**Reception of the 'Limited liability company (GmbH)'** Martin Löhnig, Anna Moszyńska, 2023-12-04 The limited liability company GmbH was created by the German legislature in 1892 as a company form without any historical forerunners or suggestions from comparative law It brought about a readjustment of the relationship between the chance of profit and the liability risk However criticism from the jurisprudence that had not been included in the quick legislative process was also heard from the start As early as 1892 Levin Goldschmidt expressed concern that the GmbH would replace principally more solid forms of company However this criticism did not prevent the company form of the GmbH from being adopted in numerous European countries or at least seriously considering its reception
