Suckers Rose Shapiro,2010-09-30 Alternative medicine is now used by one in three of us In the UK we spend an estimated 4 5 billion a year on it and its practitioners are now insinuating themselves into the mainstream There are methods based on ancient or far eastern medicine as well as ones invented in the nineteenth and twentieth centuries Many are promoted as natural treatments What they have in common is that there is no hard evidence that any of them work Treatments like homeopathy acupuncture and chiropractic are widely available and considered reputable by many Ever more bizarre therapies from naturopathy to nutraceuticals ear candling to ergogenics are increasingly favoured Endorsed by celebrities and embraced by the middle classes alternative medicine's appeal is based on the spurious rediscovery of ancient wisdom and the supposedly benign quality of nature Surrounded by an aura of unquestioning respect and promoted through uncritical airtime and column inches alternative medicine has become a lifestyle choice Its global market is predicted to be worth 5 trillion by 2050 Suckers reveals how alternative medicine can jeopardise the health of those it claims to treat leaches resources from treatments of proven efficacy and is largely unaccountable and unregulated In short it is an industry that preys on human vulnerability and makes fools of us all Suckers is a calling to account of a social and intellectual fraud a bracing funny and popular take on a global delusion **You Can Prevent and Reverse Cancer** Moss Buchanan,2010-12-28

Moss is a cancer survivor Moss career in sales marketing and real estate was abruptly interrupted when he was stricken with a highly metastatic renal cell cancer at age 28 He received no satisfactory answers as to Why e g Why me Why such a radical surgical intervention Why is there such limited advice on what to do next etc Thus Moss spent his next four years not only recovering from his cancer ordeal but also embarking on a journey in search of better answers that might alleviate both his and other patients sufferings in the future Moss has assembled a compendium of that knowledge which provides the reader an understanding and integration of some basic physiological and life style principles the application of which can guide the reader to a healthier and longer life **I Am a Doctor, My 3 Wives Died from Cancer** Ariston P. Awitan Jr.

M.D.,2021-07-16 For more than one hundred years there has been no significant improvement in the way cancer patients are treated by the medical establishment by the medical doctors and the healthcare industry The approved cancer treatment which is Surgery Radiation Therapy and Chemotherapy does not cure cancer Any form of treatment that is not approved by

the Federal Drug Administration FDA is illegal so medical doctors are prohibited to use any other treatment of cancer except Surgery Radiation Therapy and Chemotherapy Research shows that strengthening of the Immune System plays an important role in letting the body heal itself But for some reason the government does not go out of its way to approve any other form of treatment or support any research in this regard Enlightened cancer patients want to seek alternative treatments given by alternative and integrative medical professionals who are holistic health practitioners But because their services are not recognized by the government and by the conventional medical profession therefore medicare and supplemental insurance do not pay for these services most cancer patients cannot avail of these services because they are expensive This book is the story of 3 wives of a medical doctor who in spite of sixty years in the medical profession felt helpless while his wives were suffering from this devastating disease He realized the inadequate approved treatment of cancer was enlightened after five years of research about the causes of chronic diseases including cancer and found the truth about Conventional and Alternative Treatment of Cancer He wrote this book with the hope that people will learn and be enlightened about their longevity and the government realizes that the approved Cancer Treatment Surgery Radiation Therapy and Chemotherapy do not cure cancer He believes that the cure of cancer lies mainly in strengthening the immune system and hopes that the government authorities recognize the holistic practitioners and support the research to strengthen the immune system to help the body heal itself

Why Do Drugs Cost So Much? Joe, Ruth, 2008-06 Caution Reading this book in its entirety may cause the following side effects Surprise Anger Disbelief and even Amusement We begin by revealing the little known inside workings of the pharmaceutical industry based on the experiences of people who have worked there Why do you think it is that your drugs cost so much Is it because of all the high tech stuff that goes into making it Or is it something else that might shock or even anger you What goes on behind the scenes often has nothing whatsoever to do with science This leads to the second part which has to do with our health and the things you may not even realize are making us all sick This is not just another eat right and exercise book You will discover information you have never heard before There are even things that have been proven to harm you but have been covered up or ignored and even encouraged as long as there is money to be made Do you like investigative reporting Do you like history or science fiction Do you have a taste for the macabre Are you concerned about declining health care government and military cover ups or the high cost of medicine Written with some humor and at times a touch of sarcasm there is a little bit of something here for everyone You may or may not agree with some of the things in this book but once you start reading it your curiosity will make you want to pick it up again and again until you are finished

The Only Answer to Cancer, 2009 This third book in the Islam Rising trilogy outlines how America and the West have been targeted by Islamists for either destruction or conversion The word compromise isn't even in their vocabulary Let there be no doubt since 1979 Islamists in the name of their religion and their god have been continuously attacking and killing Americans Beginning with the takeover of the US Embassy in Iran each horrible event including 9 11

has been identified When will America wake up and realize that a never ending jihad has been declared against all of western civilization both America and Europe Publisher An End to All Disease Lt. Lawrence F. Frego, 2006-07-19 We are at the crossroads of world health On the one hand we face the possibility of a world wide pandemic the likes of which has never been seen before We are likewise on the threshold of discovering natural cures for nearly every disease As choosing wisely may mean the difference between life and death this book is designed to help the reader choose alternative options that are seldom if ever in the news Jared Diamond in his groundbreaking work Collapse How Societies Choose to Fail or Succeed addresses the fact that only civilizations that recognize the threats against their existence and deal with the threat effectively survive Civilizations with their heads in the sand become extinct or are conquered by more vigorous nations The robber barons of the last century were able to create a monopoly for oil and the automobile by ruthlessly and systematically destroying all competition They tore up cable car lines and public transportation so the public would have no other alternative except their oil Today the drug monopolies owned by the descendants of these same robber barons are nearly complete in their plot to eradicate all natural low cost remedies for disease prevention and treatment In the state of Florida naturopathic physicians were de licensed unless they also had a conventional medical license The powers that be want to create a drug induced society at an enormous financial and emotional cost to the public at large They are even trying to outlaw vitamins via European health treaties and side step the American constitution and the public The ever escalating cost of medical care created by lack of natural alternative options can only lead to the eventual total collapse of the entire medical system It is exceedingly difficult finding the truth about alternative medicine as the system has a vested interest in making profits and keeping the truth from you A few thousand deaths is an acceptable loss if a few billion dollars can be made And it will be a cold day in hell before a drug company puts itself out of business by telling you about a low cost natural cure that their product can manage The guardians of public health know which side their toast is buttered on also The career politicians and beltway bandits at the FDA know where the money is and they dont get it from you or providers of natural cures The drug monopolies pay the big bucks There have been no checks and balances Corruption has become so pronounced that the US House of Representatives is seeking to pass the Consumers Access to Health Information Act H R 2352 to ensure that accurate health claims ARE NOT SUPPRESSED Consumers would be given TRUTHFUL AND COMPLETE information about the curative mitigation treatment and prevention effects of foods and dietary supplements on disease or health related conditions The time to exercise your God given right to the health care of your choice is now www.lef.org America has the finest emergency health care in the world Bar none However that is not the nature of the coming threat American baby boomers will soon be retiring in the tens of millions Their health care needs will be staggering and costly However 92% of American health care providers are trained in emergency medicine and only 8% in long term preventative medicine As it takes a minimum of 6 7 years to obtain a medical degree America is unprepared for a crisis that is inevitable
