looking Dr Almona uses her proprietary Five Way Directional Model to show you how to live a happier and more purposeful life as you practice looking in the right direction for the right reasons by the Holy Spirit **Roxana** Daniel Defoe,2008-07-10

Roxana 1724 Defoe s last and darkest novel is the autobiography of a woman who has traded her virtue at first for survival and then for fame and fortune Its narrator tells the story of her own wicked life as the mistress of rich and powerful men A resourceful adventuress she is also an unforgiving analyst of her own susceptibilities who tells us of the price she pays for her successes Endowed with many seductive skills she is herself seduced by money by dreams of rank and by the illusion that she can escape her own past Unlike Defoe s other penitent anti heroes however she fails to triumph over these weaknesses The novel s drama lies not only in the heroine s vast variety of fortunes but in her attempts to understand the sometimes bitter lessons of her life as a Fortunate Mistress Defoe s achievement was to invent in Roxana a gripping story teller as well as a gripping story This edition uses the rare first edition text with a new introduction detailed notes textual history and a map ABOUT THE SERIES For over 100 years Oxford World s Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford s commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more *Glimpses of the Heaven that Lies about Us ...* T Elford Poynting,1860

Glimpses of Guruprasad Dr. Hoshang Bharucha,2018-09-25 The mystery and triumph of Glimpses of Guruprasad lies in its delay in getting published Meher Baba or the Compassionate Father is considered the greatest spiritual Master of this generation He observed silence from 10 July 1925 until He dropped His body on 31 January 1969 and His spiritual work in simplicity has endeared many from all over the world Meher Baba stayed at the palatial residence called Guruprasad at Pune where for many years He held numerous public darshans and private meetings with His followers Meher Baba took a keen interest in explaining the spiritual ethos behind His discourses ghazals and quawallis sung by His lovers as well as played the part of an intimate champion concerned with the day to day happenings of His disciples **The Christian Science Journal** ,1926

Eta 2 Oneness Robin L. Johnson,2014-08-07 Can I really practice tolerance patience kindness and love in a world full of violence anger hatred and selfishness Where is God in the middle of all of this ego madness as people seek only to manifest their personal desires What happens to my life if I don t guide it is there really a God that will step in and take control It doesn t take any effort to ponder these questions but it takes a lot of courage to pursue the answers Despite visiting more than 40 countries while living the American Dream of money and privilege the author still felt separated and isolated from God In seeking to return to the Source of all creation the author risked the loss of everything in trying to access oneness with God Take this wild and crazy journey to spiritual awakening and follow the process which has come to be known as the estimated time of arrival to oneness **Glimpses of the celestial city, and guide to the inheritance** ,1867

Exploring Our Dimensional Being Frederick R. Kipp, 2017-02-23 Throughout our lives most of us have been conditioned to view the essence of our human being and the greater realm of creation itself as somehow mysterious and unknowable In many ways it seems as if we have relegated our lives to dense matter as the central focus of our identity Exploring the possible inner or metaphysical realities can provide an orientation and detail necessary for greater understanding of ourselves and the dimensional spheres of life that connect us My lifes work has included studying the underlying structures that support all physical manifestation as well as the beings that live within and work to sustain them I believe that all inner and outer life forms and entities are dimensionally connected We are continuously interacting with them unconsciously through various levels of our being the collective consciousness of humanity our planet and the celestial bodies in the universe My experience has been that the lack of awareness of our own greater being is what hinders our ability to comprehend the universe multidimensionally In my view before entering our present dense physical forms as humans we have progressed through many developmental cycles as did our Earth solar system and universe This book documents what I have learned about the universal creative process and dimensional human evolution from our source beginnings to the present I have tried to integrate the various accounts of the scientific mythological religious and metaphysical versions of cosmology cosmogenesis and cosmogony Exploring the inner realms of possible connections between humanity Earth and the cosmos has been a complex undertaking and journey into uncharted territory My research life experiences and clairvoyant perspectives regarding the dimensionality of all life are the basis for the writing of this book
