Patunru,Richard Schwindt,2021-11-15 The process of globalization has implications for human rights though the relationship between the two is not always clear How does globalization effect human rights in local contexts Globalization Poverty and Income Inequality examines the relationships between globalization and trade liberalization and poverty and income inequality using Indonesia as a case study This empirically rigorous investigation finds that although increased trade tends to reduce poverty there are exceptions For example globalization via trade in certified organic coffee has not helped low income farmers And globalized access to treatments for visual problems has been countermanded by rising digitization that negatively affects the visually disabled poor Ultimately the chapters describe an ambiguous relationship between trade liberalization and inequality both of which can increase or decrease in proportion to one another depending on region and sector This empirically driven work provides a nuanced view of the trade poverty relationship contributing balanced testimony to policy debates being held internationally **Economic Development of Modern Europe** Frederic Austin Ogg,Walter Rice Sharp,1926 Innovation, Economic Development and Policy Jan Fagerberg,2018-04-27 This authoritative and enlightening book focuses on fundamental questions such as what is innovation who is it relevant for what are the effects and what is the role of innovation policy in supporting innovation diffusion The first two sections present a comprehensive overview of our current knowledge on the phenomenon and analyse how this knowledge and the scholarly community underpinning it has evolved towards its present state The third part explores the role of innovation for growth and development while section four is concerned with the national innovation system and the role of innovation policy in influencing its dynamics and responding to the important challenges facing contemporary societies **Foreign Direct Investment in Large-Scale Agriculture in Africa** Atkeyelsh Persson,2019-05-02 This book examines environmental sustainability and inclusive economic growth providing in depth analysis of foreign direct

investment FDI in large scale agriculture in Ethiopia In most African states arable land and other natural resources play a pivotal role for economic growth and development Ethiopia is one of those countries where agriculture is the backbone of the economy This sector has also been an attraction for FDI in Sub Saharan Africa since the global food and financial crisis of 2007 and 2008 This book uses six foreign investments in large scale agriculture as case studies to examine current Ethiopian policies the patterns of investment they promote how these impact on land based resources and communities wellbeing Presenting analyses of the economic social and political realities of foreign direct investment in the local context Foreign Direct Investment in Large Scale Agriculture in Africa discusses how the fundamental principles of pro poor and environmentally sustainable investments intersect with the government s ambition to advance Ethiopia s development agenda This book will be of interest to scholars and students of African economics and sustainable development African policy makers intergovernmental organisations as well as multilateral and bilateral development partners
