**REITs Around the World** Richard Stooker, Claim Your Share of Real Estate Investment Trust REIT Profits From Around the World Ever since so many private real estate companies converted themselves into Real Estate Investment Trusts and held IPOs in the mid 1990s and with the publication of the first edition of Investing in REITs Real Estate Investment Trusts by Ralph L Block U S investors have been discovering the high dividend yields possible through investing in commercial real estate through publicly owned companies REITs do not have to pay taxes on the income they distribute to unit holders and the government requires them to distribute at least 90% This means they pay out a lot more money than ordinary corporations who have to pay corporate taxes REITs are cash cows What s not so well known is that countries all over the world have been following the lead of the United States and creating their own versions of Real Estate Investment Trusts Nearly 40 countries from Australia to Turkey have laws enabling some form of REITs using the US as a

model but ringing their own changes By investing in foreign REITs you can 1 Have a stream of income that s not dependent on the US dollar or euro or yen or whatever your currency of residence is By investing in foreign REITs you get income in a large variety of other currencies which may be going up in value as the US dollar falls The two largest oldest and most mature REIT countries in the world behind the US are Canada and Australia Which two countries in the world have recently seen the value of their currencies go up dramatically Canada and Australia But Canadians and Australians needs apartments office buildings and shopping malls just like everyone else By buying shares of their REITs you can get yourself some Canadian and Australian dollars Two other kinds of dollars are going up in value both from busy and booming Asian port cities Hong Kong and Singapore And both Hong Kong and Singapore have some great Real Estate Investment Trusts 2 Have a stream of income from economic activity that may be up while your local area is down Most people s jobs are dependent upon their local economy However when business is slow in your area it may be great in Paris Dubai or Kuala Lumpur We also know that while the entire U S real estate market can be slow real estate in other countries may still be booming 3 Worldwide inflation protection Well run REITs will do all they can to increase their net incomes including raise rents to keep up with inflation wherever they are located Ever wanted to benefit from Japanese people paying rent for their apartments Or from businesses paying for offices in prestigious districts of Paris Or from tourists buying clothes in the trendy shops of Soho London Or from jet setters tanning themselves at Mediterranean luxury resorts Or from Australian wine vinyards Or even from Bulgarian farmers renting land to grow wheat on Or from drinkers having a pint in AB InBev s chain of European pubs From the warehouses and shipping docks of China Now you can In the last chapter you learn the investments that you can tell your broker to buy for you to profit from REITs around the world It s simple easy and in this globalized world of international financial crises a smart move to protect you and your family s wealth
