Capitalisms Last Stand Deglobalization In The Age Of Austerity:

Capitalism's Last Stand? Walden Bello, 2013-06-13 Walden Bello is the world's leading no nonsense revolutionary Naomi Klein author of *The Shock Doctrine*. In this eye opening and often scathing book Walden Bello provides a forensic dissection of contemporary capitalism's multiple crises. Trenchant but constructive Bello's analysis of the collapse of the global real economy covering such issues as the Wall Street meltdown, the disintegration of the Greek economy and the rise of China emphasizes the ever more pressing need to engage in a radical process of deglobalization towards a decentralized pluralistic world system. Only then will we be able to construct a fairer and more equitable society. A stirring call to arms for all those interested in global economic justice.

American Journal of Islam and Society (AJIS) - Volume 37 Issues 3-4 Timothy Gutmann, Brannon Wheeler, Abbas Ahsan, Ali Altaf Mian, Katherine Bullock, Yahya Nurgat, Dženita Karić, Lauren E. Osborne, Elizabeth Urban, John Kaltner, Mojtaba Rostampour-Jahromi, Antonia Bosanquet, Mobeen Vaid, Tauseef Ahmad Parray, Scott Lucas, 2020-11-07 In an editorial essay Ovamir Anjum reflects on the current moment of and literature on deglobalization considering in turn conservative and liberal arguments. He concludes by raising several questions which deglobalization opens. Key among them the challenges posed by ongoing ecological degradation. In the first research article Timothy Gutmann offers the term propaedeutic to refer to the critical pedagogy necessary for teaching unfamiliar material to audiences whose sensibilities and expectations are already structured by distinctive anxieties and concerns. Gutmann addresses common caricatures of Islamic law and suggests that Islamic traditions may themselves contain a propaedeutic potential for teaching Islamic studies in the North American context. In the second research article Brannon Wheeler traces a possible Islamic Responsibility To Protect. By focusing on Islamist exegesis of Q 3:110 and on classical and contemporary understandings of migration Wheeler ultimately notes the political and intellectual compromises involved in accepting certain instances of violence and rejecting others. In the third research article

Abbas Ahsan makes an analytic philosophical case for radical epistemic relativism Our inability to conceive of the logically impossible he concludes is itself a testimony that God transcends the laws of logic Next a review essay is followed by ten book reviews in this issue s Forum article Scott Lucas introduces readers to the sophisticated work of four Muslim thinkers of the 5th 11th century Miskawayh al Hakim al Jishumi Ibn Hazm and al Khatib al Baghdadi Lucas encourages Muslims to emulate these figures practices of reading widely with intellectual generosity and commitment and to insist on the relationship between knowledge and practice

Revenge Capitalism Max Haiven, 2020-05-20 Capitalism is in a profound state of crisis Beyond the mere dispassionate cruelty of ordinary structural violence it appears today as a global system bent on reckless economic revenge its expression found in mass incarceration climate chaos unpayable debt pharmaceutical violence and the relentless degradation of common life In Revenge Capitalism Max Haiven argues that this economic vengeance helps us explain the culture and politics of revenge we see in society more broadly Moving from the history of colonialism and its continuing effects today he examines the opioid crisis in the US the growth of surplus populations worldwide and unpacks the central paradigm of unpayable debts both as reparations owed and as a methodology of oppression Revenge Capitalism offers no easy answers but is a powerful call to the radical imagination

After '08 Stephen McBride, Rianne Mahon, Gerard W. Boychuk, 2016-08-04 The 2007 08 financial crisis marked a turning point for social policy World leaders were forced to take a position Should they entrench neo liberal policies in response to the crisis Or should they implement alternative measures to challenge economics as usual After 08 examines how global institutions such as the World Bank International Monetary Fund and International Labour Organization as well as nation states around the world responded to the crisis Comparing the experience of Europe Asia Africa Latin America and North America contributors gauge the extent to which the neo liberal landscape has shifted since the onset of the financial crisis and explore the directions social policy has taken Did the response to the crisis follow a similar trajectory across countries and regions Or did the diversity in national experiences produce a diversity of policy responses And if so where did alternatives to neo liberalism emerge

Crises of Imagination, Crises of Power Max Haiven, 2014-03-13 Today when it seems like everything has been privatized when austerity is too often seen as an economic or political problem that can be solved through better policy and when the idea of moral values has been commandeered by the right how can we re imagine the forces used as weapons against community solidarity ecology and life itself In this stirring call to arms Max Haiven argues that capitalism has colonized how we all imagine and express what is valuable Looking at the decline of the public sphere the corporatization of education the privatization of creativity and the power of finance capital in opposition to the

power of the imagination and the growth of contemporary social movements Haiven provides a powerful argument for creating an anti capitalist commons Capitalism is not in crisis it is the crisis and moving beyond it is the only key to survival Crucial reading for all those questioning the imposition of austerity and hoping for a fairer future beyond it **Global-Local Tradeoffs, Order-Disorder Consequences** Imtiaz A. Hussain,2022-03-31 In this book ten substantive chapters examine how collisions between technological developments globalizing forces and thickening populist pressures localizing dynamics constantly keep reinventing the state in unforeseen and unpredictable ways We learn of how international organizations have fared and to what extent grass roots grumbles have impacted big picture developments in quite diverse parts of the world Just placing unfolding crises under the microscope cannot but generate policy solving observations Treated in corresponding order these crises revolve around adjusting international institutions absorbing current populist outbursts shifting from peacekeeping to peacemaking spying in the global south absorbing displaced persons Rwandan land reform pandemic and RMG readjustments Bangladesh s democratic transition Rohingya Syrian refugees and Mexico s 1990s liberalization Though overarching observations in the book accent state strength battling with state porosity the downward spiraling of global order and the simple lack of any controlling mechanism against globalizing localizing dynamics in the trenches of everyday life being matched by continued uncertainty on the analytical plane **Comparative Studies on Pandemic Control Policies and the Resilience of Society** Simon X. Cao,2020-12-29 Since the end of the Cold War globalisation has been the dominant political and economic trend But what is China s role in globalisation What is China s vision of the world This title offers a fresh and stimulating account of how China s involvement in globalisation has changed over time and how its role in leading the re globalisation process is profoundly reshaping the world Introducing an innovative theoretical framework in the shape of re globalisation this book discusses China s strategies and challenges while interacting with the international community The book provides several illuminating case studies such as the Belt and Road Initiative BRI the Asian Infrastructure Investment Bank AIIB and the strategies of the Chinese technology firm Alibaba Rich in data and bold in argument the book provides an extraordinarily dynamic depiction of how China s encounter with the outside world has not only transformed itself but also reshaped the global order As the first systemic and book length study of re globalisation this volume will appeal to researchers and students of politics and Chinese studies and contemporary Chinese politics in particular Towards a Diagnosis of Our Times Nikolai Genov,2025-09-30 This

monograph offers a critical diagnosis of the current epoch marked by globalization de globalization and re globalization Arguing that the concept of society gives way to that of globalization as an explanatory core the author shows how constructivist ideas open the way to four new conceptualizations of global trends upgrading the rationality of organizations individualization spread of instrumental activism and homogenization of culture RISC Each trend is presented by two explanatory models The trend of upgrading rationality of organizations is exemplified by analyses of the volatile rationality of industrial organizations and the tensions of regional integration Individualization is dealt with by comparing the development and impact of leaders in Asia and the individualization in the present day war Commercialization together with consumerism is analyzed as a component of the global trend of instrumental activism The homogenization of culture is dealt with through discussions on the dynamic relations of values and norms and the controversial development of social science knowledge The creative approach to global processes is finalized in a discussion on tensions and conflicts in each trend and in their interplay

As such it develops a new analytical framework while identifying action fields and activities which reproduce stability and change in contemporary global society The intellectually refreshing critical and constructive ideas of this volume will attract researchers lecturers and upper level students with interests in sociological theory globalization the sociology of culture and the challenges facing contemporary civilization more broadly **A Cauldron of Anxiety** William Briggs,2021-03-26 The veritable tsunami of anxieties that are affecting individual lives the increasingly dysfunctional nature of society and the potential catastrophes of global conflict and of climate change have a common cause The inability of capitalism or the state to respond to existential crises and internal contradictions is the cause of what William Briggs terms A Cauldron of Anxiety Briggs defends a Marxist perspective that would challenge this and provides an optimistic vision for the future

Frameworks and Cases on Evolutional Supply Chain Higuchi, Toru,2022-04-29 Although most supply chains have changed dramatically over the years the dynamic aspects of supply chains such as changes in the suppliers factory and storage locations production processes and distribution structures are rarely studied and considered Further study on the evolution of supply chains is crucial in order to ensure they are working as efficiently as possible Frameworks and Cases on Evolutional Supply Chain considers the dynamic aspects of the supply chain and provides frameworks of the evolutional supply chain through symbolic case studies Covering a range of topics such as industrial clusters food loss and the global supply chain this reference work is ideal for industry professionals researchers practitioners scholars academicians policymakers business owners government officials instructors and students *Routledge International Handbook of Failure* Adriana Mica,Mikołaj Pawlak,Anna Horolets,Paweł Kubicki,2023-01-30 This Handbook examines the study of failure in social sciences its manifestations in the contemporary world and the modalities of dealing with it both in theory and in practice It draws together a comprehensive approach to failing and invisible forms of cancelling out and denial of future perspectives Underlining critical mechanisms for challenging and reimagining norms of success in contemporary society it allows readers to understand how contemporary regimes of failure are being formed and institutionalized in relation to policy and economic models such as neo liberalism While capturing the diversity of approaches in framing failure it assesses the confluences and shifts which have occurred in the study of failure over time Intended for scholars who research processes of inequality and invisibility this Handbook aims to formulate a critical manifesto and activism agenda for contemporary society Presenting an integrated view about failure the Handbook will be an essential reading for students in sociology social theory anthropology international relations and development research organization theory public policy management studies queer theory disability studies sports and performance research *Exit from Globalization* Richard Westra,2014-10-24 Exit from Globalization moves from theory to practice from questions of where incorrigible knowledge of substantive economic life derives and how that knowledge is put towards making a progressive redistributive eco sustainable future of human flourishing Westra discards at the outset views that the root of current economic ills is the old devil we know capitalism

Rather he maintains the neoliberal decades spawned a Merchant of Venice economic excrescence bent upon expropriation and rent seeking which will scrape all the flesh from the bones of humanity if not stopped dead in its tracks En route to providing a viable design for the human future in line with transformatory demands of socialists and Greens Westra exorcizes both Soviet demons and ghosts of neoliberal ideologues past which lent support to the position that there is no alternative to the market Exit from Globalization shows in a clear and compelling fashion that while debates over the possibility of another potentially socialist world swirl around this or that grand society wide scheme the fact is that creative future directed thinking has at its disposal several economic principles that transformatory actors may choose from and combine in various ways to remake human economic life The book concludes with an examination of the various social constituencies currently supporting radical change and explores the narrowing pathways to bring change about
