach to the subject makes the set a prime resource for readers seeking specific information on a particular conflict or a better understanding of the general theories and practices of counterinsurgency.

Northern Ireland: An Agony Continued Ken Wharton, 2015-05-19 This book is called *An Agony Continued* because it was simply that: an agony. It was an agony which commenced at the end of the 1960s and as the new decade of the 80s arrived, so the pain, the grief, the loss and the economic destruction of Northern Ireland continued. Little did any of us know at the time, but it was to do so for almost a further two

decades Between January 1980 and December 1989 around 1 000 people died many were soldiers and policemen some were Prison Officers some were paramilitaries and some were innocent civilians The Provisional IRA PIRA and their slightly more psychopathic cousins in the Irish National Liberation Army INLA would continue to kill innocent civilians by the score during this decade Across the sectarian divide the Ulster Freedom Fighters UFF and the equally vicious Ulster Volunteer Force UVF would continue to slaughter Catholics in streets in pubs and in restaurants This book will look at the period which encompassed the 48 months of 1980 and 1983 It was a near half decade which saw the Hyde Park and Regent s Park massacre of soldiers and horses from the Blues and Royals and the cowardly bombing of the Royal Green Jackets band It further witnessed the murder of 18 people by the INLA at a disco held in the Droppin Well in Ballykelly and also the death of the leader of the Shankill Butchers Lenny Murphy The years under study include the 1981 deaths of ten Republican paramilitaries who starved themselves to death in protest against the loss of their status as political prisoners As ever this book pulls no punches in its absolute detestation of both Republican and Loyalist paramilitaries This book continues Ken Wharton s epic journey through the Troubles in Northern Ireland viewed primarily through the eyes of the British Army squaddies on the ground

British Terrorist Novels of the 1970s Joseph Darlington, 2018-04-19 This book discusses British novels published during the 1970s which feature terrorists either as main characters or a major plot points The focus on terrorism s literary depiction provides insight into the politics of the decade The book analyses texts from Gerald Seymour Anthony Burgess V S Naipaul Graham Greene Doris Lessing B S Johnson Tom Sharpe and Eric Ambler among others in order to engage with the IRA the end of Empire counterculture and environmentalism The book provides a brief history of terrorism as a concept and tactic before discussing British literature s relationship with terrorism It presents a standard terrorist morphology by which to analyse terrorist narratives along with other insights into the British post war imagination writing and extremism

Sir, They're Taking the Kids Indoors Ken Wharton, 2012-09-19 The British Army veteran and oral historian presents vivid firsthand accounts of soldiers on the frontlines of the Troubles in the early 1970s This volume in Ken Wharton s series of oral histories chronicling the conflict in Northern Ireland looks at the bloody period of 1973 4 As with all of Wharton s books it combines painstaking research with numerous contributions from British soldiers who were The title refers to an IRA tactic of warning fellow Republicans when one of their gunmen was about to cause havoc When British soldiers hear the words Sir they re taking the kids indoors they understood that violence was imminent On the streets of Belfast or Londonberry British soldiers had to be ready to face a deadly threat at any moment By focusing exclusively on the 1973 74 period This volume provides greater detail than hitherto possible about the British Army and their experience during this bloody and important period of the Troubles

Wasted Years, Wasted Lives, Volume 2 Ken Wharton, 2014-08-19 Volume 2 does what it says on the can it continues from where the first volume left off It looks at the bloody years of 1978 and 1979 It covers eyewitness accounts from soldiers on the ground and there is the occasional

comment from civilians who were living in the troubled province at the time There are accounts from the IRA atrocity at the la Mon Restaurant when the terrorists used a napalm like device to incinerate 12 innocent civilians it includes the murder of Lord Mountbatten hero of Burma and some of his family and staff on his yacht in Co Sligo It also covers the worst tragedy for the Army in Ulster the murder of 18 soldiers at Warrenpoint Every single troubles related death and every major incident is covered and includes those soldiers who died in non battle incidents the ones who are not included in the official figures The book pulls no punches and the author is outspoken in his criticism of the Irish American community and their incredibly naive support of the Republican terrorists who almost destroyed an entire country The author condemns in equal measure the paramilitaries of both sides and considers the evil activities of Lenny Murphy and the Shankill Butchers as bad as anything which the Provisional IRA or INLA did The book looks at individual incidents and tries to examine the terrorist mindset and their motives for the atrocities which they carried out in the name of their communities It supports the security forces unequivocally but renders criticism where appropriate The book examines the role of the young soldiers from Leeds Liverpool Manchester indeed from every part of the UK from which these young men came It looks at foot patrols riot control and the daily fear and threat under which they operated for their four month or two year tours Read carefully the words of an Irish American who clearly is contemptuous of the way her fellow Americans almost sleepwalked into supporting the IRA from afar with the dollars which they placed so willingly into the NORaid collection jars The level of detail and research the author goes into is phenomenal and demonstrates his commitment to continue telling the story of one of Britain's forgotten wars

Torn Apart Ken Wharton, 2019-02-26 In the early twentieth century there was a war brewing on Britain's doorstep Northern Ireland was filled with discrimination and suspicion a sense of foreboding that would soon erupt into full blown rioting As the fiftieth anniversary of the Troubles approaches Ken Wharton takes a thorough look at the start of the Troubles the precursors and the explosion of violence in 1969 that would last until the Good Friday Agreement in 1998 In all the Troubles cost 50 000 casualties and nearly 2 000 civilians lives across Northern Ireland the Republic and England Utterly condemnatory of the paramilitaries Wharton pulls no punches in his assessment of the situation then and seeks to dismiss apologists today His sympathy lies first with those tasked with keeping order in the province but also with the innocent civilians caught up in thirty years of bloodshed Torn Apart is an in depth look at the start of the Troubles looking at the seminal moments and Northern Ireland today using the powerful testimony of those who were there at the time

Terrorist Informers in Northern Ireland Samantha Newbery, 2024-10-21 By using informers to provide intelligence on terrorism the security and intelligence agencies who handle them gain knowledge of their offences Charges may then be brought against them provided evidence supports this course of action But if imprisoned an informer no longer has access to the time sensitive potentially life saving intelligence they once had There is therefore a tension between continuing to use an informer to provide intelligence on terrorism and upholding the law This tension is at the heart of this book Terrorist Informers in

Northern Ireland analyses prominent terrorist informers such as Agent Stakeknife and lesser known examples who collectively were active throughout Northern Ireland from the 1970s to the present. It looks at both those involved with republican groups and with loyalist groups and also those working for the police, the armed forces and MI5. Valuable pieces of the puzzle are unearthed in sources such as court judgments, official reports and in interviews conducted by the author. The book also analyses the way successive governments, the police, the armed forces and MI5 have addressed the regulation of terrorist informers' involvement in criminality as well as allegations of collusion between informers on one hand and the security and intelligence agencies on the other. Accordingly, the book also assesses the varied retrospective investigations into the use of terrorist informers and therefore the competing needs for secrecy and transparency. As Samantha Newbery's research here shows, although there is a tension between intelligence and the law, this can be successfully navigated.

Collaboration in Authoritarian and Armed Conflict Settings Juan Espindola, Leigh A. Payne, 2022-06-16. *Collaboration in Authoritarian and Armed Conflict Settings* offers an array of examples to demonstrate the ubiquity of collaboration and its extension over territory and time. It also teases out a framework for examining collaboration, merging history, philosophy, political science, sociology, law and literary studies. **Fortnight**, 2005. Secret Intelligence Christopher Andrew, Richard J. Aldrich, Wesley K. Wark, 2019-07-26. The second edition of *Secret Intelligence: A Reader* brings together key essays from the field of intelligence studies, blending classic works on concepts and approaches with more recent essays dealing with current issues and ongoing debates about the future of intelligence. *Secret Intelligence* has never enjoyed a higher profile. The events of 9/11, the conflicts in Iraq and Afghanistan, the missing WMD controversy, public debates over prisoner interrogation, together with the revelations of figures such as Edward Snowden, recent cyber attacks and the rise of hybrid warfare have all contributed to make this a hot subject over the past two decades. Aiming to be more comprehensive than existing books and to achieve truly international coverage of the field, this book provides key readings and supporting material for students and course convenors. It is divided into four main sections, each of which includes full summaries of each article, further reading suggestions and student questions. The intelligence cycle, Intelligence counter terrorism and security, Ethics, accountability and secrecy, Intelligence and the new warfare. This new edition contains essays by leading scholars in the field and will be essential reading for students of intelligence studies, strategic studies, international security and political science in general, and of interest to anyone wishing to understand the current relationship between intelligence and policy making. To a Dark Place Ken Wharton, 2022-01-13. Between 1969 and 1998, over 4,000 people lost their lives in the small country of Northern Ireland. The vast majority of these deaths were sectarian in nature and involved ordinary civilians killed by the various paramilitary groups. These organisations murdered freely and without remorse, considering life a cheap price to pay in the furtherance of their cause. The words 'Why us?' were uttered by many families whose lives were ripped asunder by The Troubles. Thousands of innocents received a life sentence at the hands of the terrorists; these then are their words, the words

of those who survived such attacks and of those left behind These poignant and tragic stories come from the people who have been forced to live with the emotional shrapnel of terrorism

As recognized, adventure as without difficulty as experience roughly lesson, amusement, as with ease as arrangement can be gotten by just checking out a books **Dead Ground Infiltrating The Ira** as a consequence it is not directly done, you could tolerate even more almost this life, on the world.

We have enough money you this proper as well as simple quirk to get those all. We provide Dead Ground Infiltrating The Ira and numerous book collections from fictions to scientific research in any way. in the course of them is this Dead Ground Infiltrating The Ira that can be your partner.
