### **Captured By The Media Captured By The Media:**

**Media Capture** Anya Schiffrin, 2021-06-22 Who controls the media today There are many media systems across the globe that claim to be free yet whose independence has been eroded As demagogues rise independent voices have been squeezed out Corporate owned media companies that act in the service of power increasingly exercise soft censorship Tech giants such as Facebook and Google have dramatically changed how people access information with consequences that are only beginning to be felt This book features pathbreaking analysis from journalists and academics of the changing nature and peril of media capture how formerly independent institutions fall under the sway of governments plutocrats and corporations Contributors including Emily Bell Felix Salmon Joshua Marshall Joel Simon and Nikki Usher analyze diverse cases of media capture worldwide from the United Kingdom to Turkey to India and beyond many drawn from firsthand experience They examine the role played by new media companies and funders showing how the confluence of the growth of big tech and falling revenues for legacy media has led to new forms of control Contributions also shed light on how the rise of right wing populists has catalyzed the crisis of global media They also chart a way forward exploring the growing need for a policy response and sustainable models for public interest investigative journalism Providing valuable insight into today's urgent threats to media independence Media Capture is essential reading for anyone concerned with defending press freedom in the digital age

**Media Capture in Africa and Latin America** Hayes Mawindi Mabweazara, Bethia Pearson, 2024-11-20 How can current debates on media capture be understood within the contexts of Africa and Latin America This edited collection provides a nuanced exploration of media capture a critical yet contested concept that examines and illuminates how media can become skewed in favour of power while also highlighting spaces and strategies of resistance By adopting a South South perspective it brings together scholars focused on these issues in both regions featuring a dialogue between two leading scholars Herman Wasserman and Silvio Waisbord in the Foreword The book not only demonstrates how media practices in Africa and Latin America are influenced by the political economy of their media systems but also contributes significantly to advancing empirical theoretical and comparative research on media in non Western settings

**Media Capture And Corrupt Journalists** Tomislav Maršić, 2022-11-13 This book explores the form dynamics and main reasons for media capture and conspiracy between editors and executive politicians in Central and Eastern Europe CEE since 2000 Situated in the literatures on Europeanization democratization party studies and media studies the book aims to connect these fields by showing that internal party dynamics play an important role in motivating executive politicians to hijack or collaborate with media Against this backdrop the book tells the story of Croatian journalism in the context of media mafia conglomerates political corruption and media hijacking and examines how traditional democratic drivers that the literature frequently cites such as Europeanization and party competition failed to prevent systematic transgressions by politicians Methodologically the book takes a two pronged approach First nearly 50 interviews were conducted with Croatian investigative journalists

from which the narratives about the relationships between government politicians and editors over 15 years were reconstructed In a second step a sample of 40 000 media articles was subjected to a computational sentiment analysis covering the same 15 year period and showing high levels of cooperation between corrupt politicians and corrupt media outlets

**The European Media in the Platform Era** Stylianos Papathanassopoulos,Andrea Miconi,2025-09-01 This book examines the significant changes reshaping the European media landscape in the context of rapid technological advancements political shifts and economic pressures It sheds light on the economic political and structural forces behind these transformations focusing particularly on the impact of platformisation media convergence and the emergence of new players on media production distribution and consumption At the same time the book analyses how platform dominance is reshaping European media ownership by fostering mergers and collaborations while also raising concerns about media concentration Against this backdrop it also considers the evolving role of public broadcasters as governments and policymakers grapple with the challenge of regulating new media realities while maintaining diversity and pluralism It also discusses the implications of the trends for European identity and the European public sphere particularly the tension between a top down institutional and regulatory approach to Europeanisation Providing a detailed overview of the trends and shifts shaping the future of European media the book offers key insights into the dynamics and challenges of the contemporary media environment It will appeal to students researchers and media professionals interested in media studies European studies international communication and public policy Its insightful analysis and empirical grounding enable readers to gain a better understanding of the ongoing transformations in the European media sector and the future direction of the media in the digital platform era

**Media Transformations in the Post-Communist World** Peter Gross,Karol Jakubowicz,2012-10-18 Media Transformations in the Post Communist World Eastern Europe s Tortured Path to Change edited by Peter Gross and Karol Jakubowicz is a collection of analyses of Eastern European media by some of the most distinguished scholars in the field This text assesses the progress or lack thereof made in transitioning and transforming the mass media in Eastern Europe since the fall of Communism This collection reveals how democratic political change offers an opportunity but not a guarantee of successful corresponding change in the media system

**Media Ownership in Africa in the Digital Age** Winston Mano,Loubna El Mkaouar,2022-10-24 Who owns the media and communications in Africa today and with what implications The book elegantly answers this urgent question by unpacking multiple dimensions of media ownership through rare and authoritative perspectives including both historical and contemporary digital developments It traces the evolving forms of ownership of media and communications in specific African contexts showing how they interact with broader changes in and outside the continent The book also shows how Big Techs such as Meta formerly known as Facebook are involved in a scramble for Africa s digital ecosystem and how their advance brings both opportunities and concerns about ownership and control The chapters analyse evolving forms of ownership and their implications on media

concentration and democracy across Africa The book offers a nuanced account of how media ownership structures are in some instances captured with an ever growing and complex ecosystem that also has new opportunities for public interest media Offering a significant representation of the trends and diversity of existing media systems the book goes beyond the postcolonial geographical divisions of North and Sub Saharan Africa to highlight common patterns and significant similarities and differences of communications ownerships between and within African countries The contributors expose media and communications ownership patterns in Africa that are centralised and yet decentralising and in some cases battling resurging and globalising

**Media and Politics in New Democracies** Jan Zielonka, 2015-10-08 This book analyses the relationship between the media and politics in new democracies in Europe and other parts of the world It does so from both theoretical and empirical

angles How is power being mediated in new democracies Can media function independently in the unstable and polarised political environment experienced after the fall of autocracy Do major shifts in economic and ownership structures help or hinder the quality of the media How much can new media laws alter old journalistic habits and political cultures And how do new technologies impact the media and democracy The book examines these questions drawing on a vast set of data assembled by a large international project Media and Politics in New Democracies focuses chiefly on new democracies in Central and Eastern Europe but chapters analysing new democracies in Latin America Africa and Southeast Asia are also included These new democracies represent a variety of what sociologists call glocalism homogenisation and heterogenisation coexist revealing hybrid models and multiple modernities It is local culture that assigns meaning to global and regional influences Ideal liberal models and best practices are being promoted and aspired to but these models and practices are often being adopted in opaque ways generating results opposite to those intended The book finds many new democracies to be fragile if not deficient and tries to show what is really going on in these countries how they compare to each other and what they can learn from each other      **Reporting Facts: Free from Fear or Favour** UNESCO,2020-12-31

**Information and Public Choice** Roumeen Islam,2008-06-06 The ability of the media to affect outcomes in economic and political markets has been well documented News reporting and advertising influence consumer behavior in goods and services markets by revealing or selectively revealing information about a product acting as agenda setters to influence consumer demand or enhancing competition in markets by alerting consumers to substitutes In political markets they can affect behavior by informing voters about a politician s views or actions enlightening citizens to outcomes of public policy or taking a stance on political social or economic issues For businesses households and most others the media is the main source of information on public policy choices and current social and economic conditions As a result what news the media chooses to gather analyze and disseminate and the slant they choose to put on what they report is of consequence Information and Public Choice addresses the factors that affect the content and reach of news coverage as well as its impact on public policy The book addresses both market constraints that affect media particularly news content and the impact that news reporting has on economic and political choices The authors examine a range of issues including bias or slant in media reporting the impact of markets and nonmarket factors on news reporting and the role of government regulation of the media sector in developing countries The studies in this volume provide new evidence and a good summary of previous research on the power of the media An invaluable guide for those concerned about the impact of media on economic and political outcomes Information and Public Choice draws attention to an under researched yet important area of economics      *Role of Media in Nation Building* Anand Shanker Singh,2016-09-23 The concept of nation building is a multi dimensional process addressing various components simultaneously It takes into account the various historical and geographical perspectives of the country in question noting the peculiarities and diversity of its cultural ethos including its social economic and political

structures This volume addresses these inter linked aspects and the innovative development of these structures and institutions However such changes and development must be directed to create a more culturally homogenous and productive society so that basic human needs like food shelter healthcare and education are fulfilled at the optimum level All round development and growth for the nation can be achieved only with a robust economy and political stability As such the process of nation building and development is a multifaceted phenomenon In the context of India this process is associated with the central values embodied in the preamble of the country s constitution which advocates for the establishment of secular socialist and democratic society based on well defined fundamental rights This anthology reflects these academic spirits and vistas

**Public Communication in Freefall** Stephen Coleman, Frank Esser, Julie Firmstone, Katy Parry, Chris Paterson, 2025-05-20 This book addresses key challenges facing global political communication at a time in which transformations in political practice media ecology and cultural expectations both threaten traditional democratic norms and point to potential new ways of enacting political democracy Drawing upon the outstanding theoretical insights of Jay Blumler to our understanding of the norms and practices of political communication but also critically interrogating and updating them where appropriate the volume asks timely questions about what publicness and democracy mean in the 2020s Many people are talking and writing about the crisis of political democracy fewer are talking about the role of the media in relation to that crisis While many scholars have responded in an ad hoc way to the various crises of populism polarisation mis and disinformation this book shows how Jay Blumler s scholarship provides us with the tools and framework to research and understand the changing communication environment systemically and rigorously The book demonstrates the applicability and relevance of Blumler s work in explicating the current crisis of communication and the need for fresh and radical thinking in tackling it The book s breadth and depth of chapters from a broad range of scholars from the East and West ranging from long standing contributors to the field to those in the early stages of their career combine to produce a thoughtful and provocative invitation to reflect upon the concept of a crisis of public communication We expect this book to become a major source for political communication students and scholars
