

1. Original Pen Pal (now in the body of the original Skander). The reasons for this are :

- (a) Original Pen Pal is now enjoying a disease-free life. The original Skander has now realized that man on the Earth suffers heart attacks and paralysis.
- (b) It is clear from the last line of the body of the final letter that its writer is becoming 'accustomed' with a new name 'Skander' as signed in the letter. It means the writer's old name is Pen Pal.

2. Aurigae

3.

Skander (original)

- ⊗ escaped from prison
- ⊗ now enjoying new body and new environment (on the Earth)

Pen Pal (original)

- ⊗ has a longer life expectancy
- ⊗ has a healthy body
- ⊗ has a partial and incomplete capability to exchange personalities with someone because he has all the equipments and laboratory facilities but not the brain of the original Skander.

Decide who profited most... ?

This is for class discussion. In our opinion, both are benefited and both are at a loss. Students can discuss and can write about the profit from the words and phrases given in the boxes above.

4. We are giving here two letters. First is written by new Skander and second by original Skander.

(i) Dear Pen Pal

You will be amazed to receive my letter after five years. Well, there has not happened anything special in the intervening period. Life has been going on as usual. I enjoyed, at first, my coming over to Aurigae II. But it was not for long.
