Calculus Ron Larson, Robert P. Hostetler, Bruce H. Edwards, 2010 *Calculus* is a required 3 semester course for all hard science majors such as mathematics, engineering, physics, statistics, computer science, and chemistry. One or more semesters of calculus are required for a number of other majors. The course can take many forms, but the following are the most common:

- Single Variable Calculus: This is usually a two semester course that does not cover multivariable material. *Calculus of a Single Variable 8e* covers all the material usually taught in this 2 semester course.
- Multivariable Calculus / Calculus III: This may be taught as a separate course in which a different book is used. Once again, this course is largely for math, science, and engineering majors. *Multivariable Calculus 8e* covers all the material usually taught in this 1 semester course.
