*Captured Memories, 1900-1918* Peter Liddle, 2011-02-23 Peter Liddle was a pioneer in the recording of memories of personal experience in the First World War and in the social background of those who lived through those years Later he moved into the recording of men and women for whom the Second World War was the formative experience of their lives In a planned two volume collection of the most outstanding interviews of the four thousand he made for the first volume he has chosen memories which take the reader back as many as a hundred and twenty years to days in sailing ships a Hebridean boyhood suffragist action pre 1914 working class life and work in the North East of England city life in London service in the Boer War pioneering a settlement in Manitoba Canada and the Army s experiments in the use of man lifting kites airplanes and balloons The main focus of the book is upon the First World War with The Western Front battles the Gallipoli Campaign and the Battle of Jutland prominently featured Liddle also represents the Mesopotamian and East African fronts and women

nursing under particularly unusual circumstances Several Victoria Cross award winners and a fighter pilot ace appear as do those whose distinction was to come later in their lives like Harold Macmillan Henry Moore Gordon Jacob Emanuel Shinwell Barnes Wallis and Victor Silvester There is even an interview with the first conscientious objector to be court martialled and sentenced to death before commutation of the sentence This book is a veritable treasure trove of the past *Nurses of Passchendaele* Christine E. Hallett, 2017-11-30 The Ypres Salient saw some of the bitterest fighting of the First World War The once fertile fields of Flanders were turned into a quagmire through which men fought for four years In casualty clearing stations on ambulance trains and barges and at base hospitals near the French and Belgian coasts nurses of many nations cared for these traumatized and damaged men Drawing on letters diaries and personal accounts from archives all over the world *The Nurses of Passchendaele* tells their stories faithfully recounting their experiences behind the Ypres Salient in one of the most intense and prolonged casualty evacuation processes in the history of modern warfare Nurses themselves came under shellfire and were vulnerable to aerial bombardment and some were killed or injured while on active service Alongside an analysis of the intricacies of their practice the book traces the personal stories of some of these extraordinary women revealing the courage resilience and compassion with which they did their work **Shame and Modernity in Britain** Anne-Marie Kilday, David S. Nash, 2017-02-20 This book argues that traditional images and practices associated with shame did not recede with the coming of modern Britain Following the authors acclaimed and successful nineteenth century book *Cultures of Shame* this new monograph moves forward to look at shame in the modern era As such it investigates how social and cultural expectations in both war and peace changing attitudes to sexual identities and sexual behaviour new innovations in media and changing representations of reputation all became sites for shame s reconstruction making it thoroughly modern and in tune with twentieth century Britain s expectations Using a suite of detailed micro histories the book examines a wide expanse of twentieth century sites of shame including conceptions of cowardice conscientious objection during the First World War fraud and clerical scandal in the interwar years the shame associated with both abortion and sexual behaviour redefined in different ways as deviant shoplifting in the 1980s and lastly how homosexuality shifted from *Coming Out* to embracing *Pride* finally rediscovering the positivity of shame with the birth of the Queer **Veiled Warriors** Christine E. Hallett, 2014-08-28 Caring for the wounded of the First World War was tough and challenging work demanding extensive knowledge technical skill and high levels of commitment Although allied nurses were admired in their own time for their altruism and courage their image was distorted by the lens of popular mythology They came to be seen as self sacrificing heroines romantic foils to the male combatant and doctors handmaidens rather than being appreciated as trained professionals performing significant work in their own right Christine Hallett challenges these myths to reveal the true story of allied nursing in the First World War one which is both more complex and more absorbing Drawing upon evidence from archives across the world *Veiled Warriors* offers a compelling account of nurses wartime experiences and a clear appraisal of

their work and its contribution to the allied cause between 1914 and 1918 on both the Western and the Eastern Fronts Nurses believed they were involved in a multi layered battle Primarily they were fighting for the lives of their patients on the second battlefield of casualty clearing stations transports and military hospitals Beyond this they were an integral component of the allied military machine putting their own lives at risk in field hospitals close to the front lines on board hospital ships vulnerable to enemy submarine attack and in base hospitals subject to heavy bombardment As working women in a sometimes hostile chauvinistic world allied nurses were also fighting to gain recognition for their profession and political rights for their sex For them military nursing might help to win not only the war itself but also a more powerful voice for women in the post war world

*Clandestine Lives of Colonel David Smiley Jones* Clive Jones, 2019-05-21 Drawing on extensive interviews and archival research this biography uncovers the motivations and ideals that informed Smiley's commitment to covert action and intelligence during the Second World War and early part of the Cold War often among tribally based societies With particular reference to operations in Albania Oman and Yemen it addresses the wider issues of accountability and control of clandestine operations

*The British Army in Mesopotamia, 1914-1918* Paul Knight, 2013-07-30 When war broke out between the British and Turkish empires in 1914 the 6th Poona Division sailed from India to Basra to bolster Britain's allies deny the port to enemy shipping and secure Britain's Persian oil supplies Further expansion followed the capture of Al Amara was the British Army's greatest victory of 1915 When an advance on Baghdad was repulsed the Siege of Kut became the British Army's longest siege and greatest surrender Attempts to relieve Kut led to unsuccessful battles that were bloody and muddy even by Western Front standards Under new leadership revitalized and reinforced the British avenged their defeat when Baghdad was captured in March 1917 Thereafter the British Empire committed in campaigns of limited value to the overall war effort huge levels of manpower and materiel desperately needed elsewhere What was created was modern Iraq and the first Arab government in Baghdad in over 400 years This detailed history places the campaign in context of Allied operations in the Middle East and sheds light on several unsung heroes of the war including General Charles Townshend whose spectacular 1915 victories led to humiliating defeat and captivity in 1916 General Frederick Stanley Maude whose March 1917 entry into Baghdad preceded General Allenby's entry into Jerusalem by eight months and Miss Gertrude Bell a female Lawrence of Arabia who played a central role in the creation of the new Iraqi state

*To Hell and Back* Ian Kershaw, 2015-11-17 Chilling *To Hell and Back* should be required reading in every chancellery every editorial cockpit and every place where peevish Euroskeptics do their thinking Kershaw documents each and every ism of his analysis with extraordinary detail and passionate humanism The New York Times Book Review The Penguin History of Europe series reaches the twentieth century with acclaimed scholar Ian Kershaw's long anticipated analysis of the pivotal years of World War I and World War II The European catastrophe the long continuous period from 1914 to 1949 was unprecedented in human history an extraordinarily dramatic often traumatic and endlessly fascinating

period of upheaval and transformation This new volume in the Penguin History of Europe series offers comprehensive coverage of this tumultuous era Beginning with the outbreak of World War I through the rise of Hitler and the aftermath of the Second World War award winning British historian Ian Kershaw combines his characteristic original scholarship and gripping prose as he profiles the key decision makers and the violent shocks of war as they affected the entire European continent and radically altered the course of European history Kershaw identifies four major causes for this catastrophe an explosion of ethnic racist nationalism bitter and irreconcilable demands for territorial revisionism acute class conflict given concrete focus through the Bolshevik Revolution and a protracted crisis of capitalism Incisive brilliantly written and filled with penetrating insights To Hell and Back offers an indispensable study of a period in European history whose effects are still being felt today

**Haig's Intelligence** Jim Beach, 2013-10-24 Haig's Intelligence confronts a perennial question about the British on the Western Front why did they think they were winning

*Nurse Writers of the Great War* Christine Hallett, 2016-02-15 This electronic version has been made available under a Creative Commons BY NC ND open access license The First World War was the first total war Its industrial weaponry damaged millions of men and drove whole armies underground into dangerously unhealthy trenches Many were killed Many more suffered terrible life threatening injuries wound infections such as gas gangrene and tetanus exposure to extremes of temperature emotional trauma and systemic disease In an effort to alleviate this suffering tens of thousands of women volunteered to serve as nurses Of these some were experienced professionals while others had undergone only minimal training But regardless of their preparation they would all gain a unique understanding of the conditions of industrial warfare Until recently their contributions both to the saving of lives and to our understanding of warfare have remained largely hidden from view By combining biographical research with textual analysis Nurse writers of the great war opens a window onto their insights into the nature of nursing and the impact of warfare

Someone Else's War John Connor, 2019-08-22 World War I was the first truly global conflict and its effects were felt across the British Empire When war broke out in 1914 Great Britain had the largest empire encompassing one quarter of the population of the world Many colonial citizens were to be enlisted into the war effort and shipped from their homes in Africa Asia and Australasia to fight on the battlefields of the Western Front What was the experience of war like for citizens of empire whether combatants or not How did the empire affect countries administered by Great Britain but geographically located tens of thousands of miles from the conflict In this book John Connor tells the story of the people whose lives were profoundly affected by someone else's war dragged against their will into a geopolitical conflict vastly removed from their normal lives

*All'inferno e ritorno* Ian Kershaw, 2016-12-12 T00:00:00+01:00 L Europa tra il 1914 e il 1945 precipitò in un abisso di barbarie combatté due guerre mondiali minacciò le fondamenta stesse della sua civiltà e parve testardamente incamminata sulla via dell'autodistruzione Ian Kershaw uno degli storici più autorevoli del nostro tempo ci racconta quello che fu un vero e proprio viaggio di andata e ritorno dall'inferno Estate del 1914 gran parte dell'Europa

precipita in un conflitto sconvolgente La gravità del disastro terrorizza i sopravvissuti nessuno può credere che la civiltà modello per il resto del mondo sia sprofondata nella brutalità più assoluta Solo vent'anni dopo la fine della Grande Guerra nel 1939 gli europei iniziano un secondo conflitto persino peggiore del primo Nonostante le crude cifre non possano restituire la gravità dei tormenti inflitti alla popolazione la conta dei morti oltre quaranta milioni soltanto in Europa quattro volte di più della prima guerra mondiale ci fa percepire con concretezza questo orrore Ian Kershaw ricostruisce una nuova monumentale storia dell'Europa contemporanea un periodo straordinariamente movimentato e tragico che ha visto il continente sfiorare l'autodistruzione e solo quattro anni dopo aver toccato il fondo nel 1945 gettare le basi per una stupefacente risurrezione
