Cummings, 2015-03-08 During the years between the restoration of the Medici to Florence and the election of Cosimo I the Medici family sponsored a series of splendid public festivals reconstructed here by Anthony M Cummings Cummings has utilized unexpectedly rich sources of information about the musical life of the time in contemporary narrative accounts of these occasions histories diaries and family memoirs In this interdisciplinary work he explains how the festivals combined music with art and literature to convey political meanings to Florentine observers As analyzed by Cummings the festivals document the political transformation of the city in the crucial era that witnessed the end of the Florentine republic and the beginnings of the Medici principate This book will interest all students of the life and institutions of sixteenth century Florence and of the Medici family In addition the author furnishes new evidence about the contexts for musical performances in early modern Europe By describing such contexts he ascertains much about how music was performed and how it sounded in this period of music history and shows that the modes of musical expression were more varied than is suggested by the relatively few surviving examples of actual pieces of music Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of

Sacred Art Journal, 1990 **Mary Magdalene, Iconographic Studies from the Middle Ages to the Baroque**, 2012-11-21 Mary Magdalene Iconographic Studies from the Middle Ages to the Baroque examines the iconographic inventions in Magdalene imagery and the contextual factors that shaped her representation in visual art from the fourteenth to the seventeenth centuries Unique to other saints in the medieval lexicon images of Mary Magdalene were altered over time to satisfy the changing needs of her patrons as well as her audience By shedding light on the relationship between the Magdalene and her patrons both corporate and private as well as the religious institutions and regions where her imagery is found this anthology reveals the flexibility of the Magdalene's character in art and in essence the reinvention of her iconography from one generation to the next Feminist Consequences Elisabeth Bronfen, Misha Kavka (red), 2001 Exploring the status of feminism in this postfeminist age this sophisticated meditation on feminist thinking over the past three decades moves away from the all too common dependence on French theorists and male thinkers and instead builds on a wide ranging body of feminist theory written by women These writings address the question Where are we going as well as Where have we come from As evidenced in the essays compiled here the multiplicity of directions available to this new feminism ranges from poststructuralist academic theory through cultural activism to readings of law literature and representation Contributors include Mieke Bal Lauren Berlant Rosi Braidotti Elisabeth Bronfen Judith Butler Rey Chow Drucilla Cornell Ann Cvetkovich Jane Gallop Beatrice Hanssen Claire Kahane Ranjana Khanna Biddy Martin Juliet Mitchell Anita Haya Patterson and Valerie Smith Feminist Consequences representing the forefront of international feminist thought marks a new and long desired stage of feminist criticism where women are themselves making theory rather than reacting to male production Art Journal, 1990 Jesus Through the Centuries Jaroslav Pelikan, 2005 This publication was created for the History Book Club in 2005 It comprises two complete books in the one volume This text looks at two figures from their earliest representations through to their depictions in today's world **Michelangelo Merisi da Caravaggio** Stefania

Spike, 2010-04-06 Every extant work by Caravaggio is reproduced in color in this lavish newly updated volume the long awaited result of more than twenty years of research by a leading authority on the artist In an engaging and informed text John T Spike explores in detail Caravaggio s scandalous life and provocative work Placing Caravaggio within the broad panorama of society and ideas at the turn of the 17th century the author sets a richly detailed stage for an artist who has been called the first modern painter Caravaggio 1571 1610 reflected in his canvases his own desires and spiritual crises to an extent no one ever had imagined possible and he shocked his contemporaries by portraying the saints and virgins of Christianity with the faces and bodies of his companions and lovers in Rome s demimonde Accompanying the book is a critical catalog on CD ROM in which all of Caravaggio s extant paintings as well as lost and rejected works are thoroughly described Each entry specifies the work s medium dimensions location and provenance and provides an annotated bibliography of sources Most of the entries conclude with a brief technical analysis Much of this scientific data of prime importance for attribution and dating has not previously been published With its fresh insights as well as judicious readings of the documents and the physical evidence of the paintings themselves Caravaggio is the most thorough study on the artist to date and it will no doubt remain a definitive monograph for many years to come This revised edition includes a new preface and updated bibliography **Caravaggio** John L. Varriano, 2006 In Caravaggio Varriano uncovers the principles and practices that guided Caravaggio s brush as he made some of the most controversial paintings in the history of art He sheds an important new light on these disputes by tracing the autobiographical threads in Caravaggio s paintings framing these within the context of contemporary Italian culture **Bibliographic Guide to Art and Architecture** New York Public Library. The Moment of Caravaggio Michael Fried, 2023-10-17 A major reevaluation of Caravaggio from one of today s leading art historians This is a groundbreaking examination of one of the most important artists in the Western tradition by one of the leading art historians and critics of the past half century In his first extended consideration of the Italian Baroque painter Michelangelo Merisi da Caravaggio 1573 1610 Michael Fried offers a transformative account of the artist s revolutionary achievement Based on the A W Mellon Lectures in the Fine Arts delivered at the National Gallery of Art The Moment of Caravaggio displays Fried s unique combination of interpretive brilliance historical seriousness and theoretical sophistication providing sustained and unexpected readings of a wide range of major works from the early Boy Bitten by a Lizard to the late Martyrdom of Saint Ursula The result is an electrifying new perspective on a crucial episode in the history of European

painting Focusing on the emergence of the full blown gallery picture in Rome during the last decade of the sixteenth century and the first decades of the seventeenth Fried draws forth an expansive argument one that leads to a radically revisionist account of Caravaggio's relation to the self portrait of the role of extreme violence in his art as epitomized by scenes of decapitation and of the deep structure of his epoch defining realism Fried also gives considerable attention to the art of Caravaggio's great rival Annibale Carracci as well as to the work of Caravaggio's followers including Orazio and Artemisia Gentileschi Bartolomeo Manfredi and Valentin de Boulogne Please note All images in this ebook are presented in black and white and have been reduced in size
