boom and what colleges did to pay for it Forced to innovate schools adopted enrollment strategies that led them to view the marginalized students they were supposed to be helping as dollars Through over 150 candid interviews with university leaders the book offers a timely and fascinating behind the scenes look at the financial challenges facing higher education and what the future holds for colleges and universities

**Mining California** Andrew C. Isenberg, 2024-09-04 An environmental History of California during the Gold Rush Between 1849 and 1874 almost 1 billion in gold was mined in California With little available capital or labor here s how high pressure water cannons washed hillsides into sluices that used mercury to trap gold but let the soil wash away eventually more than three times the amount of earth moved to make way for the Panama Canal entered California s rivers leaving behind twenty tons of mercury every mile rivers overflowed their banks and valleys were flooded the land poisoned In the rush to wealth the same chain of foreseeable consequences reduced California s forests and grasslands Not since William Cronon s *Nature s Metropolis* has a historian so skillfully applied John Muir s insight When we try to pick out anything by itself we find it hitched to everything else in the universe to the telling of the history of the American West Beautifully told this is western environmental history at its finest

**Capitalizing on Innovation** Robert Dujarric, Andrei Hagiu, Harvard Business School, 2009 Japan s industrial landscape is characterized by hierarchical forms of industry organization which are increasingly inadequate in modern sectors where innovation relies on platforms and horizontal ecosystems of firms producing complementary products Using three case studies software animation and mobile telephony we illustrate two key sources of inefficiencies that this mismatch can create First hierarchical industry organizations can lock out certain types of innovation indefinitely by perpetuating established business practices Second even when the vertical hierarchies produce highly innovative sectors in the domestic market the exclusively domestic orientation of the hierarchical industry leaders can entail large missed opportunities for other members of the ecosystem who are unable to fully exploit their potential in global markets
