

A sepia-toned historical photograph of a group of approximately 15-20 people, including men, women, and children, standing in front of a large, rustic stone wall. The people are dressed in late 19th or early 20th-century clothing. Some are standing, while others are seated or kneeling in the front. , *History of Camden and Rockport Maine (Classic Reprint)* Reuel Robinson, 2015-07-07 Excerpt from History of Camden and Rockport Maine The old town of Camden which includes the present towns of Camden and Rockport has a most interesting history to preserve which is the object of this volume Mr Locke s excellent Sketches of the History of Camden has long been out of print and but a few copies are now extant That work was published nearly half a century ago and many important events happening since its publication would have become lost to future generations unless someone had undertaken the task of compiling a new history As no one else seemed inclined to enter upon the undertaking the writer essayed the arduous and somewhat delicate work of putting into print the deeds

and lives of the Camden and Rockport people from the earliest period to the present time This work is essentially a home made production as the author is a citizen of Camden it was printed by the Camden Publishing Company and bound by Mr Edwin F Dillingham of Bangor who is a member of an old Camden family and one of Camden s oldest and most loyal summer residents The author does not claim that the work is in all respects a complete one No work of the kind can be complete and he is conscious that many important events may have been left out and that from the personal sketches of the lives of men of the two towns some doubtless have been omitted who are as deserving of mention as many whose lives have been given About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
