

Give And Take

Bambi B. Schieffelin

Give And Take :

Summary of Give and Take Alexander Cooper, 2022-07-24 Give and Take A Comprehensive Summary Thank you for purchasing the Give and Take summary If you like the book please purchase and read the original book for full content experience Give and Take is a book written by Adam Grant It is a book where the author teaches his readers the long term benefits of giving This does not only mean giving material things Giving also means to give your time energy and everything one can give to another person The fact is that every person has something they can give Another fact is that some people like to give They are very generous when it comes to giving Other people like to receive They like when others give to them but are not so keen on giving themselves There is also a third group of people that the author calls matchers How all three groups of people are connected and what the benefits are of each of these groups you can read in the summary below and in the original book The book is divided into several chapters to make reading and understanding what was read easier Furthermore each chapter deals with a specific subject regarding giving and taking Overall the book will teach you why it is good and beneficial for you to give but also to take when offered something Here is a Preview of What You Will Get A Detailed Introduction A Comprehensive Chapter by Chapter Summary Etc Get a copy of this summary and learn about the book

Give and Take Nitsan Chorev, 2019-12-10 Give and Take looks at local drug manufacturing in Kenya Tanzania and Uganda from the early 1980s to the present to understand the impact of foreign aid on industrial development While foreign aid has been attacked by critics as wasteful counterproductive or exploitative Nitsan Chorev makes a clear case for the effectiveness of what she terms developmental foreign aid Against the backdrop of Africa's pursuit of economic self sufficiency the battle against AIDS and malaria and bitter negotiations over affordable drugs Chorev offers an important corrective to popular views on foreign aid and development She shows that when foreign aid has provided markets monitoring and mentoring it has supported the emergence and upgrading of local production In instances where donors were willing to procure local drugs they created new markets that gave local entrepreneurs an incentive to produce new types of drugs In turn when donors enforced exacting standards as a condition to access those markets they gave these producers an incentive to improve quality standards And where technical know how was not readily available and donors provided mentoring local producers received the guidance necessary for improving production processes Without losing sight of domestic political economic conditions historical legacies and foreign aid's own internal contradictions Give and Take presents groundbreaking insights into the conditions under which foreign aid can be effective

Give and Take Adam Grant, 2013-04-09 A groundbreaking look at why our interactions with others hold the key to success from the New York Times bestselling author of Hidden Potential Think Again and Originals For generations we have focused on the individual drivers of success passion hard work talent and luck But in today's dramatically reconfigured world success is increasingly dependent on how we interact with others In Give and Take Adam Grant an award winning researcher and Wharton's highest

rated professor examines the surprising forces that shape why some people rise to the top of the success ladder while others sink to the bottom Praised by social scientists business theorists and corporate leaders Give and Take opens up an approach to work interactions and productivity that is nothing short of revolutionary **Give and Take** David Read,2022-07-06 Have you ever wondered why you think the way you do about people jobs relationships and just about anything you have ever encountered Everything you have ever experienced every thought you have thought is the direct result of what you have given to it or what you have taken from it This is the capacity of our souls to give thought and to take thought concerning all that we see hear and feel in this life God has designed us in his image and in this creation he has put within us the ability to do so In this book of Give and Take we will follow the path from salvation to warfare to peace and giving of thanks as we see that God gives us much and that much is available from him for us to take for our advantage As you discover who he is as a sovereign God you will begin to measure your life based on what you give to it and what you take from it Understanding that the principles set forth in the give and take that we apply in respect forgiveness taking captive thoughts and more as seen through the examples of David Nehemiah Daniel the Apostle John as well as others is through and by his love All we give to this life and all that we take from this life is defined by this principle of give and take Every relationship every event every moment is rendered through how we give to God and how we take from God **Give and Take** Shirley Tillotson,2017-11-17 Can a book about tax history be a page turner You wouldn't think so But Give and Take is full of surprises A Canadian millionaire who embraced the new federal income tax in 1917 A socialist hero J S Woodsworth who deplored the burden of big government Most surprising of all Give and Take reveals that taxes deliver something more than armies and schools They build democracy Tillotson launches her story with the 1917 war income tax takes us through the tumultuous tax fights of the interwar years proceeds to the remaking of income taxation in the 1940s and onwards and finishes by offering a fresh angle on the fierce conflicts surrounding tax reform in the 1960s Taxes show us the power of the state and Canadians often resisted that power disproving the myth that we have always been good loyalists But Give and Take is neither a simple tale of tax rebels nor a tirade against the taxman Tillotson argues that Canadians also made real contributions to democracy when they taxed wisely and paid willingly Between Give And Take Ivan Krasner Boszormenyi-Nagy,2013-06-17 In this volume Boszormenyi Nagy and Krasner provide a comprehensive sharply focused guide to the clinical use of Contextual Therapy CT as a therapy rooted in the reality of human relationships The authors describe a far reaching trust based approach to individual freedom and interpersonal fairness that makes possible a remarkably effective system of psychotherapy Between Give and Take clearly delineates four basic dimensions of relational reality factual predeterminants human psychology communications and transactions and due consideration or merited trust It is this last dimension that is the cornerstone of CT It builds on the realm of the between that reshapes human relationships and liberates each relating person for mature living *Give and Take*: Katie Palfreyman,Tara Carpenter Estrada,Hilary Wolfley,2024-03-13 Give and Take Motherhood

and Creative Practice explores the diverse ways contemporary artists navigate the unique tensions of motherhood in all its varied stages. Becoming a mother is a life-changing event that can give mothers greater perspective, drive and inspiration for making art. But motherhood also takes time and energy from pursuing creative work. This fundamental challenge, this give and take, is explored through this book as it forefronts the art and lives of dancers, playwrights, musicians, visual artists and creative writers. The book contains thirty-three first-person narratives from practicing artists along with written analyses that place these artists' essays within the broader context of arts writing and scholarship about motherhood. The concluding section of the book includes overarching thoughts about how artist mothers can move forward despite structural inequality and cultural bias and includes a resource guide for practical support.

Give and Take in Families Julia Brannen, Gail Wilson, 2023-08-09. Originally published in 1987, now with a new preface, the focus of this book is the distribution of material resources, notably money, work, care and food, within and between households. Hitherto, social policy research had tended to roll households and families into one and consider them as private spheres which only connected with society via the male head of household, the breadwinner. Examination of resource distribution had stopped short at the door of the household. The contributors to *Give and Take in Families* open up the Black Box of the family and explore the assumption that resources are equitably distributed between household members. A dominant concern is with gender relations. Each study attempts to make women as resources in caring for other people, as providers of income, as transformers of income into goods and services visible in the household unit. Findings from nine empirical studies are presented, examining resource distribution in relation to the composition of households and the life cycles and life experiences of household members. A wide variety of household types is considered, and attention is given to households undergoing changes such as divorce and unemployment that are likely to have major implications for household structure and resources. The implications of these innovative and thought-provoking studies for social policy are considerable, with relevance to the fields of inequality and income support, the provision of care for children and the elderly, the labour market and divorce law. This book will still appeal to practising researchers and students in the social sciences, particularly women's studies.

The Give and Take of Everyday Life Bambi B. Schieffelin, 1990-06-29. In this study of language socialization among the Kaluli people of Papua New Guinea, Bambi B. Schieffelin examines the everyday speech activities between children and members of their families, linking them to other social practices and symbolic forms such as exchange systems, gender roles, sibling relationships, rituals and myths. In Kaluli society, as in many others in Papua New Guinea, reciprocity plays a primary role in social life. In families, social relationships are constituted through giving and sharing food. Children, however, are also socialized through language to refuse to share, creating a tension in daily interactions. Issues of authority, autonomy and interdependence are negotiated through these verbal exchanges. Schieffelin demonstrates how language plays a fundamental role in the production, meaning and interpretation of these activities, as it is the medium of social practice. Through the micro-analysis of social interactions

Schieffelin shows how values regarding reciprocity gender relations and language itself are indexed and socialized in everyday talk to children and how children's own ways of speaking express fundamental cultural concerns about their social relationships

The Give and Take of Sustainability Michelle Hegmon, 2017-04-24 Sustainability strives to meet the needs of the present without compromising the future but increasingly recognizes the tradeoffs among these many needs Who benefits Who bears the burden How are these difficult decisions made Are people aware of these hard choices This timely volume brings the perspectives of ethnography and archaeology to bear on these questions by examining case studies from around the world Written especially for this volume the essays by an international team of scholars offer archaeological and ethnographic examples from the southwestern United States the Maya region of Mexico Africa India and the North Atlantic among other regions Collectively they explore the benefits and consequences of growth and development the social costs of ecological sustainability and tensions between food and military security

[Summary of Adam Grant's Give and Take by Milkyway Media](#) Milkyway Media, 2018-08-30 Give and Take Why Helping Others Drives Our Success 2013 by Adam Grant is a psychological study outlining how different people give and receive within their professional relationships The book follows Grant through a 10 year sociological and psychological analysis of social reciprocity Purchase this in depth summary to learn more

Give and Take Lee Kilraine, 2018-09-18 Six Brothers Construction was built to reunite a family and heal a painful past So far it's opened to rave reviews But the youngest sibling is about to discover that the right woman can shake even a rock solid foundation Wyatt Thorne was so traumatized by his mother's abandonment he didn't speak until he was six At 26 he's still the quiet type strong and silent most comfortable with a hammer in his hand and work to do But the reassuring rhythm of his life is interrupted when his brother Beckett decides to pay forward their unused office space to a needy start up Enter Rhia Hollis flighty impulsive and outspoken everything that drives Wyatt crazy Only this time in the sexiest most irresistible way Rhia is determined to disprove her reckless party girl image by making her new company Seize the Day the premier event planning firm in Raleigh She has big dreams and the Thornes offer of a free command center is a huge help But Wyatt's gruff stubborn resistance to her presence is an annoying hindrance They're as different as night and day yet when they begin to meet in the middle the sparks fly hot Is this a case of opposites distract or the beginning of a beautiful long term project

[Give and Take](#), 2018 Give and Take Why Helping Others Drives Our Success by Adam Grant Conversation Starters Adam Grant the bestselling author of Originals gives us a revolutionary look at the reasons why our interactions with others lead to success Grants talks about how we need to stop focusing on what drives us to success individually like passion talent luck and hard work and start paying attention to how we interact with others our approach to work and our productivity The author explains what forces are behind the success of some people and the failure of others The Financial Times described Give and Take as an excellent book with profound implications that shatters the idea that people who put themselves first always achieve success Give and Take quickly reached The New York Times bestseller list

when it was published in 2014 It is also a Wall Street Journal bestseller and it was translated into 30 languages A Brief Look Inside EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER than the surface of its pages The characters and their world come alive and the characters and its world still live on Conversation Starters is peppered with questions designed to bring us beneath the surface of the page and invite us into the world that lives on These questions can be used to Create Hours of Conversation Foster a deeper understanding of the book Promote an atmosphere of discussion for groups Assist in the study of the book either individually or corporately Explore unseen realms of the book as never seen before *Wisdom on Give and Take* Tommy S. W. Wong,2023-01-23 Give and take are common human interactions But when should we give and when should we take In this book a young man Tom explores the ins and outs of give and take with Guru Harry who is spiritual but not religious This book is part of the Better Human Better World series and a sequel to *Wisdom on What is Good and What is Bad* In the conversation between Tom and Guru Harry they discuss the following deep questions 1 What are the tricks the governments and commercial companies use in giving and taking 2 What are the givings that are worth more than giving money 3 What do the masters consider when deciding whether to take or not to take May this wisdom on give and take enable you to become a better human and create a better world **Give and Take** David Read,2025-05-14

Management Consulting International Labour Office,2002 New topics covered in this edition include e business consulting consulting in knowledge management total quality management corporate governance social role and responsibility of business company transformation and renewal and public administration Autism, Play and Social Interaction Marianne Sollok Nordenhof,Lone Gammeltoft,2007-01-30 Autism Play and Social Interaction is a fully illustrated guide that explains how to help children with autism spectrum disorders engage in interactive play which is vital for the acquisition of social skills and attention to shared activities The authors explain how to set up suitably structured play environments games schedules and play routines and how to use visual aids and other props to facilitate co operative play and interaction Common children s games have been adapted to accommodate children with autism spectrum disorders and range from simple interaction such as putting in and give and take to more complex games like hide and seek sound lotto and spin the bottle as well as games that teach social behaviour such as exchanging toys and engaging with other children for play opportunities This is a practical and accessible book for parents and teachers of children with autism spectrum disorders as well as professionals working with these children What Civilization Is Not Devajit Bhuyan,2023-02-12 Civilization is in a race between education and catastrophe Let us learn the truth and spread it as far and wide as our circumstances allow For the truth is the greatest weapon we have H G Wells Whenever we speak about civilization we understand is a society characterized by the existence of the state that has developed culture language a writing system books currency banking trading etc Civilizations are additionally characterized by specialization of labour agriculture architecture infrastructure technological advancement computers internets destructive bombs and nuclear weapons The civilization that started with the

discovery of fire wheel and agriculture started to move in the path of technological development with lightning speed since last part of the 20th Century However the age old mindset of people regarding war discrimination violence destruction and killing of people on flimsy grounds has not at all changed Technology is a double edged sword making and breaking civilization since time immemorial We have seen first and second world war but we have learnt no lesson from it Only love brotherhood and toleration can save our modern civilization not technology alone This book is written during Russia Ukraine to promote brotherhood and educate fellow human beings to take care of our present civilization and save it from destruction and annihilation like old civilizations
