Economic Life In Korea

Dennis McNamara

Economic Life In Korea:

The Quality of Life in Korea Doh Chull Shin, Conrad P. Rutkowski, Chong-Min Park, 2013-04-17 This is the first volume ever published to examine the objective and subjective qualities of Korean life from both comparative and dynamic perspectives. It presents non-Western policy alternatives to enhancing the quality of citizens' lives, distinguishing Korea as an Asian model of economic prosperity and political democracy. The book is intended for academics, policy makers, and the general public interested in recent developments in Korea.

A Contemporary Portrait of Life in Korea Jibum Kim, 2023-10-20 This book delves into the values, attitudes, and behaviours of Koreans over the course of the past twenty years. Compiled by leading Korean scholars, the book uses the Korean General Social Survey (KGSS), the most comprehensive source of information detailing recent continuity and change in Korea, and addresses a diverse wide range of topics such as nationalism, familism, social inequality, politics, religion, welfare, trust, attitudes towards North Korea, and attitudes towards sex. These issues, in continuously shaping and influencing the lives of Koreans, deserve further examination so as to fully grasp a deeper understanding of Korean contemporary culture. Each chapter covers an overview of background information about the chapter subject and then compares Korean attitudes to those of other countries, drawing on cross-national data derived from sources such as the International Social Survey Programme (ISSP) and the East Asian Social Survey (EASS). It collates this data and then unpacks it to demonstrate trends and how they are impacted by stability or change. Despite the rapid economic development and democratization in Korea, it remains difficult to pinpoint common denominators regarding recent social trends in Korea, and there are surprisingly few books that present a current, nuanced, and empirically substantiated scholarly depiction of Koreans and their social issues. This book fills this gap, serving as an indispensable reference for students and scholars interested in the diverse issues in Korean society.

Social and Economic Policies in Korea Dong-Myeon Shin, 2003-12-08 The sustained remarkable economic growth in the East Asian countries (Japan, South Korea, Taiwan, Hong Kong, and Singapore) has brought about a great deal of debate over the role of the state in the market and society. Shin analyses the dynamic process of state interventions in the economy and social affairs in Korea from the early 1960s until the present, with special reference to five policy areas: macro-economic policy, industrial policy, social security policy, labour policy, and education and training policy. *Social and Economic Policies in Korea* develops a unique explanation about the development of Korean social policy using the concepts of policy idea, policy network, and policy linkages to examine the causes, patterns, and consequences of state interventions in the economy and social affairs over time. It should interest students and researchers of East Asian studies, social policy, and development studies.

The Politics of Economic Reform in South Korea Tat Yan Kong, 2013-10-11 One of the most comprehensive texts on the political economy of Korea available. Up to date, goes up to 1999.

Marxist Perspectives on South Korea in the Global Economy Martin Hart-Landsberg, Seongjin Jeong, Westra Richard, 2017-03-02 This volume brings together work by international scholars to provide a unique analysis of

the past present and possible future trajectory of Korea's political economy from a distinctly Marxist perspective The volume differentiates the Marxian approach to the political economy of Korean development from the Keynesian social democratic approach that currently dominates the critical literature In doing so the volume provides a unique view of the development of the South Korean Economy *Policy and Economic Performance in Divided Korea during the Cold War Era: 1945-91* Nicholas Eberstadt, 2010-03-16 In *Policy and Economic Performance in Divided Korea during the Cold War Era 1945-91* Eberstadt presents an impressive compilation of hard to find comparative data on economic performance for the Democratic People's Republic of Korea DPRK or North Korea and the Republic of Korea ROK or South Korea over two critical generations By a number of indicators Eberstadt argues Kim Il Sung's North Korea actually outperformed South Korea for much of this period not only in the years immediately following partition but perhaps also into the 1970s **Korean Survey**, 1952 **Policy and Economic Performance in Divided Korea During the Cold War Era** Nick Eberstadt, 2010 Nicholas Eberstadt presents an impressive compilation of hard to find comparative data on economic performance for North Korea and South Korea over two critical generations **An Agenda for Economic Reform in Korea** Kenneth Judd, Young-Ki Lee, 2013-11-01 *An Agenda for Economic Reform in Korea* looks at Korea's economic problems from the perspective of the American experience with economic reforms and sheds new light on the problems of economic reform facing nations all over the world The authors examine such issues as corporate governance social welfare labor relations and other pressing challenges and suggest a new vision for the Korean economy *Funeral Rites in Contemporary Korea* Gil-Soo Han, 2019-05-22 This book explores 21st century Korean society on the basis of its dramatically transforming and rapidly expanding commercial funeral industry With insights into contemporary Confucianism shamanism and filial piety as well as modernisation urbanisation the division of labour and the digitalisation of consumption it is the first study of its kind to offer a sophisticated integrated sociological analysis of how the commodification of death intersects with capitalism popular culture and everyday life in contemporary Korea Through innovative analyses of funeral advertising and journalism screen and literary representations of funerals online media consumer accounts of using funeral services and other sources it offers a complex picture of the widespread effects of economic development urbanisation and modernisation in South Korean society over the past quarter century In the aftermath of the Korean economic miracle novel ways of paying respect to deceased kin have emerged using Max Weber's concept of pariah capitalism Gil Soo Han shows how the heightened obsession with and boom in the commodification of death in Korea reflects radical transformations in both capital and culture Winner of Korean Education Minister's Book Prize 2020 **Economic Life in Korea** Shin-Yong Chun, 1982 [Income Inequality in Korea](#) Chong-Bum An, Barry Bosworth, 2020-05-11 In the early 1990s South Korea was showcased as a country that had combined extraordinary economic growth with a narrowing of income distribution achieving remarkably low rates of unemployment and poverty In the years following the financial crisis of 1997-1998 however these rates ballooned to pre

crisis levels giving rise to the perception that the gap between the rich and the poor in Korea had once again widened

Income Inequality in Korea explores the relationship between economic growth and social developments in Korea over the last three decades Analyzing the forces behind the equalizing trends in the 1980s and early 1990s and the deterioration evident in the post crisis years Chong Bum An and Barry Bosworth investigate the macroeconomic conditions gains in educational attainment demographic changes and conditions in labor markets and social welfare policies that have contributed to the evolution of income inequality over time The authors also raise fundamental questions about whether the pre crisis pattern of combining strong economic growth with improving equality can be restored as well as how government policies might be designed to promote that objective The book concludes with a discussion of some proposals for improving the efficacy of redistributive policies in Korea *Korea Today* George M. McCune,2019-08-21 This book first published in 1950 was the first comprehensive study of post War Korea after its liberation and division It provides an analysis of the American and Russian military occupations the efforts of the United Nations to deal with the problem of unification of the country the political and economic policies followed by the northern and southern regimes and an appraisal of the US programme of economic and military aid to South Korea

The Making of Modern Korea Adrian Buzo,2004-08-02 This new revised edition of this popular text provides an accurate balanced and readable history of Korea from 1910 to the present day

Market and Society in Korea Dennis McNamara,2003-09-02 Assessing the roles of capital labour and state McNamara discovers a distinctive style of interest bargaining to bridge uncertainties and foster entrepreneurship The textile industry serves as a microcosm of the broader social changes of the past five decades Dramatic transitions from family firms to professional capitalism from state direction to regulation and from company unions to industry federations take centre stage Moving among executives labour leaders and state officials the author charts development across the crucible of contending interests Stretching from high technology to labour intensive production the textile industry offers a new profile of democratization and market liberalization and recently of globalization and adjustment in the wake of the Asian Financial Crisis The first comprehensive review of the past and present of a leading sector the volume offers a new interpretation of society and market in South Korea Drawing insights from the New Economic Sociology this study sheds new light on social systems of production in the South Korean Miracle Contrasts with Thailand and Japan bring the Korean experience of interest contention into a comparative context of Asian capitalism

Market and Society in Korea Dennis L. McNamara,2002 The first comprehensive review of the past and present of a leading sector the volume offers a new interpretation of society and market in South Korea

Korea 1991 Michael J. Mazarr,2019-03-13 This book is the product of a continuing joint effort by the Korea Institute for Defense Analyses and the Washington based Center for Strategic and International Studies to find roads to a lasting settlement of the dangerous intra Korean confrontation

Korea Hermann Lautensach,2012-12-06 Lautensach s Korea is a regional geography the most comprehensive one ever written on Korea in a

western language It was written before the country was divided and provides a wealth of information on the entire country particularly on the north something that has been difficult to obtain in the West in the past forty years Unfortunately only very few volumes survived the end of World War II so that it has been very difficult to get hold of the book Lautensachh's Korea is considered a classical example of regional geography **Korea's Foreign Policy Dilemmas** Sung-Hack Kang, 2010-12-13

Koreans historically consider their country as a victim of foreign powers sometimes seeing themselves as a shrimp among whales In fact Korea's national status has to a great extent been determined by the historical rivalries between the great powers This collection of essays produced over time by one of Korea's leading political scientists probes many of the fundamental post Korean War issues South Korea has wrestled with in the context of its foreign policy positions not least the question of how it actually defines its foreign policy its relationship with the United States and the ever present security issues Other essays examine the role of the US on the Korean peninsula after the end of the Cold War what policy directions South Korea should take towards North Korea what is North Korea's security policy and what are the conditions for reunification This thought provoking volume provides a valuable overarching framework towards a more informed understanding of how South Korea's relationship with the outside world has evolved in the twentieth century and the manner in which it is likely to do business in the twenty first Developmental Liberalism in South Korea Chang

Kyung-Sup, 2019-05-07 This book characterizes South Korea's pre neoliberal regime of social governance as developmental liberalism and analyzes the turbulent processes and complex outcomes of its neoliberal degeneration since the mid 1990s Instead of repeating the politically charged critical view on South Korea's failure in socially inclusionary and sustainable development the author closely examines the systemic interfaces of the economic political and social constituents of its developmental transformation South Korea has turned and remained developmentally liberal rather than liberally liberal like the United States in its economic and sociopolitical configuration of social security labor protection population education and so forth Initially conceived in the late 1980s ironically along its democratic restoration and radically accelerated during the national financial crisis in the late 1990s South Korea's neoliberal transition has become incomparably volatile and destructive due crucially to its various distortive effects on the country's developmental liberal order

Economic Life In Korea Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the energy of words has be more evident than ever. They have the capability to inspire, provoke, and ignite change.
