A description of Cook s voyages 1755 1780 **The Life of Captain James Cook (Classic Reprint)** Andrew Kippis,2017-11-24 Excerpt from *The Life of Captain James Cook* The young reader will perceive from it that the humble birth of this illustrious sea man was no bar to his advancement in life his excellent character not less than his professional skill always recommended him to the notice of his superiors and at last gave him those opportunities which have placed him in the first rank of naval discoverers About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Life of Captain James Cook** Arthur Kitson,2015-12-28 James Cook the Circumnavigator was a native of the district of Cleveland Yorkshire but of his ancestry there is now very little satisfactory information to be obtained Nichols in his Topographer and Genealogist suggests that James Cooke the celebrated mariner was probably of common origin with the Stockton Cookes His reason for the suggestion being that a branch of the family possessed a crayon portrait of some relation which was supposed to resemble the great discoverer He makes no explanation of the difference in spelling of the two names and admits that the sailor s family was said to come from Scotland Dr George Young certainly the most reliable authority on Cook s early years who published a *Life* in 1836 went to Whitby as Vicar about 1805 and claims to have obtained much information about his subject through intercourse with his relatives friends and acquaintances including one or two surviving school companions and appears to be satisfied that Cook was of Scotch extraction Dr George Johnston a very careful writer states in his *Natural History of the Eastern Borders* that in 1692 the father of James Thomson the author of *The Seasons* was minister of Ednam Roxburghshire

and a man named John Cook was one of the Elders of the Kirk This John Cook married on the 19th January 1693 a woman named Jean Duncan by whom he had a son James baptised 4th March 1694 and this child Johnston positively asserts was afterwards the father of the future Captain Cook The dates of the marriage and baptism have been verified by the Reverend John Burleigh minister of Ednam and they agree with the probable date of the birth of Cook s father for he died in 1778 at the age of eighty five Owing to the loss of the church records for some years after 1698 Mr Burleigh is unable to trace when this James Cook left Ednam to better himself but he would take with him a testificate of church membership which might possibly but not probably still exist Attracted perhaps by the number of Scotch people who flocked into the north of Yorkshire to follow the alum trade then at its height James Cook settled down and married and the first positive information to be obtained is that he and his wife Grace her maiden name has so far escaped identification though she is known to have been a native of Cleveland resided for some time at Morton in the parish of Ormsby and here their eldest child John was born in January 1727 Dr Young says that James Cook had a superstition that his mother s farewell was prophetic of his marriage for her words were God send you Grace
