Full Faith and Credit: The National Debt, Taxes, Spending, and the Bankrupting of America Alan Axelrod, 2013-09-03 What is the national debt Who loses from it Who profits from it Why is it a greater threat to America than international terrorism In direct non partisan language this book follows the money and finds the answers Conservative Liberal Republican Democrat Libertarian Socialist Each has a laundry list for America on which the slow motion cataclysm of unsustainable national debt is but a lonely bullet point among dozens of others Full Faith and Credit zooms in on that point liberates it from partisan programs and political orientations expands it explores it and explains it The book examines key dimensions of our national life from a military industrial complex more menacing than even Eisenhower could have imagined to a Tower of Babel tax code that covertly translates taxes into secret subsidies With the aim of converting bystanders into informed advocates of change Full Faith and Credit is rich with eye opening data surprising case studies and you can t make this stuff up examples For every official the United States public has elected its government supports 5000 unelected employees 1 billion is the cost to destroy 16 billion in ammunition unneeded by the U S military 20 973 890 000 is the total taxpayer cost to the Treasury of gambling losses deducted by millionaires With easy to follow graphs and charts as well as 20 uproarious full color editorial cartoons drawn from the prior work of Pulitzer Prize winning artist Michael Ramirez Full Faith and Credit locates the tipping point of the 19 4 trillion and counting national debt crisis and offers ideas on how to fix it

Congressional Record United States. Congress,2010 *The Destructionists* Dana Milbank,2023-10-31 NEW YORK TIMES BEST SELLER A scalding history of twenty five years of Republican attempts to hold on to political power by any means necessary by a hugely popular Washington Post political columnist In 1994 more than 300 Republicans under the command of obstructionist and rabble rouser Congressman Newt Gingrich stood outside the U S Capitol to sign the Contract with America and put bipartisanship on notice Twenty five years later on January 6 2021 a bloodthirsty mob incited by President Trump invaded the Capitol Dana Milbank sees a clear line from the Contract with America to the coup attempt In the quarter century in between Americans have witnessed the crackup of the party of Lincoln and Reagan to its current iteration as a haven for white supremacists political violence conspiracy theories and authoritarianism Following the questionable careers of party heavyweights Newt Gingrich Karl Rove Mitch McConnell and Rudy Giuliani and those of many lesser known lowlights Millbank recounts the shocking lengths the Republican Party has gone to to maintain its grip on the American people

The American Spirit Edwin J. Feulner,Brian Tracy,2012-06-11 The United States is an exceptional place to call home thanks to the character of the American people With conviction and urgency Ed Feulner and Brian Tracy affirm our core tenets from patriotism and optimism to faith and generosity and challenge all of us to live out the timeless principles of citizenship Packed with engaging stories insightful profiles and eye opening statistics The American Spirit serves as an indispensable primer on the bedrock belief that an indomitable spirit does exist that it defines us as a people and that it must be preserved for the nation to flourish

The Last Line of Defense Ken Cuccinelli,Brian J. Gottstein,2013 The attorney general of Virginia documents his fight against the overreach of the Obama administration arguing that the goals of redistributing wealth and concentrating power in Washington are contrary to the Constitution

Liberty for All Rick Newman,2015-02-03 A lot of people complain about fading prosperity and lost opportunity without realizing they are forfeiting their own economic freedom this is a phenomenon known as the Liberty Trap

Lockdown Cultures Stella Bruzzi,Maurice Biriotti,2022-11-10 Lockdown Cultures is both a cultural response to our extraordinary times and a manifesto for the arts and humanities and their role in our post pandemic society This book offers

a unique response to the question of how the humanities commented on and were impacted by one of the dominant crises of our times the Covid 19 pandemic While the role of engineers epidemiologists and of course medics is assumed Lockdown Cultures illustrates some of the ways in which the humanities understood and analysed 2020 21 the year of lockdown and plague Though the impulse behind the book was topical underpinning the richly varied and individual essays is a lasting concern with the value of the humanities in the twenty first century Each contributor approaches this differently but there are two dominant strands how art and culture can help us understand the Covid crisis and how the value of the humanities can be demonstrated by engaging with cultural products from the past The result is a book that serves as testament to the humanities reinvigorated and reforged sense of identity from the perspective of UCL and one of the leading arts and humanities faculties in the world It bears witness to a globally impactful event while showcasing interdisciplinary thinking and examining how the pandemic has changed how we read watch write and educate More than thirty individual

contributions collectively reassert the importance of the arts and humanities for contemporary society *Ordinary Democracy* Ali Aslam, 2017 Written with and for citizens who feel overwhelmed by political and economic forces outside of their control Ordinary Democracy makes a compelling argument for the adequacy of democratic politics to address the challenges associated with neoliberalism and the growth of emergency politics It rejects cynicism about democratic citizenship by focusing on the practices of ongoing movements bridging the social detachment that has separated academic investigations of democracy and activists in the past in order to add another layer to the public philosophy produced within these movements **The Second American Revolution - first 100 days** Ric Davidge, MPA, 2016-10-10 Reestablishing the balance of power between the States who conceived articulated and fought for the Republic almost stopping its formation more than once due to concerns with federal power is not easy given the structural corruption deeply imbedded in Congress and the Washington D C culture but it can and must be done Mark Levin has identified the clarifications necessary in our Constitution that must be implemented via a Convention of States but that will not fix the problem within at least not in time This book is a detailed step by step strategy that can achieve this from within In addition the book provides specific answers to those who will object and do so loudly It also provides some keen insights into the D C culture with information few Americans know There are preconditions to this Revolution that are essential achievable and identified here Many can begin now well before the 2016 election but they must begin and we must have the commitment from enough States 26 to get these stepping stones set so that a new authentic constitutionally conservative President and a friendly Congress can achieve them in just five years It became clear at the RNC Platform Committee in 2012 that we needed something new a very specific plan an informed strategy not just more speeches not just more of the same general rhetoric we have all heard for decades You have to do the hard work and that doesn't come from behind a podium The reforms outlined in this book will achieve the rebalance and again form an even more perfect union with States in control and the federal system again limited as

prescribed in the Constitution This is an historic time a new political time and space that will determine if America as constructed by the States will again prevail *Examining the IRS's Role in Implementing and Enforcing Obamacare* United States. Congress. House. Committee on Oversight and Government Reform,2014 **The Political Primer , United States of America Congressional Record, Proceedings and Debates of the 113th Congress Second Session Volume 160 - Part 4 , Saving the Bill of Rights** Frank Miniter,2011-06-27 For most of us the Bill of Rights is sacred It enshrines defines and protects the liberties we take for granted as Americans But almost unnoticed a dedicated minority of special interests is chipping away at the Bill of Rights to the point that while the words might remain in the Constitution the rights themselves will be lost Frank Miniter New York Times bestselling author of *The Ultimate Man's Survival Guide* has seen firsthand and exposed as a journalist the relentless assaults that are stripping away our Second Amendment rights Now he reports on the broad radical offensive that targets not just our right to bear arms but all our rights including the First Amendment's guarantee of free speech and religion **Only Conservatives Are In Their Right Minds** David L. Fisher,2012-03-19 NA **Congressional Record , United States of America Congressional Record, Proceedings and Debates of the 113th Congress First Session Volume 159 - Part 13 , Race and the Obama Phenomenon** G. Reginald Daniel,Hettie V. Williams,2014-07-17 The concept of a more perfect union remains a constant theme in the political rhetoric of Barack Obama From his now historic race speech to his second victory speech delivered on November 7 2012 that striving is evident Tonight more than two hundred years after a former colony won the right to determine its own destiny the task of perfecting our union moves forward stated the forty fourth president of the United States upon securing a second term in office after a hard fought political contest Obama borrows this rhetoric from the founding documents of the United States set forth in the US Constitution and in Abraham Lincoln's Gettysburg Address How naive or realistic is Obama's vision of a more perfect American union that brings together people across racial class and political lines How can this vision of a more inclusive America be realized in a society that remains racist at its core These essays seek answers to these complicated questions by examining the 2008 and 2012 elections as well as the events of President Obama's first term Written by preeminent race scholars from multiple disciplines the volume brings together competing perspectives on race gender and the historic significance of Obama's election and reelection The president heralded in his November 2012 acceptance speech The idea that if you're willing to work hard it doesn't matter who you are or where you come from or what you look like whether you're black or white Hispanic or Asian or Native American These essayists argue the truth of that statement and assess whether America has made any progress toward that vision
