Social Research in the Judicial Process Wallace D. Loh, 1984-09-17 How to inform the judicial mind Justice Frankfurter remarked during the school desegregation cases is one of the most complicated problems Social research is a potential source of such information Indeed in the 1960s and 1970s with activist courts at the forefront of social reform the field of law and social science came of age But for all the recent activity and scholarship in this area few books have attempted to create an intellectual framework a systematic introduction to applied social legal research **Social Research in the Judicial Process** addresses this need for a broader picture Designed for use by both law students and social science students it constructs a conceptual bridge between social research the realm of social facts and judicial decision making the realm of social values Its unique casebook format weaves together judicial opinions empirical studies and original text It is a process oriented book that teaches skills and perspectives cultivating an informed sensitivity to the use and misuse of psychology social psychology and sociology in appellate and trial adjudication Among the social legal topics explored are school desegregation capital punishment jury impartiality and eyewitness identification This casebook is remarkable for its scope its accessibility and the intelligence of its conceptual integration It provides the kind of interdisciplinary teaching framework that should eventually

Bohm, Gavin Lee, 2017-12-15 Capital punishment is one of the more controversial subjects in the social sciences especially in criminal justice and criminology Over the last decade or so the United States has experienced a significant decline in the number of death sentences and executions Since 2007 eight states have abolished capital punishment bringing the total number of states without the death penalty to 19 plus the District of Columbia and more are likely to follow suit in the near future Nebraska reinstated its death penalty in 2016 Worldwide 70 percent of countries have abolished capital punishment in law or in practice The current trend suggests the eventual demise of capital punishment in all but a few recalcitrant states and countries Within this context a fresh look at capital punishment in the United States and worldwide is warranted The Routledge Handbook on Capital Punishment comprehensively examines the topic of capital punishment from a wide variety of perspectives A thoughtful introductory chapter from experts Bohm and Lee presents a contextual framework for the subject matter and chapters present state of the art analyses of a range of aspects of capital punishment grouped into five sections 1 Capital Punishment History Opinion and Culture 2 Capital Punishment Rationales and Religious Views 3 Capital Punishment and Constitutional Issues 4 The Death Penalty's Administration and 5 The Death Penalty's Consequences This is a key collection for students taking courses in prisons penology criminal justice criminology and related subjects and is also an essential reference for academics and practitioners working in prison service or in related agencies      *Capital Punishment* Joseph A. *Law Clerks and the Judicial Process* John B. Oakley, Robert S. Thompson, 2024-07-26 This is the first in depth empirical and historical study of the use of law clerks by American judges Although possessing a hundred year heritage the institution has been ignored as an important component of the process of judicial decision making Law clerks are in the authors words subordinate anonymous but often quite powerful lawyers who function as the non commissioned officers in the army of the judiciary American courts are currently altering the traditional use of law clerks through the introduction of important innovations that enhance the ability of judges to dispose of cases rapidly but detract from personal judicial control over individual decisions The authors investigate the clash of tradition and innovation through interviews with sixty three judges of federal courts and appellate courts in California They find distinctly different models of law clerk usage in the state and federal systems which they analyze on the basis of the judges own perceptions of the qualitative and quantitative impact on their decision of variations in the character tenure and duties of staff assistants They offer suggestions on how modern courts can cope with the crisis of volume without unduly sacrificing traditional standards of judicial autonomy Because of the confidential nature of judicial deliberations judges are rarely willing to discuss publicly their use of law clerks This study employs unconventional techniques for penetrating the secrecy of judicial chambers while respecting the confidentiality and the individuality of its sources It presents important new information on the internal operating procedures of the courts studies collating interview data with facts abstracted from pre existing but often obscure sources and providing a particularly close look at the inner workings of the Supreme Court of California and the United States Court of Appeals for the Ninth Circuit Revealing the significance of public funding of judicial staff in determining patterns of law clerk usage it should promote further investigation and debate regarding the proper structure and role of staff assistance in the judicial process This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1980

**The Contradictions of American Capital Punishment** Franklin E. Zimring, 2004-11-18 Why does the United States continue to employ the death penalty when fifty other developed democracies have abolished it Why does capital punishment become more

problematic each year How can the death penalty conflict be resolved In *The Contradictions of American Capital Punishment* Frank Zimring reveals that the seemingly insoluble turmoil surrounding the death penalty reflects a deep and long standing division in American values a division that he predicts will soon bring about the end of capital punishment in our country On the one hand execution would seem to violate our nation s highest legal principles of fairness and due process It sets us increasingly apart from our allies and indeed is regarded by European nations as a barbaric and particularly egregious form of American exceptionalism On the other hand the death penalty represents a deeply held American belief in violent social justice that sees the hangman as an agent of local control and safeguard of community values Zimring uncovers the most troubling symptom of this attraction to vigilante justice in the lynch mob He shows that the great majority of executions in recent decades have occurred in precisely those Southern states where lynchings were most common a hundred years ago It is this legacy Zimring suggests that constitutes both the distinctive appeal of the death penalty in the United States and one of the most compelling reasons for abolishing it Impeccably researched and engagingly written *Contradictions in American Capital Punishment* casts a clear new light on America s long and troubled embrace of the death penalty

*Capital Punishment and the Judicial Process Document Supplement* Randall Coyne,2000-01-01 [Capital Punishment](#) C. Cliff,2003 The issue of capital punishment is a continually debated issue because it calls into question the values and direction of society How is a civilisation supposed to handle lawbreakers Are some crimes so heinous and some people so dangerous that the death penalty is the only appropriate response The United States Constitution prohibits cruel and unusual punishment but opinions on whether that includes capital punishment are vehement on both sides Many states have some form of death penalty and public opinion seems to indicate support of it in principle However many firestorms have erupted recently over the application of the penalty including the topics of its use on minors and those with mental disabilities There are also questions raised about how much of a factor race plays in a capital sentence Internationally several countries have foresworn the death penalty with certain countries in Europe and the Americas refusing to extradite criminal suspects including suspected terrorists to the US if capital punishment is a possible sentence With such politically flammable and ethically challenging issues hanging over it capital punishment is a vitally important issue to understand To help facilitate that study this book assembles a carefully selected and substantial listing of literature focussing on the death penalty Anyone researching this area of criminal justice will find this book an important tool as it offers easy access to the most relevant works about capital punishment Following the bibliography further access is provided with author title and subject indexes

**Capital Punishment** United States. Congress. House. Committee on the Judiciary. Subcommittee on Criminal Justice,1987 *DeathQuest* Robert M. Bohm,2016-11-10 This fifth edition of the first true textbook on the death penalty engages the reader with a full account of the arguments and issues surrounding capital punishment The book begins with the history of the death penalty from colonial to modern times and then examines the moral and legal arguments for and against

capital punishment It also provides an overview of major Supreme Court decisions and describes the legal process behind the death penalty In addressing these issues the author reviews recent developments in death penalty law and procedure including ramifications of newer case law such as that regarding using lethal injection as a method of execution The author's motivation has been to understand what motivates the deathquest of the American people leading a large percentage of the public to support the death penalty The book educates readers so that whatever their death penalty positions are they are informed opinions
